C. C. No. 1752.

PITTSBURGH, February 8, 1904.

To the Select and Common Councils, of the City of Pittsburgh:

Your committee, appointed to investigate the Bureau of Health of the City of Pittsburgh, have made as thorough an investigation as it was possible to make, holding numerous meetings and examining those in charge of the Bureau, as well as various citizens and others, who have come in contact with the Bureau at different times.

We submit herewith a copy of the testimony as taken at the various hearings, giving the dates and names of the witnesses examined. The testimony is contradictory on almost every vital question raised, and we failed to find any particular official guilty of misconduct in office or willfully doing any particular act, which would justify the committee in charging incompetency. The situation in the City of Pittsburgh with reference to smallpox has been a very serious one, the loss of life has been great, and although money has been spent lavishly, \$544,000.00 having been expended in the Department during the year, your committee fails to find sufficient proof of lack in skill or failure in discharge of duty, which would bring about any other result.

We do find, however, that the affairs of the Department have been run in a careless manner and not sufficient attention given by the officials to safeguard and protect the interests of the people in the use of funds at the disposal of the Bureau. From the nature of the work of the Bureau, discretion is put in the Department as to the num-

ber of quarantine officers, the amount of supplies necessary to run the Department, etc., which necessitates the use of sound judgment and great care in handling of the affairs of the Department. We would recommend that the Department, through its superintendent, give more attention to the details and endeavor in every way to safeguard the City's interests, and at the same time protect those who are unfortunate in being afflicted with contagious diseases.

We believe from the testimony taken that the Controller was justified in calling the attention of Councils to the reports circulated in regard to the management of the Department and in asking for an investigation.

Respectfully submitted,

W. H. STEVENSON,

W. C. REITZ,

JOHN A. MURPHY,

Committee.

C. C. No. 1753.

Testimony taken by the Joint Committee of Councils, appointed to investigate the charges made by City Controller John B. Larkin against the Bureau of Health.

Session of the Committee held in the Public Safety Building, Pittsburgh, at 8 p. m. Monday, August 31, 1903.

Present—Messrs. Murphy, Reitz, Upperman and Chairman Stevenson.

L. S. Morrow, Assistant City Controller affirmed.

Q. (By Mr. Stevenson). Have you the cost of the handling of contagious diseases?

A. Yes, sir; for the past year, 1902, including the annex to the Municipal Hospital. The expenditures during the fiscal year 1902 were \$165,778.29. That is, until February 1, 1903, including bills that were paid in 1903, but contracted in 1902.

The witness read the following itemized statement of expenditures:

Being questioned by Mr. Reitz, the witness said:

I O. K. these bills. The Superintendent of the Bureau, Mr. Pitcairn, certified that they were correct. In the account for resident physicians \$2,400 might be subtracted from the charge against small-pox. Neither Dr. Matson nor Dr. McCandless can be properly charged to the small-pox cost.

Q. Do you know of any irregularities in these charges?

A. No, sir; or I would not have passed the bills. I do not know the charge for formaldehyde, but there was a contract for it. Dr. Matson came to the office one day and said he could do better than the contract price, and we told him to go ahead.

Being questioned by Mr. Stevenson, the witness said:

The account for whisky is \$975.84. That is on contract, I think at \$2.40 a gallon.

(Dr. Booth said: "It is \$2.90 a gallon, eight years old.")

Q. (By Mr. Murphy). Has anybody made any complaints to you about the running of the department?

A. Yes, sir; but I have not mentioned them.

Q. Could you give the names of the persons who made the complaints?

A. I would prefer not to do so, because they have not been interested in this investigation in any way.

Being further pressed by Messrs. Murphy and Upperman to give the names, the witness declined.

Q. (By Mr. Stevenson). In supplying food to quarantined houses, were the bills paid by contract?

A. No, sir. All we know is that we got bills from grocers supplying the goods to quarantined houses. The purchases were authorized by the Superintendent of the Bureau. Our Department has never put any obstacle in the road of this endeavor to fight small-pox, and we paid the bills, except one, where the

bill was away out of reason. That bill was not O. K'd by the Superintendent and we turned it down. In buying supplies so much was agreed upon for each member of a family. I believe that system was adopted in Mr. Leslie's time and is still operating.

Q. (By Mr. Reitz). Have you any means of ascertaining the fairness of the bills, as to the amount of supplies furnished?

A. No, sir; except the statement of the Superintendent, who has the certificates of the quarantine guards.

Q. (By Mr. Stevenson). How much was appropriated for quarantine guard badges?

A. It was not appropriated; it was spent. It was \$24 for chevrons to be worn on the arm, but I understand they have never been worn.

Q. (By Mr. Reitz). Have the heads of departments license to order these supplies?

A. Yes, sir; under the charter and decisions of the courts. Generally the power to purchase rests in the Director and his Superintendent.

Q. How long do they retain these bills before you get them?

A. For some time. We have not had a grocer's bill for a couple of months now.

Q. (By Mr. Stevenson). Has the pay of the quarantine guards been allowed wherever employed?

A. Yes, sir; we have put no straw in the road.

In reply to questions by members of the Committee, Superintendent G. W. Moore, of the Bureau of Health, said:

The number of quarantine guards is regulated by the number of houses under quarantine, three on each house. To-day we have 213 guards, at \$2.50 a day. Until recently we quarantined a house 10 days, where the patient was removed to the hospital. Now we only quarantine three days. But where the patient remains in the house, we quarantine from three to six weeks.

Q. (To Mr. Morrow, by Mr. Stevenson). You do not know, of your own knowledge, of any mismanagement of the bureau?

A. I do not.

John Benning sworn.

Q. What is your position in the Bureau of Health?

A. I have been disinfecting officer since 1895. For awhile I was sanitary policeman at \$75 per month. I am now getting \$2.50 per day. I was working at that salary for sixteen hours a day until last August, when they allowed me extra time.

Q. From June, 1902, until January, 1903, you averaged \$150 per month?

A. Yes, sir.

Q. During that time had you any connection with outside parties?

A. I had my own machine and could employ outside persons.

Q. When did you do that?

A. I never did any. I have my own machine, which others can use, but I have never done any outside work since I was allowed the extra time. Before that, on my own time, I did as I pleased.

Q. But since June, 1902, have you done outside work?

A. On my own time I have done as I pleased; that is, when I was on eight hours.

Q. Have you done outside work since June?

A. Only where I was ordered.

Q. Are you connected with any work outside of city business in disinfecting lines?

A. No, sir; I am not. I am working for the city for my salary, but I have my own machine, which I lend to other persons, and the city has it in use now while theirs is broken down.

Q. From June, 1902, when you became disinfecting officer and were working sixteen hours a day, and getting from \$150 to \$155 a month from the city, you worked for no outside parties?

A. No, sir; I am not working for any outside parties and have never received a dollar from outside parties or for outside work; that is, on the city's time. My own individual time, I think, is my personal business.

Q. What do you mean by your own time?

A. Well, that was when I was working eight hours.

Q. Since June, when you were employed by the city sixteen hours a day and your salary averaged \$150 to \$155 a month, you did not do any work for any parties not connected with the city or outside of the city on your own account?

A. I answer that I have not received a dollar for outside work.

Q. I ask you if you did any outside work?

A. I said I never received a dollar, and you don't think I am working for nothing.

Q. Did you or did you not do any work for outside parties?

A. I told you I did not receive a dollar and I am not working for any corporations.

Q. (By Mr. Upperman). When you were working eight hours a day, you did do such work?

A. Yes, sir; I did.

Q. But since you were working sixteen hours a day, you have not done it?

A. I never had the time to do it.

Q. You have not done it?

A. I told you I had not and I never received a dollar.

Q. Since you have been working sixteen hours a day have you done any outside work?

A. No, sir.

Q. (By Mr. Stevenson): When you

were working eight hours a day, who were you connected with?

A. I was not connected with anybody, but just as I got work to do. I used my own machine and materials.

Q. What did you pay for formaldehyde?

A. Twenty-six cents.

Q. Did you ever disinfect a house in Chartiers township?

A. Yes, sir; I did in the lower end of the West End, at the time of the camps; I think in August, on Woodville avenue.

Q. Then you were working sixteen hours a day?

A. Yes, sir; but that was inside of the city line.

Q. Did you never disinfect a stone roadhouse in Chartiers?

A. No, sir; I never did.

Q. Did you ever work in Elliott borough?

A. No, sir; I did not do any work at all there.

Q. Didn't you do work in Elliott borough before you became disinfecting officer?

A. I sent my people down there that had my machines.

Q. How many people did you employ at that time?

A. I did not employ anybody, but sent my brother-in-law down there.

Q. Is he doing that sort of work now?

A. No, sir; that was the last place he worked.

Q. Do you remember when that was?

A. No; I do not. It was a dead-head job.

Q. How much did you charge for disinfecting rooms outside of the city?

A. I don't know what the corporations charge. I never got any pay for any work of that kind.

Q. Did you never get paid for the work in Elliott borough?

A. No, sir; I did not, and never bothered my head whether anybody got paid for that job. The job was solicited from a physician. I gave the machine to my brother-in-law and let him go and do the work.

Q. Your machine has been in use since you were a disinfecting officer?

A. Yes, sir; and it has been in use at the eastern end of the city also. The machines are my personal property and I think I have a right to lend them to any person.

Q. If any revenue has been derived from the use of your machines since you have been working for 16 hours for the city, you have never received a dollar of it?

A. It could not be any satisfaction for me to stand up here and tell you I did not when I did.

Q. Do you know whether quarantine is raised on a house before or after the

report from the Bureau of Bacteriology in regard to the test?

A. That is Dr. Booth's business. When he wants a quarantine lifted he notifies me. He is my superior officer and I obey his will.

Q. Do you know of a case of small-pox occurring in a house after the house was disinfected?

A. Only one, and the man was not there long enough to contract the disease there.

Q. How are the houses supplied with groceries?

A. I used to get \$2 a day from the Charities Department and go and get the things for the houses. Afterwards they concluded they would pay the bills afterwards on vouchers. They notified me to make a contract with the groceryman to furnish each house. I would give the number of inmates to the groceryman so that he could get the order from the guard every morning. In 1902 we got out a regular order slip, which was given to the groceryman and attached to the voucher. I signed the order slip. Now we have a book system, with a book on each house. The items in the book are checked off with the grocer's itemized bill.

Q. How many disinfecting officers are there?

A. There were only two until September, myself and Fink.

Q. How about Cashmore?

A. He came on in January and looked after the outside work.

Q. (By Mr. Upperman): The stone house is located where?

A. That was the old Stone Tavern in the Thirty-fifth ward.

Q. Did you do the work there?

A. I don't know that we ever had any disinfecting work there.

Q. You never received any money for it?

A. No, sir.

Q. And you never received any money for outside work during the eight hours you were employed by the City of Pittsburgh?

A. Yes, sir; I did.

Q. But did you do any outside work during those eight hours?

A. No, sir.

Q. Any work done was done on your own time?

A. Yes, sir.

Q. Since giving the city sixteen hours a day have you done any work for outside parties?

A. No, sir.

Q. And you only lend your apparatus to other people?

A. Yes, sir. The city has been using it now for six or eight weeks. I have never been connected with any firm either. That arm business is a new one to me.

Q. Did you ever disinfect a house in Elliott borough?

A. No, sir.

Q. Are you charging the city for the use of your machine?

A. No, sir.

Q. Do you charge outside parties?

A. No, sir.

Q. (Mr. Stevenson). When did you lend it to Mr. Cashmore?

A. I think it was in May.

Q. Did you lend it to him when he was a disinfecting officer?

A. No, I think not. I would not say that John did not have them at some times, because I have kept them hanging up and I have no time to keep track of them all the time.

Q. How much did they cost you?

A. This machine cost me \$25. The average cost is \$35. Cashmore had the machine at his house until two or three weeks ago, but I can't tell when he got them. I think I lent them to him the first of May. They were hanging up at the disinfecting plant and we never had a lock on the door there.

Testimony of E. G. Matson, M. D., before the Committee of Councils appointed to investigate the Bureau of Health.

August 31, 1903.

I have been with the Bureau of Health seven years. I came here to run the Bacteriological Bureau, but at present I am resident physician. One of my duties is to see that the work of small-pox disinfection is effective. Last year we had 853 cases of small-pox. We disinfected 530 houses, including, I think, 776 rooms. That includes scarlet fever and diphtheria, of which there was very little. No charge is made by the Bureau for Disinfection. If the formaldehyde is not effective the first time, a second and even a third disinfection is ordered by me, but I do not always know personally that the orders are carried out. The disinfecting was formerly done by contract and the contractor was required to repeat the operation if it was not effective the first time. Failure on the first test occurred in about five per cent of the cases. The system of testing the disinfection work was peculiar to this city, but it has been adopted by New York.

Under the contract work we required four pounds of formaldehyde to each 1,000 cubic feet of room space. I estimate the size of an average room at 1,600 cubic feet. We have been using from three to four pounds to the room, but the quantity varies somewhat, the object being to disinfect the room successfully. Twelve hundred rooms would require about 4,000 pounds. I think the price paid for formaldehyde to Cheswright, the contractor, was 26 cents a pound. This year there was a bid of 30 cents, but no contract was let. We buy it for 17 cents. The bid on which the old contract was made was for pound bottles. Little disinfection was done at that time and we asked for it in pound bottles, but did not take it in such small

quantities. We buy it now by carboy lots. It should be bought on its chemical analysis, to avoid weakening with water. Some of that we get now is not up to full strength.

The small-pox epidemic continues about the same. Isolation and vaccination are the only methods employed to combat it. We are now attempting to accomplish isolation at a reduced expense. Where a patient was taken from the house, we formerly quarantined the house for 18 days. Where the patient remains in the house we quarantine for seven or eight weeks. About six weeks ago we made a change in the quarantine system. Where the patient is removed from the house those considered to be immune are now allowed, after some investigation, to be free of quarantine, on their parole that they will enable our officers to see them every day. If everybody in the house is of that class the quarantine is kept on the house only about two days, and the parole continues about 21 days. Those not immune are not to be allowed out at all and they must be vaccinated afresh. The object of seeing the paroles every day is that an appearance of sickness may be detected immediately, which is about two days before the eruption appears and before the disease is contagious.

I have never received any information from the officers that new cases have arisen from paroled persons. The latest outbreak, in the Seventeenth ward, is not in a district where there is any considerable number of paroled persons. New York has handled small-pox very successfully and there the house is not quarantined at all. They let everybody out, but see them every day for a certain length of time.

We can compel vaccination, except for practical difficulties. We are trying to have everybody vaccinated, taking the willing first, and will then go after the unwilling. For four years we have been following small-pox systematically. We will soon be able to cover 120,000 people, which will be all the population that will not take care of itself. We are now working as the census is taken. We go to every house, get the name of every person, and then offer to vaccinate them. If they prefer it, we permit them to go to their own physician. In six weeks we have obtained the names of 51,000 people. Of this number, 21,000 were not at home. We vaccinated a little over 7,000. A little over 10 per cent had never been vaccinated. Quite a large number must be seen a second time. We send the vaccinators back at night, because many of the absentees are working people who are not at home during the daytime. Of the absentees I presume about 12,000 have been seen and perhaps 1,000 additional vaccinations made. About five per cent of the persons seen had small-pox, and something more than half of them had been recently vaccinated. Of the 30,000 seen only 689 refused vaccination and 805 preferred their own physicians. I think there are less than 25,000 persons in this city who can take small-pox. Until we

get those people vaccinated the disease will continue. Our vaccination corps numbers about 40.

If the people ask us to defend them against small-pox, we will say that we can do it to a man; but we cannot defend the people who are doing all they can to get small-pox. Foreigners are generally safe, because they are vaccinated when the ship comes in. The disease occurs among natives who have not been vaccinated or were vaccinated long ago. The continuance of cases among the unvaccinated shows that the danger is greatly increased to those who are not vaccinated.

Whisky is used in all septic cases as a stimulant. \$9.5 spent for whisky last year would buy about 300 gallons. Last year we had about 750 patients in the hospital. I think whisky would be necessary in two-thirds of the cases. I think the quantity was large enough to give a nurse a drink, perhaps, once in a while.

I think I suggested to the Controller that a limit be placed on the daily expenditure for groceries for each quarantined person.

Superintendent G. W. Moore—We notify the grocer in each case that his bill shall not exceed 40 cents a day for each person confined in a quarantined house, which includes meat as well as groceries. The guard orders all the provisions for the family.

Mr. Reitz—Do you think the disease would be restricted more if all cases were taken to the hospital?

Witness—Yes, sir; I think it is a source of danger for persons to remain at their homes. Every defect in isolation, every evasion, counts. There is also sometimes failure of disinfection in slight degree, as you cannot disinfect an entire house.

I would like to explain how it is that we can order these supplies and incur other expenses without an appropriation in advance. A provision in an Act of Assembly of 1895 authorizes the Bureau of Health to take such measures and incur such expenses as are necessary to prevent or restrain an epidemic, and Councils are required to appropriate money for such expenses. City Attorneys Rodgers and Carnahan were consulted about the matter and they advised us to go ahead in our work, as an ordinance to appropriate the money in advance would take some time to go through Councils and the case was urgent.

Testimony taken by the Committee to investigate the Bureau of Health.

Friday, Sept. 4, 1903

Present—Messrs. Murphy, Reitz, Upperman and Chairman Stevenson.

G. W. Moore, Superintendent of the Bureau of Health, sworn.

(Summary of testimony). I was appointed Superintendent April 1. Did not visit the interior of the hospital until about six weeks after that, in connection with Director Moore and Mayor Hays. The buildings on the outside

were in a diapidated condition. I had a new roof put on the east end branch of the hospital, which was leaking. I had an addition made to the kitchen, which was too small. I had the interior washed and thoroughly cleaned. It had just come through the winter, when the windows could not be opened, and the inside was smoky and dirty. It will probably get that way again this winter. I found the bedding in good condition, with plenty of covers and linen. Many of the window blinds were down and I had blinds put on most of the windows.

On my first visit there were seventy inmates, including eight persons who were with their children who had the small-pox. Things seemed to be attended to as well as in the ordinary hospital, although the building is old.

When I took charge the plant for disinfecting the bedding and other articles that come from infected houses had been moved there from the place where the new hospital is being erected to a corner of the grounds and was not in operation. I had it repaired and it is now in good working order. The plant had been out of service for several months and during that time disinfecting was done by spraying.

I did not tell anybody I found the hospital in horrible condition, but I said the grounds were. I did not say the inmates were suffering from the sun shining on them because there were no blinds. When I took charge there was not much sun and the blinds were put up before I visited the inside of the hospital.

The grounds were in bad condition because winter was just over and the place had been torn up for foundations for the new buildings.

John B. Iarkin, City Controller, sworn.

(Summary of testimony). Complaints made to me about the Bureau of Health came from persons in the city and outside of it, but I will not give the names of my informants. I will furnish the proof. I investigated the complaints myself and many of them were confirmed. It was complained that city employees were charging for fumigating houses outside of the city. The work was done by the Pittsburg Disinfecting Company, said to be composed of Messrs. Fink, Cashmore and Benning, employees of the Bureau of Health, and another man who afterward became connected with the Bureau. One case was in New Kensington, and I secured a copy of the bill from the clerk of that borough.

The Controller presented the following:

Pittsburg, Pa., May, 1902.
(The Borough of New Kensington, Pa.)
To John Cashmore, Sanitarian, Dr.
To disinfection of 10 rooms at
at \$10.00 per room.....\$100 00
"Copy.")

This work was done while these men were on the city pay roll, and done during daylight. I understood two houses were disinfected in Elliott Borough, but

only got one bill. The other was promised to me.

The Controller presented a paid check, reading as follows:

Pittsburg, Pa., Oct. 25, 1902.
(No. 144.
West End Savings Bank.
Pay to the order of the Pittsburg Disinfecting Co. sixty-four Dollars.
Elliott Boro. Board of Health.
\$64.00.)

Indorsed on the back: "Pittsburg Disinfecting Co., John Cashmore, Pres."

The witness did not know who had actually done the work at these places. Some of the bills were written on the stationery of the Bureau of Health of Pittsburg. I was informed by the Clerk of Chartiers Township that a house had been disinfected there.

The witness presented the following copy of bill:

Pittsburg, Pa., Nov., 1902.
(Chartiers Township.
To the Pittsburg Disinfecting Co.,
2812 Bedford Ave. Dr.
To disinfecting of eight rooms at
\$8.00 per room\$64.00
"Copy.")

Witness—I did not intend to appear as a witness here. I thought my duty was discharged when I first complained to Councils and afterward addressed the Committee and gave it the facts and names of the people who would testify. I did not think it was my business either to prosecute or persecute, but I did not avoid being called as a witness. When the disease began to become bad, early last year, I made up my mind that the Municipal Hospital, after 30 years use, had become rotten and diseased, was not properly cared for, that it was a pest itself and that the pest was being disseminated from it. I demanded that the money appropriated for a new hospital be used for the purpose for which it was voted and that the old hospital be burned. I was fought by the Recorder and the Director of Public Safety and threatened to be taken into court if I still refused to furnish the money except as the people voted it. The new buildings should have been finished a year ago. I asked that the quarantine guards wear chevrons or uniforms or bear some mark of their service so that when they got into street cars or traveled about those who were afraid of the disease might avoid them. There was great complaint about quarantine guards being remiss in their attention to houses and I thought if they wore chevrons people could see whether they were attending to their duties. It was charged that they entered saloons and were sometimes drunk. The management of them seemed to be loose and disjointed. There were two administrations, one on Sixth avenue and the other at the hospital. I understood the disinfectors and others employed at the hospital were going in

and out as they pleased. As the Thirtieth ward was the hotbed of the disease, I felt there was a cause for it. There was \$124,000 available for the new hospital, its furnishing, a power house and a diphtheretic pavilion, according to the plans of the medical society and other bodies of the city. A contract was let for the hospital at something less than \$80,000, but it was proposed to use the remainder of the fund for an engine house and a machine shop for the Department of Public Safety. I refused to countersign the contract unless the money was all used as it was intended by the people, and that delayed the work on the new hospital.

We decided on 40 cents a day for food for each inmate of a quarantined house because the bills before that varied widely. We thought it would not be right to say what a person should eat, and therefore decided to let the people have whatever they desired inside of the price limit per day. Some complaints have been made that goods were not furnished as ordered. There have been no restrictions on the expenditures for the hospital. I thought too much whisky was being used and that we were not getting what we were paying for. We were paying \$2.80 per gallon, on contract with a city firm, for eight-year-old whisky. Director Moore, who was formerly a gauger, examined a barrel of the whisky and found that it was four-year-old. That barrel was not paid for.

Last April we got a bill for postage for December and January, for the Bureau of Health, two hundred dollars for the two months. I had the warrants cancelled, because we had already paid Superintendent Pitcairn's bills for postage for those two months. We finally allowed one hundred dollars on the two bills.

(A. J. Pitcairn, formerly Superintendent of the Bureau of Health, explained that the \$200 was for postage on reports sent to public, Sunday and parochial schools, which averaged at least \$3 a day.)

Witness—The disinfectors are paid by the city by the day, having 60 or 62 days a month, eight hours being a day's work. The disinfectors were not working overtime in May, 1902, when the work was done in New Kensington, but when the work was done in Elliott and Chartiers they were charging for night and day on our payroll. The city got no money for that outside work.

I think this disease is being disseminated from the old hospital. In my opinion the only way to stamp it out is to isolate the pest house strictly, put chevrons on the men, vaccinate the remaining portion of the community and then destroy the old hospital.

I have the figures on the cost of handling small-pox in Detroit, Washington and Baltimore, but the cost in Pittsburg is so much higher that I have made no analysis of the figures. I do not think \$2.50 for eight hours for a quarantine guard is too much. It is hard to get the right kind of men. We ought to have a strong man to take charge of the

hospital and see that there is rigid discipline there and among the quarantine guards. I am informed that the quarantine guards sometimes go into the houses.

Not over \$15,000 remains for the bureau this year, but we are having an ordinance prepared to transfer \$225,000 from the sinking fund.

The Bureau of Health appropriation for 1903 is about \$300,000. For 1902 it was \$187,000, and \$33,000 was transferred to it. In addition to that there were outstanding bills at the end of the fiscal year which were paid out of the appropriation for 1903. I prefer to reckon the entire cost of the Bureau of Health as now chargeable to small-pox. Of the expense of the bureau last year, \$338,000 in all, \$79,000 was for quarantine guards, \$30,000 for groceries, \$160,000 for labor, about \$3,000 for clothing, more than \$7,000 for miscellaneous expenses. In 1900 I think the entire cost of the bureau was about \$140,000.

We must now wait for the completion of the new hospital before the old one can be destroyed.

Harry Moore, Director of the Department of Public Safety, sworn.

(Summary of testimony). I was sworn in as director a few days before the 1st of April. I visited the Municipal Hospital the second or third week of April. I never saw anything like it before. I could not say much against the sanitary condition of the place outside of the appearance of the buildings. The old building seemed to be saturated as if it were inoculated, having a greasy, dirty appearance. I did not go inside until probably six weeks later. The inside was much better. It seemed to be clean and the bedding seemed to be good. The patients seemed perfectly satisfied. I talked with many of them and they said they could not be better attended to. I ordered no changes except to have a shower bath put in.

We cannot get the best men to serve as quarantine officers. The employment is very uncertain, as the number we use varies greatly. We have had only one or two complaints about the quarantine guards going into the houses. I do not think it would be wise to compel the guards to wear chevrons on the street cars. I do not think the street car company would let them on if they knew who they were. It might be well to have the men marked when they are on duty. I don't think a quarantine guard can disseminate the disease much, because he is not allowed to go into an infected house. If one goes into a house he is discharged immediately.

When I visited the hospital fully one-half of the windows did not have blinds. It was a bright day in April and a number of patients had their bed blankets tacked up against the windows. I instructed Superintendent Moore immediately to have blinds put up.

When I took charge of the department and began to look into the furnishing of supplies, I noticed that it was required that the whisky must be accom-

panied by a certificate of a gauger as to its quantity and quality, but for some time no certificate had been furnished. I had the contractor notified to furnish a certificate and a certificate was sent with the next barrel. When the barrel was empty I examined it and found that it was 4-year-old instead of 8-year-old, according to contract. I sent for the contractor and he admitted it, but said that the firm had bid too low and could not buy 8-year-old whisky for the price it was selling to the city. That barrel was not paid for. I judge the difference between 4-year-old and 8-year-old is about a dollar a gallon.

I have no special suggestions to make. I think everybody is doing his best. The doctors are bending their whole energy to this epidemic and I doubt whether Supt. Moore is sleeping much at present. There were 112 patients in the hospital this morning and 28 preparing to go out. We had 150 at one time. The buildings, such as they are, are in good condition now. On my first visit I found the old part of the hospital in terrible condition. When the new hospital is finished the old one will be burned. Work on the new building is being pushed.

I think the shortest way to stop the epidemic is to employ enough physicians to vaccinate everybody in the city. I think the young doctors do the best work. They have a lot of enthusiasm in them. Regular practitioners will not do the work. Vaccination is the only thing that will stamp out the disease.

B. A. Booth, M. D., sworn.

(Summary of testimony). I have been in the employ of the city about 20 months. At first I gave attention to some of the police work, but since small-pox became bad I have attended to it alone. I inspect every suspect that comes in, order the number of rooms to be quarantined in a house where the disease appears and order the removals to the hospital. Last year we had 853 cases. We treat every case systematically, and use a great deal of whisky as a stimulant.

The disease is more fatal now than a year ago, which is characteristic of every epidemic. Last year the first 78 cases all recovered and the 79th died. After that there were many fatalities. The death rate last year was 14.4 per cent., which was less than in other large cities that had epidemics to compare with ours. This year the death rate is 17.8 per cent. to August 14. That still compares favorably with other cities. Anything under 20 per cent. is considered a low death rate.

The witness presented the following table of statistics from various cities:

New York does not quarantine. Houses are visited daily for 21 days. Vaccinators are paid \$1,200 a year.

Cleveland quarantines for 17 days, allows 50 cents a head for food, guards are paid \$2 a day of 12 hours.

Philadelphia quarantines by police, supplies food except where patient is treated at home, pays 40 cents for each successful vaccination.

Boston does not quarantine, but keeps houses under observation for 14 days, pays vaccinators \$6 a day of six hours, spent \$14,401.03 in vaccinating last year, \$14,690.03 for vaccine virus, and in maintenance of Municipal Hospital \$60,652.55.

Last year the patients spent from 16 to 18 days in the hospital. Now the average 35 days. We are now trying the system used in New York and Boston. They do not quarantine the houses, but keep the inmates under their daily supervision for a certain length of time. In Philadelphia each physician has a vaccination district, which he goes over once a year to see that everybody is vaccinated. Philadelphia has been keeping up its vaccination and we have not

We have nearly as many cases as Philadelphia, although our population is much smaller, but Philadelphia is the best vaccinated city in the country. I think our plan now followed is a good one. We are taking a census, getting the names of all the people and whether they are vaccinated or not.

I order the disinfection of rooms and the raising of quarantine. The quarantine officers do not go into the hospital. They are guards at the houses and are ordered not to go into the houses. If they do go in there is no danger of carrying the contagion, because the patients are not left in the houses and the property is disinfected. When the disease first appears it is not contagious, for at least the first two days. It would be hard to handle the guards if they wore chevrons or other marks on them. We would have better service, however, if the men wore regular police uniforms. We got good service from a number of men relegated to us from the Police Bureau, who had uniforms. It keeps them on their good behavior and commands better respect for them.

We have a great deal of trouble with secreted cases. Some of the worst outbreaks in Lawrenceville were traced to a few cases that had been kept hidden. There are many unvaccinated people in Pittsburg. Twenty thousand new people come into Pittsburg every year, including the births. Probably 20 per cent of the new arrivals are not vaccinated. Thirty per cent of the cases are among colored people who have never been vaccinated, it is worse among colored people because they will not be vaccinated, having a superstitious prejudice against it. Last year 85 per cent of the cases were persons who had never been vaccinated. Out of 123 deaths last year there was only one vaccinated case. It is hard to get at the colored population because it is so transient. They are here to-day and somewhere else tomorrow. We must look after the quarters of the colored people repeatedly. Most of our cases are now in the Sixteenth and Seventeenth wards, which have taken the place of the Thirteenth. We have now between 30 and 40 vaccinators. We could do better if the number were increased. We now vaccinate from 300 to 400 persons a day, but the number varies greatly according to the conditions in various parts of the city.

Vaccination is the only way to prevent the spread of the disease. Last year there were 177 cases in the Thirteenth ward and we vaccinated almost 2,500 people. Yet this year we find over 3,000 in that ward who are susceptible to small-pox.

In the first three months of last year most of our small-pox cases came from the Wabash railroad camps, and it had been brought there from Norfolk, Va. Mr. Benning and I visited the camps and found all of them polluted with the disease. When they were affected they were thrown into a vile shanty to die, and the dread of that place was such that when a man got the disease if he could crawl at all he got out of the

camp. Many of the cases came to the lodging houses in this city, especially to Bradley's old lodging house on Water street, which has since been torn down. We could not disinfect that place, because it was full of holes. Other lodging houses where the disease appeared were the old Liberty Mission and Hazel's Hotel. We started to close those places, but found that we were shutting out more cases than we were shutting in. The disease was taken into the Thirteenth ward by negroes who were imported by Jones & Laughlins, and settled about Francis, Berthoud and adjoining streets.

The disease is now letting up a little. We had 94 cases last week, but will not have so many this week. The weather has nothing to do with it. In the winter the houses are overcrowded and the tramp population comes into the city. When I took charge of the hospital last January we had old bedding which had been cast out of the police stations and engine houses, but we got new bedding, and the place is now in as good condition as the old buildings will permit. I have not heard a discharged patient, whose word is worth attending to, make a complaint. The dissatisfied persons are tramps and bums. We ought to have some place where we can treat complicated cases and a few private rooms for people who are able to pay and have their own nurses. The floors of the hospital are washed with disinfectants every day. The hospital has never been overcrowded. That story was circulated by a man who was never in the place. The new building will hardly be ready until April or May.

The city does not pay our nurses enough. You cannot get good nurses for \$2.50 a day. Outside trained nurses for small-pox get \$100 a week. We have some nurses now, however, who will make good ones in a short time. They are let out of the hospital only once in 10 days. They then take a bath, wash in pure alcohol, disinfect their clothes and leave the house just as a discharged patient does.

There has been only one case of a person catching the disease near the hospital. About 100 feet from the hospital a family lived for five years where there were two unvaccinated children. Last year one of the children got the small-pox. I understand that it ran into the street and jumped on the steps of the ambulance when the driver was not watching; but it may have caught the disease in some other way. When driving through the streets the ambulance is closed, and I do not think there is danger from it.

I never needed the disinfectors when they were not at hand. I never knew them to neglect their duty. I consider all three of them very valuable men. I really could not get along without them. I think our disinfecting methods are very good. I have heard it charged that we had recurrent cases in a house in Francis street which had been disinfected, but the report arose from the fact that there are two No. 3's in Francis street. I have never been able to trace a case to any failure in disinfection, and I try

to trace all the cases to see if there is a loophole anywhere.

Pittsburgh, Pa., Sept. 9, 1903.

The Joint Committee of Councils appointed to investigate the Bureau of Health.

Present—Messrs. Murphy, Reitz, Upperman and Chairman Stevenson.

Rev. T. W. Hearn, by permission of the Committee, made the following statement without being sworn:

I have visited the hospital frequently, attending the patients there, beginning about the first week in May, 1902. I did not find the institution equipped with all modern improvements. When I went first it was very much overcrowded. Taking into consideration the amount of space and the number of patients, I found it very well kept and thought the attention given to the patients about as good as any reasonable person could expect. The outside was bleak looking, but in a good sanitary condition. I have been there probably 160 times and often when there were 145 to 150 patients. At such times it was necessary to have the beds close together, but the place was as clean as could be expected. I have been there day and night, and sometimes early in the morning things were naturally somewhat disordered over night. But it was quickly cleaned up and kept in a very good condition.

I heard rumors of complaints from outsiders, but I questioned many of the patients and all of them said they were very well treated. I never heard a complaint from any inmate either while in the hospital or after he had left it, as to the treatment. I always found the employees at their posts of duty. I do not believe blame could be attached to them in a solitary case.

I was there last on August 8. The condition of the hospital at that time was very good, and I think would surpass what it was when I first went there. Some additions have been made, which relieved the congestion. I think that, from a sanitary point of view, the hospital is as good as could be expected, considering the buildings.

Rev. S. W. McCurdy sworn.

My experience with the Board of Health and the Municipal Hospital began with the sickness of my son with small-pox, on May 1, 1903. Three days prior to that time he was taken sick at my house, 3632 Mifflin street, and I called the family physician, Dr. Heiber, of 1705 Penn avenue. On the third day he pronounced it a case of small-pox and the next morning, May 1, reported it to the Board of Health. My son was taken to the hospital and we were quarantined, officers were stationed at the house, a grocer took our orders and supplied us with food, and we received daily reports from my son through the officers. On about the fourth day my brother-in-law, Dr. John, the city physician of McKeesport, visited my son in the hospital and assured me that he was receiving the best care that could be given him.

On the second night after the quarantine was ordered the watchman for the latter part of the night failed to appear. He did not appear on the succeeding night and another man was put in his place. With that exception, the guards were constant in their attention and gentlemanly. They were never absent except when performing errands for our family. They never entered the house, but sometimes sat on a chair which we placed for them in the vestibule. Our house is in a block.

On the sixteenth day of my son's confinement Dr. Booth visited us and I gave him my history in relation to small-pox. When I was 10 years old my family had small-pox, at the head of Arch street, Allegheny. I had all the symptoms but no eruption, and I have ever since believed that I had varioloid. I have often been exposed to small-pox and never took it. The doctor then took me to the hospital, where I took off my coat and vest and put on a robe, and went in and saw my son. I made a careful examination of the hospital. I examined the general conditions, the absence of flies and other insects, the ventilation, the condition of the floor. In entering and leaving I took all the precautions I was told to take. Before I went out I changed my clothes again, and took a bath, using a pint and a half of alcohol. After that I visited the hospital daily until my son died on May 21. On the evening before, when my son knew he was going to die but was keenly in possession of all his faculties, I asked him whether he had received all the care and attention that he ought to have. He said, "Everybody has been kind to me. I could not have been treated better anywhere."

In all my experience with the Board of Health there was but one man who mistreated me, and that man was the undertaker. He tried with me what he tried in another case, to get money out of me. Howard Wyatt, a young man whose parents live in Maryland, died of small-pox in the hospital here in April, and this undertaker learned that he had a little money, \$50, in one of the banks. The father had asked me to look after his son during his sickness. After the young man died the undertaker called me up and inquired if there would be any funeral arrangements except what the city provided for. I said, no, that his parents were poor. That was the second day after death and I was surprised that the body had not yet been buried.

When my boy was dead and we began to inquire of that undertaker about the funeral arrangements he tried to find out what there would be in it. We furnished the grave and the rough box in the Methodist Preachers' lot in Allegheny Cemetery. When my friends went to the undertaker to make arrangements for the funeral he would give them no satisfaction, but said McCurdy must come to see him. We finally had the time for the funeral fixed and brother ministers and about 75 members of my congregation gathered at the grave. While we were waiting there the undertaker drove into

the cemetery, took the body and deposited it down in the valley a long way from the grave. Friends went down to have it brought up to the place where we were waiting, but he refused to move unless he was paid \$25. I understand that somebody finally made a sort of promise that he would be paid if he took the body to the right grave and he brought it up. As soon as he began to throw in the earth and the prayer was finished, in the midst of a terrific storm, we started away. The undertaker ran after us and said, "Who is going to pay me my \$25?" Captain Stephens finally said, "Rev. Macurdy is responsible." He inquired where I was and was told my address. After I got home and learned about this, I asked a friend to go to Director Moore and tell him to keep that fellow away from my house, lest he would disturb my wife, who did not know what had occurred. I have not heard of his being discharged.

Mr. Stevenson.—Do you know the name of the undertaker?

Witness.—I do not remember.

Dr. Booth.—Daniel Edwards, a colored man. We can get a white man to do the work.

Witness.—Yes, he was a colored man. I understood that he was the official undertaker for the Board of Health. My son was 18 years old. When he died I think the condition of the hospital was as good as any one could expect, but the facilities were not the best. The buildings are indifferent. I discussed the treatment of my son with my family physician, and I found that every suggestion made by Dr. Lieber had been met in the hospital.

When I sent word to Mr. Moore to keep the undertaker away from me, I said: "If he comes to the house and lets my wife know what he has done to me, I will feel like doing to him what my father did to his masters. I would feel like pumping him full of lead." Mr. Moore sent word to me not to pay the man a cent, and I never did. I was never asked for any money except by this colored man.

The two upstairs rooms in my house were disinfected twice, on the third or fourth day after the boy was taken away, and again just before the quarantine was lifted. They said that the City Bacteriologist had found some defect in the disinfection and the germs were not killed. So they repeated the operation with more care.

A. H. Leslie sworn.

(Questioned by Mr. Upperman). I was Director of the Department of Public Safety until the first of April, 1903. We had plans and specifications prepared for the new hospital, advertised for bids and let the contract some time in July or August of last year. The contract was approved by the Recorder and myself, but the Controller refused to countersign it, and the matter was held in abeyance for some months. We had mandamus proceedings brought against the Controller to show cause why he

would not countersign the contract. The case never came to a decision in court. The Controller entered into a compromise arrangement and countersigned the contract for the construction of the hospital. The contention with the Controller delayed the building of the institution possibly three months. If the contractor had proceeded immediately we could have had the building occupied by January last, or February at the latest. It might not have been complete, but it would have been in condition to save the expenditure of quite an amount of money to build additions.

Mr. Upperman.—What amount of money did you spend in the way of building additions?

Witness.—I could not say exactly, because the bills were not all audited or paid at the time I went out of office.

Mr. Larkin.—About \$8,000.

Witness.—A portion of that might have been saved. In April, 1902, Councils appropriated \$10,000 and we began the construction of a building 50x75 feet, in addition to the old structure. We spent a part of that money in cleaning and improving the old hospital. We removed the anti-toxin hospital to Tunnel street and used its building for hospital purposes. The cost of that might have been saved.

I do not think there have been any changes in the plans for the hospital as we had them drawn, but we did not include the diphtheretic pavilion originally, as there was not enough money appropriated to build it. It was a part of the compromise arrangement with the Controller that it should be built.

I never heard until after I went out of office that employees of the Bureau of Health did outside work. I know nothing of it of my own knowledge.

Mr. Upperman.—When the appropriation bill was framed last February what amount of money did you ask for to combat small-pox?

A. \$203,000, including quarantine guards, feeding the inmates of houses, disinfecting and disinfection officers, and \$40,000 for a vaccination corps. I estimated the deficiency at \$35,000 from the preceding year. The Finance Committee did not want to give anything for that purpose except to meet the deficiency, as Mr. Larkin said the Bureau of Health could go ahead and contract debts to fight the disease. They finally compromised on giving us \$50,000. Of that \$35,000 was required to meet the deficiency, so that in all they gave the city \$15,000 to fight small-pox. Small-pox was then prevalent, and my estimates were based on the existing conditions here and the statistics which I had secured of the expenses of fighting the disease in other cities. I laid these figures fully before the Committee. I do not know what they did with it afterward, but that was what they agreed on the last night I was before the Committee. I went out of office before I became familiar with the appropriations as finally fixed. I do not know what they finally got, nor does anybody else.

Mr. Stevenson—When was the contract signed for the main hospital?

A. I don't know exactly, but my recollection is that it had been signed by the Controller we would have started work not later than the first of August.

Q. When you asked for the transfer of money to the Bureau of Health was not the statement made that it would not be possible to get the hospital ready in time for the winter campaign?

A. Yes, sir; that was my belief at that time.

Q. Then you did not think it would have been possible to have the hospital completed by February?

A. I do think it could have been ready by the first of February. I made that statement about not being ready for the winter campaign early in the spring, when the ordinance had not passed for the erection of the hospital and an architect had not been employed. That influenced my judgment at that time. But it could have been ready by February for partial occupancy, enough to relieve the congested condition that was killing people.

Q. Do you remember what the appropriation was originally for the main hospital?

A. \$80,000.

Q. Why was the diphtheretic wing cut off?

A. Simply because the \$80,000 would not reach the two wings of the administration building.

Q. Was it not a fact that you were going to use a part of the appropriation originally set aside for the purpose of building a hospital, including the diphtheretic wing, for the purpose of building an engine house?

A. No, sir; it is not. You are talking about a bond issue and I am talking about an appropriation bill. No matter what is in the bond issue, it cannot be expended until the appropriation bill is passed authorizing the expenditure.

Q. What did the bond issue call for?

A. For the purchase of ground and the erection of buildings for fire purposes, for machinery for a machine shop, for the erection of the hospital and the equipment thereof. There was no specific amount for any specific thing.

Q. Was it not the original intention to build a hospital with a diphtheretic wing?

A. Certainly; that was the original plan. If it could be done for the \$80,000. That was all the Councils authorized me to expend, and that would not build the hospital with the diphtheretic ward, and therefore I cut the diphtheretic wing out.

Q. When the contention was made by the Controller did you agree to put it in?

A. His contention was that we ought to use more of that bond issue for that purpose. I said, if you will sign the contract we will put in an ordinance for a larger proportion for that purpose.

Q. Wasn't the money there?

A. Yes, sir; unexpended in the bond issue.

Q. Did you propose to him that you would build the entire hospital as originally intended?

A. No, sr. I said, Sign this contract and let us get this hospital, and then we will introduce an ordinance to build the diphtheretic pavilion. The contract for the Thirteenth ward engine house was approved by the Controller months before that. Still, there was money enough left. They let the contract for the diphtheretic pavilion, I understand, for \$17,000. That was more than we could have built it for at that time. The contractor agreed to go ahead with the whole hospital, if he would sign that contract,—that he would agree to build the diphtheretic ward, if Councils authorized it, on his original bid for the whole hospital. After fighting and keeping us back for months, the Controller agreed to do what I had originally proposed and what Mr. Kerr proposed to do.

The witness was shown two pay rolls of the Bureau of Health, for \$100.00 each, for money due to George L. Holliday, Postmaster, for postage stamps in December, 1902, and January, 1903, on which warrants had been drawn in April, 1903. He said:

The stamps were, as a rule, purchased and charged to the different bureaus and distributed from the general office. The Bureau of Health is the most expensive, after the Bureau of Police, in the matter of postage. They send out thousands of reports all over the city. I think this is no unusual expenditure. We had no running account with the postmaster. I cannot explain these particular bills.

Work on the hospital was begun immediately after the compromise, the latter part of November or December last. Then Councils passed a resolution stopping it. That was partly the reason of delay, but the original reason was the Controller's refusal to countersign the contract.

Mr. Larkin—Didn't the Thirteenth ward citizens interfere and go to the Legislature to have a bill passed to prevent the building of the hospital?

A. Yes, sir; but their opposition had stopped when we were ready to make the contract. After you refused to sign the contract they renewed their opposition, but the Thirteenth ward did not delay the building of the hospital.

Mr. Upperman—How long before the controversy took place over the construction of the small-pox hospital were all the papers signed for the building of the engine house out of a portion of the bond issue?

A. My recollection is it was more than a month before.

Q. Was any question raised as to taking the money out of that appropriation at that time?

A. No, sir.

Mr. Larkin—The terms of our compromise were that \$137,000 should be left in the hospital fund, that you should go

ahead with the \$80,000 contract for the hospital and leave the money in the fund intact for its furnishment and the diphtheritic pavilion, the whole thing to cost about \$124,000. Now, didn't you get \$265,000 for the Bureau of Health in the appropriation bill?

A. Yes, sir; for the whole Bureau, but only \$15,000 for the specific purpose of fighting small-pox. If I were the Director of the Department of Public Safety I would have set aside enough money to pay all my salaries and the fixed charges of the Bureau. I would not have used any of that to fight small-pox, but would have gone back to Councils and asked them to give us money to fight small-pox. The emergency was on you when you made the appropriation and I would have placed the responsibility where it belonged. I based my estimate on extensive information I had gathered, and the results have vindicated my judgment at that time.

Mr. Stevenson—Didn't you think the disease was on the wane last spring?

A. Yes, sir; I thought we had the disease under control, but that it would not die out this year or next year, but that we must keep on fighting it.

A. J. Pitcairn sworn.

The December and January pay rolls for postage were shown to the witness, who said:

The chief clerk of the bureau came to me in November or December and said they had no stamps, that they could not furnish them upstairs and that he would have to get an order for stamps. I told him to see Controller Morrow. He did so, and said Mr. Morrow had given him an order on the city treasurer for money to buy stamps for the bureau. The money which the Controller says I got for stamps was for cash I had furnished to the drawer in the office here to pay postage due on physicians' reports and like things. These warrants for December and January were not drawn until April because there was no money in the fund. I cannot explain to whom this money is due.

Mr. Larkin—There were three warrants for \$100.00 each, in favor of Mr. Holliday. I called on Mr. Holliday. He has no bill against the city and never had.

Witness—I think Chamberlain told Laidley, one of our clerks, that employees of the Bureau had done some disinfecting work outside of the city on the South Side of the river. I called in the men and asked them about it. My recollection is they said they had disinfecting one place. It may have been Elliott Borough. They told me they had regenerators of their own and did the work on their own time, after 5 o'clock. Chamberlain is a disinfecter who has an establishment of his own. At that time we had five men disinfecting—Benning, Cashmore, Fink, Dalzell and Cyphers. They were all then working eight hours a day. Either in June or July a couple of them, Benning and Cashmore, were on duty from 8 o'clock in the morning until 1 or 2 o'clock at night. They complained of their hours and thought they

ought to have more pay. An agreement was reached whereby they were to receive double pay.

John Benning re-called.

I never destroyed a germ before placing it in the room I was to disinfect. I did not know that it could be one, but Mr. Fondersmith told me that he had heard of such a thing. I have no connection with the Pittsburg Disinfecting Company, and did not know that it existed until I heard it here. I never received any money from it. I never did outside work on the city's time.

The check issued by Elliott Borough was shown to the witness, who said:

I never before saw the check and received no money in connection with that case.

Frank Fondersmith sworn.

I am a disinfecter employed by the Bureau of Health. George Barclay, a quarantine officer who was formerly in charge of the Municipal Hospital, told me that a test germ might be destroyed before being subject to the test. He said he saw Mr. Chamberlain put them in the black wagon and kill them before he put them in a room. Chamberlain was then contractor for city disinfection and is now doing disinfection work. The black wagon was the old hospital wagon and was air-tight. It is now used to haul bedding.

Harry Moore, Director, re-called.

I discovered only one barrel of whisky that was four years old instead of eight. It was the barrel that was delivered just before I took office. The whisky is now being furnished according to contract with a certificate for each barrel. We have had only one or two barrels since.

J. B. Larkin re-called.

I do not know of my own knowledge that the hospital is saturated with germs, but I have been told so by doctors. I do not care to give their names. I have not been at the hospital for 25 years, when I put a heater in it. Director Moore told me that the hospital was well named a pest house.

The Bureau of Health appropriation for the present year is \$265,000. I have been paying warrants out of that fund for any bills contracted by the Bureau. It makes no difference what the bills are for. I told Dr. Matson and Director Moore, time after time, that whatever money was wanted to stamp out this disease would be furnished. Director Leslie asked for about \$482,000. The Committee took the position that under the health laws it was not necessary to make an appropriation except from time to time as it was needed, and that when the appropriation ran out sufficient money would be forthcoming to give whatever would be required. There was no need to appropriate a large amount of money that could not be recalled. The Bureau has never been out of money at any time.

The postage matter has never been explained. I would like to know to whom the City of Pittsburgh owes the \$200.00.

W. R. Batt, M. D., sworn.

I am Quarantine Officer at Large for the State Board of Health. I have visited the Municipal Hospital twice, first a month ago and the second time last week. Considering the facilities, I think it well conducted. It was as clean as possible in a place of that kind. I saw no mistreatment of patients and heard no complaints from patients. My work consists in visiting all communities, seeing that the quarantine rules are observed in regard to isolation and disinfection and that each community is taking the proper precautions to combat small-pox. I have been quarantine officer only since the office was created by Act of the last Legislature.

The methods employed in Pittsburgh are those of all the best governed large cities. There are only three methods—vaccination, isolation and disinfection. I find that they are all being conducted along the accepted lines in Pittsburgh. I inquired into the methods of fumigation and disinfection, and also isolation, visited a great number of quarantined houses, examined the character of the guards and frequently consulted with Drs. Matson and Booth. I have had no reason to complain of any of them. There is a great deal of small-pox in Allegheny county, and the attention of the State Board was especially called to this county because of the great number of separate municipalities here, cities, boroughs and townships. We have been endeavoring to assist the Pittsburgh authorities by establishing a strict quarantine in the townships and boroughs, and making each community care for its own patients. I have made frequent attempts to enter quarantined houses, but have never been able to do so without being stopped by a guard.

We received prompt information from the Bureau here of any case arising in an outside community and follow up the source to see if the authorities there are doing their proper duty. This week we found a man from Beaver in a Pittsburgh saloon, who had a certificate that he had recovered, but was still in a condition to spread the contagion. We took immediate steps to see that the Beaver authorities did not permit such a thing again.

Conditions at your hospital are such as should not exist in municipal hospitals. It is unfortunate that you have not an institution properly equipped, at least with a certain number of private rooms. The result is that you are compelled to allow a certain number of cases to remain at home. Every such case must necessarily be a source of danger to the community.

Testimony taken by the Special Joint Committee of Councils to investigate charges in relation to the Bureau of Health.

September 15, 1903.

Present—Messrs. Murphy, Upperman and Chairman Stevenson.

E. S. Morrow re-called.

The postage stamp pay rolls for December, 1902, and January, 1903, were shown to the witness by Mr. Upperman, and the witness said:

Stamps on these pay rolls were never received by the Bureau of Health. The pay rolls went to the Mayor's office, where the warrants were made out and sent to us.

Mr. Upperman—Was there anything crooked about this?

A. Why, certainly not. Nobody has endeavored to deceive the Controller. The warrants are payable to George L. Holliday, Postmaster, and nobody could get the money except him. He could get them cashed only on delivering the stamps.

On February 26, 1903, we paid \$100 for postage. On March 24 Mr. Laidley, a clerk of the Bureau of Health, came to me and said they were unable to send out their reports for want of postage. I gave him a requisition for \$20 worth of postage, which was charged to the Controller's office. On December 22 they got \$100 worth of postage, and from that time to April 6, 1903, only the \$120 worth I have mentioned.

Q. They were using over \$120 worth of postage a month?

A. That is what the pay rolls came to. Q. Who paid the postage during that time?

A. I do not know, but I have an idea that they were robbing the other bureaus. One hundred dollars' worth a month has been the regular amount issued to the Bureau of Health for some years. The warrants are always made out to George L. Holliday, the receipt must come from him and the postage stamps must be delivered. Mr. Larkin refused to pay these because \$200 worth came to him at one time, in addition to the \$100 warrant for April.

Mr. Stevenson—Have you explained this to the Controller?

A. No, sir; I never talked to the Controller about it. I myself would have studied a long time before I would have allowed \$300 worth of postage stamps at one time.

Q. You considered it a fair proposition to turn them down?

A. Yes, sir; at that time, I would have done what the Controller did.

John C. Henry sworn.

The postage stamp pay rolls were shown to the witness, who said:

When I was chief clerk of the Bureau of Health my orders from the Director of the Department were to make out a pay roll every month for \$100 worth of postage stamps. The pay rolls were signed by the superintendent and the Director, and I did not know what became of them after that. Stamps were delivered to the office of the Director and we got them there for the Bureau of Health as we needed them. No stamps could have been delivered on these pay rolls. There is no credit at the post-office, and when the stamps

are received the warrants are delivered. If Mr. Larkin held up the warrant for December, I would not know it, and would make out the pay roll for January just the same.

Mr. Stevenson—How did you run the Bureau for this period without stamps?

A. If we asked the Director's office for them, Mr. John would lend the stamps to us and our Bureau would pay him back when we got ours.

T. I. Laidley, Jr., sworn.

The postage stamp pay rolls for December and January were shown to the witness, who said:

I went all through this building and could not find a two-cent stamp to send out our reports. I had borrowed stamps from all the Bureaus until they were exhausted. I then went to Mr. Morrow and told him we had no stamps. He gave me an order on the City Treasurer for \$20. At that time these two pay rolls were lying in the Controller's office.

John Cashmore sworn.

I was in the employ of the Bureau of Health about seven years. I was superintendent of the Municipal Hospital from September 1, 1902, to June 1, 1903. During that time the sanitary condition of the hospital was as good as we could make it, and the patients were well treated.

I did disinfecting work in Elliott Borough. At that time I was working eight hours a day as disinfecting officer for the city, and the work in Elliott was done in the evening, after I was through working for the city. There was no such firm as the Pittsburgh Disinfecting Company. I just used the name to get that money from Elliott Borough, and the company did not exist five minutes after I got the money. The apparatus used in the work belongs to Mr. Benning and I bought the formaldehyde with my own money.

The city ought to have a better hospital, but as far as cleanliness was concerned the old hospital could not have been kept in any better condition. I had 180 inmates at times, and the way we were crowded we could not mop the floors more than three times a week. I had all the help I could fairly accommodate.

I sent Mr. Fink to do a job for me at New Kensington, on Sunday. At that time he was a chemist in the Bureau of Health laboratory, during the week. For nine months we worked for the city until 2 or 3 o'clock in the morning without extra pay. We complained of the late hours and we were then allowed double time, 16 hours a day. We got that in July and August of last year.

While I was Superintendent of the hospital I never slept away from it. I was always careful in going in and out. One of the strictest rules I enforced was in regard to the nurses going out. They had to put their clothes in the formaldehyde box 24 hours before they went out, and change all their clothing after leaving the bath.

I do not think the patients got enough whisky. Whisky was never sent to the wards except for medicine, and never given to outsiders. It was not improperly used. It was given to the patients under the doctor's orders. I think I got about two drinks.

While I was disinfecting officer last summer I devoted my entire time to the city and did no outside work. The work at Elliott was done four or five months before we got the money. I think it was done in the spring. The address, 2612 Bedford avenue, on one of the bills, is where Mr. Fink lives. We only did work in three places, Elliott, New Kensington and Chartiers, and the job in Elliott is the only one for which I ever got pay. Mr. Benning had no connection with the work and I never divided any money with him. Mr. Fink is the only person with whom I divided money. When we did that work small-pox was bad in the city, but it was bad in the boroughs too, and we blamed the boroughs for sending a good many of their cases into the city.

Mr. Stevenson—What condition did you find the hospital in when you went there?

A. I don't care to say much about that. It was in pretty fair condition, but it could have been better. Improvements were being made and things were torn up. There were then about 76 patients, and only one bath tub for them. We increased the number of bath tubs and they put up the new wing. I got new iron beds in place of the old wooden ones, which were full of bedbugs. Also new mattresses. After I took charge I had everything I wanted or that was necessary. There was no economy practiced, and the patients had everything we thought necessary. The water pipes have been in that old building 34 years, and are in very bad condition. I could not get a plumber to do work there.

There were two barrels of four-year-old whisky delivered to the hospital that I know of. One was taken out empty and tested by Director Moore. Another was delivered, but it was sent back without being used, and eight-year-old sent in its place. Gilmore supplied the whisky. I have no acquaintance with the firm.

After I went there the two wings were added to the hospital. If it had not been for them I could not have done any better than my predecessor.

Elias J. John sworn.

The postage stamp pay rolls for December and January were shown to the witness, who said:

These pay rolls were for stamps for the Bureau of Health. During ten months of the year it requires \$100 a month for that Bureau. It does not take so much during July and August. These stamps were not received. I kept sending to the Controller's office for them, but did not get them. It is customary to make out the pay rolls before we receive the stamps. We have to pay for the stamps

in advance, and that is why the pay roll for each month is made out for the warrant before the stamps can be gotten. In these cases there was no effort to deceive the Controller. These are just as we have a ways made them out. When these pay rolls were drawn there was some money to the credit of the Bureau of Health.

Q. How did you get along without these stamps?

A. I borrowed from all the other Bureaus to cover the necessities of the Bureau of Health. I got all the stamps I could from the Bureaus of Fire and Police. In the latter part of April or the beginning of May we could not get along any longer. We must either have stamps or violate the Act of Assembly in regard to sending out reports. Director Moore, Superintendent Moore, Superintendent McTigue, of the Bureau of Police, and myself called on the Controller to explain the necessity of having these warrants for stamps. The first thing the Controller told me was that any explanation on my part would not go. He said too many stamps were being used, and he did not think they were being used right. I told him that I kept a record of all the stamps received and distributed to the Bureaus. I tried to explain, but was not given a chance. If I had been by myself I would have said more than I did, but my superior officer, the Director, was sitting opposite me and he kept shaking his head at me not to talk. At last the Controller said, "Mr. John, I don't want to lay any blame to you," but it looked as if the Controller charged some person with taking the stamps.

While these payrolls were held up, Superintendent McTigue got \$20 worth of stamps from the Controller and I had to make out a new payroll for \$100, which I would not have made if these warrants had been allowed.

The Controller, when he said he wanted no explanation from me, said he wanted to talk to Director Moore. The Controller said, "There are three \$100 payrolls for stamps here." After he agreed to give us \$100 I told Mr. Morrow of it, and asked how many payrolls were there. He said two; that there were three, but early in the month he gave me one of the payrolls. In that one month's time we got \$240 for stamps, but the extra warrant for \$100, the \$20 got by Mr. Laidley and the \$20 got by Superintendent McTigue would not have been needed if the two \$100 warrants for December and January had been allowed. The difference of \$60 I partly made up by borrowing from the other bureaus for the Bureau of Health.

Robert L. Taylor, M. D., sworn as a volunteer witness:

I was City Physician from 1896 to October, 1901. Mr. Barclay is reported in the newspapers to have given information that, during my administration, Mr. Chamberlain killed his cultures in the wagon and not in the room. Barclay was here this evening, but he has mysteriously left, and I want him to be

called to refute that. I would like you to look up our record and find how many cases of small-pox we had from bad disinfection. With one exception not a case of infection occurred after we got hold of a case. Three-fourths of our infection came from the outside of the city. In October, 1901, when I left the city service, there had not been any small-pox, I think, for a month or two, and there was no case after I left for one or two months. Since that time it has become steadily worse. It is true that it is now prevalent all over the country, but it was at that time also.

Some of the papers have said that Controller Larkin has been getting his information from me. I met him once and talked to him only a few minutes. He asked me if I considered whisky necessary in all cases. I told him no. I thought it was in from eight to ten per cent of the cases. He asked me if I used it during the whole period of sickness and I told him no.

Mr. Upperman—Do you charge that small-pox is now prevalent because this Bureau has not the ability to handle it?

A. That might be an opinion.

Q. Could you have prevented the present condition of affairs had you remained City Physician?

A. That would be an opinion. I know that during four years we stopped it at least twenty times.

Q. Do you think that small-pox is more prevalent now than it should be?

A. No, sir; I do not say that.

Q. To what do you attribute the present epidemic?

A. That is a matter of opinion. I can give you my opinion, based on certain facts. Last winter I treated a man named Riley, on Webster avenue, for small-pox. He was taken to the hospital. While there he heard that his wife was taken sick. Either Mrs. Riley or George Barclay told me that he sent word to his wife for "God's sake" not to go to the hospital. Riley's brother-in-law, Jones, and his wife lived in the same house, and Jones and his wife were permitted to leave the house and go to Mrs. Jones' mother's, on another street. About ten days or two weeks afterward I was called to treat Mrs. Jones for small-pox. Barclay, who was quarantine officer at the Riley house, told me that when the doctor of the Health Bureau was told that Jones and his wife had gone away he said they could go to hell if they wanted to.

Last month I treated a case at U Crescent street. The upper part of the house was not quarantined, although the man living up there was a brother-in-law of the sick man, and the two families were going to and fro frequently. The man living upstairs was not vaccinated. Ten days later he got the small-pox and is now in the hospital.

I had a case of a child on Bedford avenue. A number of men living in a shanty in the rear of the house were not vaccinated and two or three of them got the small-pox.

I had a case in a Davis family at 708 North Atlantic avenue, which I reported to the Bureau on a Friday evening. A quarantine guard was sent, but no provisions were supplied. On Saturday I telephoned for somebody to supply provisions. Late that night a lieutenant visited the house. He told Mrs. Davis that she had no business to have her husband in the house, that he ought to go to the hospital, and that the city would not furnish them with provisions. She said she must have something over Sunday. He said, "If you have the money, you will get it. She took money from that small-pox house, gave it to him and he went to the grocery and bought provisions. They had no way of disinfecting the money in the house.

I never change my clothes after leaving a small-pox house. The city physicians don't do it. I take negative precautions, not to handle or touch anything in the house. I only received money in a small-pox house once. Then I wrapped it in a piece of paper, put it in my pocket and disinfected it when I reached my office.

Q. Do you ride on the street cars after visiting a small-pox patient without changing our clothing?

A. Certainly I do. Just as the city physicians do. I was at the Municipal Hospital once and came out with Dr. Dickey. He did not change his clothing and got on a street car with me.

Edward S. Dickey, M. D., sworn.

When I went to the hospital to take charge I took an old suit of clothes, which I wear in the hospital. I always change my clothes in going in or out. That is the rule there, which is rigidly enforced. When I went out with Dr. Taylor I did change my clothes, and no attendant goes out without changing his clothes and disinfecting.

Dr. Taylor—In November, when I went through the institution with you and we came out together, you took off your gown and put on your coat and went to the street car with me without any other change.

A. No, sir; I don't think I did anything of the kind.

Dr. Taylor—Where did you change your clothing?

A. In the small building there.

Thomas F. Moore, M. D., sworn.

All the physicians who visit the hospital change their clothes. I know that Dr. Dickey has an old suit which he wears there.

Simon. Seegman, M. D., sworn.

Dr. Dickey keeps an old suit at the hospital and always changes when he leaves. When I go to visit the hospital I always change my clothes, and before leaving wash my hands, face, hair and all over with alcohol.

In regard to the case at 33 Crescent street, Dr. Booth was away and I attended to it. Dr. Taylor told me that the family where the man was sick and

the family upstairs were practically one family. It was a tenement house with four or five families. In a tenement we never quarantine the other apartments unless the people in them have to go through the room where the sickness occurred. The sick man in this case was in the basement and we stationed a guard at the top of the stairs. I do not think any communication was possible with the people upstairs. I vaccinated everybody that I found in the house. Mr. Stewart, the man that he refers to, was working and I could not get him. We did not find him at all until we found him sick in bed with the small-pox.

The Committee adjourned until Tuesday, September 22, at 8 P. M.

Testimony taken by the Special Joint Committee of Councils appointed to investigate the Bureau of Health.

September 22, 1903.

Present—Messrs. Murphy, Reitz, Upperman and Chairman Stevenson.

Samuel Fink sworn.

I have been in the city employ since January 15, 1895, first as messenger, later as janitor, assistant chemist, and quarantine officer. I was quarantine officer and disinfecting officer at the same time from June 1, 1902, to January, 1903. My salary was \$2.50 for a day of eight hours, but I was working double time. During that time I did no disinfecting outside of the city. While I was assistant chemist I helped with two or three jobs. In May, 1902, I think, I worked in two houses in New Kensington and one house in Elliott Borough.

I do not belong to any disinfecting company. Last November I lived at 2812 Bedford avenue. I dictated the bill of the Pittsburgh Disinfecting Company to Chartiers Borough and it was made out in this office. The name of the Pittsburgh Disinfecting Company was used simply to collect those bills. Mr. Cashmore and I were the company. We collected on only one job—Elliott Borough. We used Mr. Benning's machines, but I never paid him any money for them. I understood he was to be paid. Mr. Cashmore and I equally divided the money from Elliott. The outside work we did in May was done in the evening, after 5 o'clock. I did one New Kensington job on Sunday morning, reported for work here at 5 o'clock and worked for the city until the next morning. I understood we got our formaldehyde from Mr. McNally, a druggist of the Thirteenth ward. In New Kensington we did eight rooms one day and two rooms another day. Dr. Patton is the only man I knew in connection with that work. We could not get any money because they said the town was bankrupt.

When I was assistant chemist I was detailed as quarantine officer and worked 16 hours a day much of the time, but got paid only \$2.50 a day. We gave the extra time to Dr. Booth, who asked to do it.

George M. Barclay sworn.

I was superintendent of the Municipal Hospital two years and four months. I

also drove the ambulance. My duties covered everything connected with the hospital, nursing the patients, mopping the floors, carrying the meals and so on. The doctors had charge of the treatment. For a year and eleven months we were in quarantine all the time in the hospital, when we had cases. We were not allowed out of the hospital at all. Afterward we were allowed out if we disinfected our clothing, and when we did that the smell of the formaldehyde was so strong that we had to use a bottle of cologne to kill it. All the doctors ever did was to put on a gown when they came in and take it off before they went out. After they went through the wards they washed their hands with alcohol and went out.

Q. Didn't they change their trousers?

A. No, sir. When I went there first Dr. Taylor was attendant, and then Dr. Booth took charge. There were not very many deaths when Dr. Taylor was in charge.

Q. Was whisky used in the treatment?

A. In severe cases we used whisky, but not much. We got it then by the two-gallon jug. The last three or four months I was there we got a barrel delivered at the Public Safety building and then got a 5-gallon jug. We never had a barrel in the hospital. Cashmore thought it would never do to have a barrel there. I suppose he was afraid I would drink it; but as soon as he took charge he had a barrel of whisky there.

Q. Who had charge of the ambulance?

A. I had. My father-in-law made his home with me and he took care of the horses for over a year. I paid him for that out of my own pocket.

Q. Were you ever refused anything by the Department that you asked for?

A. I came to Leslie one day for a wash woman. He says: "Can't you get one of those colored women for a dollar a day?" I told him I could not. I was continually after help. I did not have enough help, and there was no resident physician at the hospital. I was called up at all hours of the night to go after cases of small-pox. At times I had as high as 135 patients and quarantined persons. There was no effort to get a resident physician, as far as I know. I said I thought one was necessary.

Q. Who attended to the fumigation of houses at that time?

A. That was looked after by Benning, Fink and Cashmore. Dr. Taylor instructed them to fumigate all the rooms the patient had been in. I had nothing to do with it until after the contract was taken from Chamberlain.

Q. What was done with the clothes of persons taken to the hospital?

A. What could be worn by the help and nurses was given to them, and those not fit for anything were destroyed.

Q. Were any clothes ever sent away from there?

A. Not to my knowledge, unless somebody slipped them over the fence.

Q. What kind of clothing was furnished to convalescents when they went out?

A. A complete outfit, socks, underwear, top suit, coat, vest, pants, hat and shoes.

Q. What did you do with the cast-off bedding?

A. For three or four months bedding from the houses was burned if it could not be used in the hospital. What was good was not burned. We could not get any new stuff at that time. I do not know why. The excuse was, "We are short of money; get along the best you can." That was in 1902.

Q. What was the sanitary condition of the building when you were there; was it whitewashed?

A. No, sir; it was not; but it should have been.

Q. Did you say anything about it?

A. Yes, sir; but I could not get anybody to do it. Nobody would go in to do it, and they would not pay the convalescent patients to do it, and I had enough to do. I had to whitewash the stable myself.

Q. Were the employees allowed to go in and out as they pleased?

A. No, sir; just at the last few months Dr. Booth got us permission to go out. Before we got that permission my grandmother died in the city and I could not get out to see her. The other help did not go out at all. Then my wife and I got one day a week and the other help took one day off in turn. That is, if there were eleven of them, each one took a day off every eleven days. Dr. Taylor would not leave us out because he said it was not safe. For ten and a half months my wife never went out of the gate.

Q. Did you have a horse and buggy?

A. I had an old buggy and a crippled horse that I could use. I never used it except to come to this building and get an order for medicine. Mr. Cashmore, who succeeded me, had a horse and buggy. He had a "Beaut." I left in the last of August and he took charge September 1st, 1902.

Q. Do you think the spread of the disease is due to people going in and out of the hospital?

A. When I was there first nobody went in and out except the doctors. I know there was no danger when we went out, because we could not get in a car with people. The formaldehyde was too strong on our clothing; we would be crying all the time we were out. We had to put our clothing in a wagon and seal it up, put in four pounds of formaldehyde gas and leave it there six hours. Cashmore and Benning were the principal cause of that.

Q. Do you think the doctors spread the disease when they go out?

A. It stands to reason if a man goes inside that hospital, and goes from bed to bed, his feet will naturally come in contact with the scabs on the floor, and there are plenty of them. It is not safe

for him to go out of that hospital with the same shoes on. I never saw a pair of shoes changed there. The floor was scrubbed once a week when I was there.

Q. Did you make a statement that some time the culture was killed in a wagon?

A. That was a misunderstanding. I said that the disinfection was done entirely, different from when it was under contract with Mr. Chamberlain; that the cultures had to be killed before Chamberlain got paid for his work; that when the cultures were put in a wagon a suit of clothes had to be put in with them. Chamberlain never knew anything about the black wagon. He had his own wagons. We didn't use the black wagon for disinfecting work until after Chamberlain quit work. I never heard that anybody used the black wagon for killing cultures. I never made such a statement.

Mr. Upperman—Do you know the percentage of deaths when Dr. Taylor had charge of the hospital?

A. There were not very many. I think Dr. Taylor lost about six or seven cases in about five years. We had as high as 28 and 30 and 35 cases at a time. Small-pox was not so prevalent, but some of the cases were just as bad as they are now. We didn't have so many cases because he kept it down.

Q. How?

A. By his vaccination. He vaccinated every person in a house when he discovered a case. That is not done now.

Q. How do you know?

A. I know by sitting around the houses with the quarantine guards. I have sat around a house four or five days and there has been no physician there to vaccinate. The city physician diagnosed the case, the patient was removed, and nobody came to vaccinate. Dr. Taylor always vaccinated everybody before he left the house. I am positive that under the present system that is not done when the case is discovered. When they take a case from a house now that house may wait for four or five hours before a quarantine guard is put on it. That gives the people a chance to escape. I reported that on two or three occasions. We report to the lieutenant. I know that people escaped from houses because they were not there when the officers went after them. I can recall three cases where the people were not vaccinated for four days after the case was discovered.

One was at 324 North St. Clair street, where there were 20 or more boarders. A man ate at the same table with the others, with the eruption on his face. He was discovered on the street with small-pox. The people in the house telephoned to the bureau for a physician to vaccinate them. I was guard on the house. They waited four days and then sent for their own physician in the East End. On the fifth day Dr. Moore came out and said they were so busy they could not get out sooner. One girl in the house had never been vaccinated.

In a colored family at 1304 Webster avenue a man had small-pox. The house was quarantined four days, and then paroled, without a physician being there to see whether the people exposed were vaccinated or not. That was a couple of months ago. I was watching the house and the people wanted to be vaccinated.

I had from 18 to 100 patients in the hospital during 1901 and 1902. In all the time I was there we were without cases only three months. When we had 70 cases my wife had to do the cooking. They would not give us a cook. We had two washwomen. My sister-in-law acted as a nurse. Including my wife, father-in-law and myself, there were 13 or 14 of us.

I say if they had the right treatment in that hospital the mortality would be reduced one-half.

Q. What is the right treatment?

A. That is for the doctors.

Q. How do you know anything about the treatment?

A. I handled the doctors' medicine. I know what the medicines will do.

Q. Have you had a medical education?

A. No, sir; I never attended a medical college and have no knowledge of medicine.

Q. What are the principal remedies for small-pox?

A. That is for the doctors. I don't say that these people are not getting the proper treatment. I don't know what they are giving them there, but I know what Dr. Taylor did. After he left there the treatment was changed. When I had a severe case I generally used Dr. Taylor's medicine.

Q. Then you violated orders?

A. I had no orders.

Q. Didn't Dr. Booth leave medicine there?

A. Very little. I gave them what I thought would do them best. When I wanted a physician there was none there.

Q. Why do you believe Dr. Taylor's treatment is better?

A. I believe it from the number of cases he pulls through.

Q. And you say that after he left the hospital you sometimes gave his medicine, although other medicine was prescribed for the patients?

A. I gave what Dr. Booth ordered, but I gave Dr. Taylor's medicine with it.

Q. Then you double-dosed the patients?

A. I pulled them through, too.

Q. Why did you leave the hospital?

A. I left to make room for another man. One day I had been out all day and when I came home I had a little bit under my belt. My wife said Dr. Booth had been there raising the devil, because I was not there. He had four or five cases for me to go after. I called him up by telephone and asked him where the cases were, and he said he hadn't seen them yet. We had a few words over

the telephone, and the result of it was that I told him I had worked before I had seen the hospital, and could work again.

Q. You were intoxicated, were you not?

A. No, sir; I was not intoxicated. I don't call a man intoxicated until he goes down on his back and tries to pull the clouds over him. I always had my beer at the hospital. On a warm day I might get away with four or five pints. I did not drink any of the hospital whisky. I am not a whisky drinker.

Dr. Booth—On the day we had the talk over the telephone, do you know who it was that told me about you?

A. No, sir; I did not bother about who it was. I went and brought the cases in that you told me about.

Dr. Booth—You didn't know that your wife had telephoned here and complained about you herself?

A. Very well. Didn't I acknowledge that I was full? I had a little more than I ought to had.

Dr. R. L. Taylor asked the witness to tell about the Reilly case, and the witness said:

Mrs. Reilly and her sister, Mrs. Jones, occupied the second and third floors of a house on Webster avenue near Granville street. When Dr. Fox said that Mr. Reilly had small-pox, Mr. and Mrs. Jones had been attending Reilly. Then the Joneses lit out. I was at the house 42 hours without getting relief. Afterward I found out where the Joneses were and thought they ought to be vaccinated. I came to the Bureau of Health and told Dr. Booth where the Joneses were stopping. He said, "Let them go to hell and get the small-pox if they want to run off." Mrs. Jones got the small-pox. This was last year.

Q. Do you know of any cases where the people were not vaccinated at all?

A. When I was parole officer on Comromise alley there was a boy 16 years old who was never vaccinated. He was kept in the house. I reported that here. Perhaps five weeks ago. As soon as a doctor leaves a house and the people find out there is small-pox there, nobody will stay in the house. I think the physicians ought to take guards with them.

Q. You say that after Dr. Taylor left the city's service you sometimes gave his medicine as well as Dr. Booth's?

A. I only gave Dr. Taylor's medicine in critical cases. If I tried Dr. Booth's treatment and found it didn't do any good, then I used Dr. Taylor's.

Q. Against Dr. Booth's orders?

A. Certainly. Dr. Booth asked me what Dr. Taylor's treatment was, and I said I didn't know.

Q. Do you know any other manner of handling the disease which has been changed?

A. When Dr. Taylor was in charge the clothes of all persons who had come into contact with the sick person were disinfected, and that is not done now. At 3022 Preble street there was a white wo-

man married to a negro and the man took the small-pox. I got to the house about 15 minutes after the ambulance to take him to the hospital. There was only room for the two people in the house. The woman did not change the wrapper she wore after her husband was taken away, when she had her arms around him. Next day the disinfectors came. The man had been in the kitchen as much as in the bedroom. The bedroom was disinfected, but nothing was done to the kitchen. The house was paroled next day and the woman allowed to go on the street in the same clothes she had been loving her husband with. I was guard on the house. I did not report that case and I did not think it my duty to do so. I don't know why I didn't do it.

Q. What are your orders in regard to going into the houses?

A. To stay out. In the Reilly case I had to go in with the disinfectors to help him up with his lamps. He asked me to help him to seal the rooms. I violated orders in that case. I have not been in a house within a month. In the Reilly case the water froze in the bath room and I went into the bath room and thawed the pipes for Mrs. Reilly, while she had her doors closed.

In the Reilly case the sick children were kept in the house. The woman wore the same clothes every day, and she had to go out to the closet. They didn't disinfect her clothing.

I told Mr. Larkin the same as I have said here to-night, that if they had the proper treatment up there, there would not be so many deaths. I have talked with him about three times.

Dr. Booth—When was the Webster avenue case?

A. I think it was in February.

Q. How did the family get out?

A. They got out before the guards were put on.

Q. Do you know whether there was ever any attempt to get them?

A. If you made any attempt to get them, you could have got them over at the Hall Pump Works, the other end of the bridge.

Dr. Booth, M. D., re-called.

Mr. Upperman—Is it true, as stated by Mr. Barclay, that you made the remark about the Reilly's going to hell if they wanted to?

A. That is absolutely untrue. I never talked to Mr. Barclay in this building about that house. We made all efforts to get those people, and he never told me that the man worked for the Hall Pump Works, or anybody else.

When I was at the hospital I told Barclay what routine treatment I wanted followed. I do not remember asking him about Dr. Taylor's treatment. I might have referred to it. In the giving of two sets of medicine, the treatments might have contained drugs of the same kind and might have caused death. I sometimes put convalescent patients on as nurses. We were short of nurses

because we did not have the quarters for them to sleep in and not because Mr. Leslie would not give them to us. A resident physician was asked for in June, 1902, but we did not get him until October.

My rule was to vaccinate all the people as soon as I got a case. As the disease grew worse I did not have time to look after all the cases myself. It takes time to vaccinate people. Sometimes we have to argue with them for half an hour. In such a case I sent two vaccinators to follow me up the next day. I don't know of any cases where it was four or five days. In the St. Clair street case I got the man on the street corner. I remember the people at the house telephoning that they would have their own physician. I did not visit the house because I found the man on the street and stayed with him until the ambulance came. I never heard any complaint from that house. I have too many cases to spend an hour and a half or two hours at a house. The vaccinators do their work without my telling them.

I took charge of the small-pox work in January, 1902, and the first death was in May. We had no hemorrhagic cases until June. The last two years we rarely got a case where there had been vaccination. Now a vaccination over ten years old does not affect them at all, except to make it milder. We have quite a number of cases where the people have been vaccinated within ten years—quite mild cases.

Barclay was a busy man and I did not find much fault with him until we had that squabble. He understood a great deal about drugs. We had no resident physician, and he had to do the best he could under the circumstances. If I was not there and an emergency arose, he had to do the best he could. If he changed the treatment I think he should have told me the next day what had been done. I did not expect him to change any treatment radically.

We only parole cases where everybody in the house has been vaccinated at least once and is willing to be vaccinated again, and where we get the case early. I have not been able to trace a single case to this new system, which has been in force since about August 1st. Philadelphia has started the system since September 1st. It has been in use in Boston and New York for a long time, and Boston has not a case now. New York has few cases.

E. C. Chamberlain sworn.

My business is disinfection, sterilizing and deodorizing. I had charge of the city disinfection from June, 1899, to June, 1901. My methods are suppositionally the same as are being used now. We used formaldehyde gases. I disinfected the number of rooms ordered by Superintendent Gray or Dr. Taylor. Under the contract I had no order for a whole residence, but sometimes I had private orders from the owners of buildings to sterilize the entire building. At the time I took charge the general rule was to disinfect only one room. We

handled scarlet fever and diphtheria as well as small-pox.

I never heard about killing a culture in a wagon except as recent gossip. My infected wagon was air-tight. If it was used only for scarlet fever or diphtheria it was regularly disinfected every Saturday night. Of course, we made tests to learn what was necessary to disinfect that wagon. Machines were running on it every Saturday. In case of small-pox we disinfected the wagon at once before using it on other cases. That is the only basis I can see for that gossip. I hardly deem it necessary to say that I did not find it necessary to handle my tests that way. There is a physical fact that would make it impossible to kill cultures in the wagon. You would have to have your test in the wagon over night, and we never had tests over night in our possession. I met Superintendent Gray here every morning at 9 o'clock, got the tests and they were taken direct from the laboratory to the rooms to be disinfected. I kept from four to twelve men going, and it has been a puzzle to me how two men, even working 16 hours a day, can cover the work in this city. Dr. Matson has the severest test and the safest I have ever worked on. I do not think one could be killed in a wagon without showing indications on the test itself that it had been tampered with. The test must be returned to the laboratory without showing any indications of tampering, such as discoloration, moisture or otherwise.

Pittsburgh, Sept. 30, 1903.

Committee on Health Investigation.

Present: Messrs. Upperman, Reitz, Murphy and Chairman Stevenson.

MR. LARKIN EXAMINED.

Q. We had a conversation in regard to the fixing up and repairing of the municipal hospital—do you remember what caused that conversation?

A. Mr. Moore, who had been up at the hospital, came to see me to tell me the condition of affairs, and asked me if I would pay certain bills. He said the condition of the building was horrible, and needed repairing and repainting; there were no blinds on the windows to protect the people when dressing, and the whole building needed a thorough cleaning. I said I would not refuse to pay any bill, nor did not refuse to do so, and to do everything necessary to make it decent and respectable.

Q. Did you pay the warrants for that?

A. Yes, sir; I paid all the bills sent to me.

Q. Did anybody ever say that to you before about the hospital?

A. No, sir.

Q. You were present at the meeting of the sub-committee of the Finance Committee on appropriations?

A. Yes.

Q. Do you remember the amount of money appropriated for that bureau and why it was appropriated?

A. The amounts, I believe, were about \$250,000 or \$265,000, and the amounts asked for, I think, were \$400,000 or \$500,000. It was generally discussed. The understanding was that the State made provision that appropriation could be made for sanitary purposes at any time, and assurance was given by myself and members of the committee that the bureau would be taken care of. It wasn't fair to expect this epidemic would continue, as the Director said it was on the wane. If this money didn't carry it through, they could get whatever money they wanted. They had assurance that whatever money they wanted would be forthcoming, as the law requires it.

Q. Did you ever question any bills that came to you for approval?

A. The character of the bills—I think not.

Q. You didn't refuse to pay bills for the Bureau of Health?

A. I have no recollection, except that bill for stamps, that was about all; and that was asked for after the use for which it was intended had passed. The amount was \$300, I believe. Mr. John undertook to explain it. He and I didn't hit it very well about bills, and I didn't think he explained the matter to me satisfactorily, and I told him so. He admitted that the time had passed when it was necessary to use the postage. The warrant was for \$300. I asked him if he couldn't get along with \$100, and he said he thought he could. I wasn't able to see what he wanted with the other \$200. In other words, he could get along without the stamps, as they had no use for them, and I wasn't going to countersign the warrants. I have found nobody who wanted the money.

Q. Has the Department asked for more money lately?

A. Yes, sir. I notified Mr. Moore when I found the appropriation was running short. The epidemic continued, and I knew it had to be got rid of, as it was an affliction generally amongst the poor people. The money wasn't a consideration. They could use all the money necessary, but use it properly.

Q. You say that they got along nicely after you refused to countersign warrants for postage stamps; did not your Assistant give this department an order on the treasurer for \$20 with which to get stamps; why did you give this order?

A. I can't tell you, but there is a great deal of difference between \$20 and \$300.

Q. Is it a fact that they had no postage at all when you refused to countersign the warrants?

A. They didn't reach me until along in February or March.

Q. You refused to countersign them, and they had to go to your office and get an order for cash?

A. It was the proper place to come. They always came there.

Q. Had you countersigned those warrants, they would have got postage, and there would have been no trouble about postage?

A. I can't say.

Q. You know there was trouble?

A. I don't know, except I refused to sign the warrants.

Q. You afterwards gave \$20 to pay postage?

A. Mr. Morrow gave someone an order for \$20. Why did they want \$300 worth when they didn't get them, and got along without them?

Q. Didn't you state that the postage had been gotten, and you were waiting for the man to come to receive his pay for it?

A. I think not.

Q. That warrant was made payable to the order of George Holliday, Postmaster, and had received the approval of the Mayor?

A. Yes, sir.

Q. How did this postage ever get into the Bureau?

A. They never got it.

Q. You were to pay for the postage if the Postmaster came after the money?

A. Certainly not; he does not do business that way. These three warrants came to me together. We were not paying for things this way, and had no money to pay out this way.

Q. When you refused to countersign, that was an end to that?

A. They claimed they wanted to pay for back postage. Mr. Holliday don't trust for postage stamps.

Q. Doesn't Mr. Holliday's clerk take that warrant for property received, and somebody receipts the pay-roll and gets the warrants?

A. How could they, when they never delivered the postage? It was not got, nor was it used, either. There is a number of bureaus in this department (and I am entirely satisfied with this testimony), and they got from other bureaus a sufficient amount to use. No bureau had a right to postage it couldn't use; \$180 was saved in this way in three or four months.

Q. Was there any saving in those three or four months—didn't you draw a warrant to take the place of those?

A. No, sir. One warrant was paid. That was all; and that was in April. Those three warrants were drawn for postage they didn't need.

Q. It was proved they did. Didn't they get \$40 in cash—\$20 for Bureau of Health and \$20 for Bureau of Police?

A. I don't know what they got.

Q. The Superintendent of Police got \$20, and they got another warrant in place of those you refused to pay?

A. No, sir, they did not.

Q. Your Assistant testified so?

A. There were three warrants at that time. I asked Mr. John if one would do, and he thought it would.

Q. Mr. John testified he went to Mr. Morrow and asked him to countersign the warrants, and he said he would have to draw up a new one, as those were cancelled?

A. I think the testimony will not hear you out in that.

Q. Could any person get stamps without you countersigning warrants?

A. Not unless they had the money. They didn't need the stamps, as they got along without them.

Q. Did you make inquiry as to whether they had stamps enough?

A. I read the testimony of Mr. John. They borrowed from one bureau to another, and got an order for \$20. We don't handle money.

Q. You gave them an order for \$20, and the Superintendent of Police also got an order for stamps?

A. It amounted to a saving of \$180, by not countersigning those warrants.

Q. There was one warrant issued to take the place of one of those?

A. There was not.

Q. Your Assistant said there was?

A. They had three warrants, and I asked if one would do. Mr. John said he thought he could get along with one. These two pay-rolls are for December and January, and were not made out until April.

Q. Between first of January and April; in those three months, they got \$120?

A. I don't remember.

Q. They got a warrant and \$20 in cash?

A. Yes, sir.

Q. This money was to buy postage to pay back postage borrowed from the other bureaus?

A. I couldn't see the use of paying for stamps when they had already got them. They needed \$100 and I gave them that warrant.

Q. It was for the purpose of paying back postage?

A. Yes, sir.

Q. It was for the purpose of paying stamps to pay back stamps borrowed from other bureaus?

A. If they had postage to loan, they didn't need it, and they didn't get it.

Q. Do I understand this requisition was made out for the purpose of paying back stamps used in other departments?

A. I couldn't answer that. I couldn't see what they wanted with them at all.

Q. Did anybody say to you they wanted money for the purpose of paying back stamps to other departments, which they borrowed?

A. I am not certain about that. Mr. John couldn't explain the matter to my

satisfaction. Back postage had been paid to Mr. Pitcairn for \$67. Couldn't say what month. It was in the early part of the year; I think the first quarter.

Q. You paid money, \$100 and \$20, and also sixty some dollars for overdue postage, and the balance for postage borrowed from other departments?

A. Yes, sir. Paid for overweight postage. I saved \$180 by not signing those warrants.

MR. E. J. JOHN EXAMINED.

Q. State what these documents are, Mr. John?

A. Pay-rolls that were issued for warrants to pay for stamps for the Bureau of Health.

Q. When were they issued?

A. One was approved on January 8th and sworn to on the 9th by Mr. Leslie. The other is dated 2nd of January; probably it is meant for February, as it is sworn to on February 2nd.

Q. They are pay-rolls for postage for December and January; were they ever received?

A. No, sir.

Q. How did your bureau get along during these months when you could not purchase stamps?

A. We borrowed stamps from other bureaus. Mr. Laidley will bear me out. I got some few stamps from the Controller's office.

Q. Did you get a new warrant in place of one of these?

A. Yes, sir.

Q. It was simply one of these, then, that you never got?

A. Yes, sir.

Q. How did you get postage during that time—what efforts did you make to get these?

A. I sent a messenger down to the Controller's office to see if there wasn't a warrant ready to buy postage stamps.

Q. They were issued and signed by April 15, 1903, and they refused to countersign them, and a new one was made out to take the place of one of these?

A. A new one was made out about the first of May.

Q. From the first of December to the first of May how did the bureau get along in reference to stamps?

A. We secured one pay-roll for stamps early in the month of April.

Q. Was that for the month of April, or back postage?

A. It was one of the back months.

Q. Did you get an order for any more?

A. I got one pay-roll early in April, and then I had borrowed stamps from the other bureaus to help to tide us over. I can't tell whether there was any other warrants for month of January or February or not, as I haven't got my records here. After I had the con-

versation with the Controller and Superintendent Moore and the Director, I went to Mr. Morrow to see if I could get one of those pay-rolls. The Controller said there were three, and I asked Mr. Morrow how many pay-rolls there were, and he informed me there were two. He told me that there had been three some time previous to that, but early in the month of April, when I went there for the pay-roll for stamps, he had given it to me myself. That reduced the number to two. After our conversation there, I told Mr. Morrow the Controller had said that I could have one of these pay-rolls. Mr. Morrow said he could not give me either one of them as they had both been cancelled, but that I should make out a new one, which I did, and that pay-roll was approved by Director Moore.

Q. Did you get any money during that time?

A. No, sir.

Q. Would you know if there was any gotten?

A. Only what I was informed. Mr. Laddley had secured \$20 worth of stamps and the Controller had given Mr. McTighe \$20 worth.

Q. This money was for back postage?

A. One pay-roll was marked December, approved on 8th of January. Those stamps had not been gotten, but our pay-rolls are always marked for the preceding month. These stamps would be for work coming due after I got the stamps, but I must get the stamps in advance.

Q. For January?

A. Yes, sir; and the January pay-roll would be for February's use.

Q. You didn't get stamps for those two months, but got along by borrowing?

A. Yes, sir, and the two orders.

Q. Did you intend to pay back?

A. I would supply the other bureaus with stamps when they needed them.

Q. There were three pay-rolls made out for the month of April?

A. No, there were only two; the third had already been used. We would have had about 100 stamps on hand after we would have supplied Mr. Moore and Mr. McTighe.

Q. What was the amount of the first pay-roll in April?

A. \$100.

Q. What do you know about this \$20 worth of stamps?

A. Nothing, only from information received.

Q. Suppose you had received both of these warrants, you would have \$200 worth of stamps?

A. I would have \$200.

Q. Why did you not apply to the Controller's office for stamps? Don't

you know it was the proper place to apply?

A. I applied for warrants to buy them.

Q. These pay-rolls were not made out until April?

A. No, sir; they were between the Mayor's and Controller's office somewhere.

Q. Couldn't you have found out in the Mayor's office whether the warrants were down there?

A. I always got that from the Controller's office. Mr. Morrow informed me that there were only two there.

Q. Were you allowed to explain to the Controller about these pay-rolls?

A. No, sir.

Q. Why were you not allowed?

A. He told me any explanation I would give wouldn't go with him.

Q. You were authorized by the Director to explain?

A. I was told to help to explain, as I was more familiar with the stamp question, as it was in my charge.

Q. You were not allowed to explain?

A. No, sir.

Q. These stamps run about \$100 per month. do they not?

A. Yes, for about ten months; for two months not so much—about \$25 per month.

Q. School is not in session?

A. No, sir, not during July and August.

DR. BOOTH EXAMINED.

Q. You said in your testimony that you treated 78 cases before you had a death?

A. Yes, sir.

Q. Who was Superintendent at the hospital at that time?

A. Mr. Barclay.

Q. Did he use your treatment, or Dr. Taylor's?

A. I don't know; that's a mooted question.

Q. What is the mortality rate now?

A. Between 17 or 18 per cent.

Q. Your mortality rate has increased since he left?

A. Up until November. It has been stationary since.

Q. Did you have a regular course of treatment for all cases?

A. No, sir; it is treated to suit the case.

Q. If a physician treats cases of this kind symptomatically, should he not be present all the time in such a grave disease to see symptoms as they arise?

A. If you have a good corps of nurses they are supposed to tell you that. The physician sees the case two or three times a day.

Q. Is it a fact that your resident physician sometimes does not see cases between 7 p. m. and three in the morning?

A. No, sir; they generally make the rounds after dinner in the evening.

Q. They do not see them again until the next morning?

A. Not unless they are called. They sleep on the grounds.

Q. Do your nurses lance, treat and dress abscesses?

A. They used to before we had a resident physician. It takes five or six hours a day to treat and dress abscesses.

Q. Do all persons leaving the hospital change all outside garments or thoroughly disinfect them?

A. That is our rule.

Q. Do all physicians, medical students and officials do so?

A. Yes, we use the cap and gown.

Q. Why do you have persons entering the hospital remove their hats?

A. There is no danger of them carrying infection that way, as they are required to use alcohol on their hair when they leave.

Q. Are they not more apt to carry infection in their hair than on their hats?

A. Not when they use alcohol.

Q. When you enter a house on inspection and find a case do you change clothing?

A. No, I couldn't do that; it would be impracticable, as I would have to have a wardrobe with me at all times.

Q. Do you disinfect the clothing of nurses and resident physicians by the spray method?

A. No, we disinfect by gas.

Q. Do you use tests to know whether the clothing is properly disinfected or not?

A. Not regularly. We have used the test to find out how much gas it takes to properly disinfect. We use the test from time to time.

Q. When you find a case in a house, do you make inquiry as to who constitute the family, who the exposed visitors were, and make note of all and look them up and vaccinate them?

A. Always. When I get to a house the working people are out and generally the children. I try to get the names and turn them in.

Q. Has it not been shown before this committee that you do not?

A. No, sir.

Q. Did you ask Mr. Chamberlain and Mr. Barclay to leave this building during a meeting of this committee?

A. No, sir. That matter has been explained. Mr. Upperman asked for Mr. Barclay and Mr. Chamberlain. Dr. Matson and myself talked to them and they made the necessary explanation to

the satisfaction of Dr. Matson. I asked Mr. Upperman if it was necessary to have them, and he said no. Dr. Matson was satisfied, and he said he didn't need them.

Q. Did you ask Mr. Barclay three times to leave?

A. No, sir, I did not.

Q. Did you not caution Barclay that he better not testify against you before this committee and that you had consulted your attorney in regard to same?

A. I said that if he made a certain statement that I heard he was going to make, and which was not true, that I had consulted my attorney and would prosecute him, and I would had he made the statement.

Q. When Barclay left the hospital, did you tell him that if he kept quiet that you would see he was taken care of?

A. No, sir, I did not.

Q. Did you not take a patient from West Penn Hospital after night, some months ago, up the hill to the Municipal Hospital, and was the room from which the girl was taken fumigated, or was the hospital quarantined?

A. No, the hospital was not quarantined, as we have not been doing so. We have been vaccinating thoroughly. We have never closed a hospital since the Homeopathic was closed some years ago, and that cost the city \$10,000.

Q. Was not a man named Eng taken from the West Penn Hospital on or about July 9th, without any provision being made as to care or isolation of patients or visitors?

A. I don't remember any such patient. We have issued an order to keep visitors out of the hospitals altogether, and think the order was in effect at that time. It was lifted later in July and put on in September.

Q. Was not a Miss Purdy taken with smallpox in the West Penn Hospital, and was she not attended before removal by her sister, who then had charge of 70 patients, and was allowed to attend to them without any restrictions?

A. No, that is not true. Miss Purdy, a nurse, was taken with smallpox. The room she was in was closed and fumigated. Her sister had been thoroughly vaccinated and was an immune.

Q. She had charge of 70 patients and was allowed to attend them without any restriction?

A. I don't know how many cases she had charge of. The girl's clothes were disinfected and she was vaccinated. Miss Purdy was the only nurse in the hospital who had not been vaccinated; the only nurse that I know of. I have had four or five cases from the Mercy, four or five from the Homeopathic, and just got one from St. Francis last Saturday night. The patient had been in the hospital a long time, and there were no visitors going in. It was impossible to determine how she got the

disease. Mr. Stevenson, will you allow me to ask you who furnished you with those questions? I don't think it is fair to me to ask me questions when there is no responsible person who can be held accountable for them.

Mr. Stevenson stated that the questions had been mailed to him, and he did not know who had prepared them.

Q. How do you account for the increased percentage of deaths?

A. In any epidemic the longer it continues the more virulent becomes the disease. I gave each member of this committee a table of statistics showing how the disease became more virulent right along. If you will notice, Cleveland is a great deal like Pittsburgh. If any man can save smallpox patients by any treatment, he is foolish to stay in Pittsburgh, and he is foolish not to let it be known. In reference to quarantining hospitals, I stated that the Homeopathic got \$10,000 from this city in damages, and if the hospitals were quarantined, I do not know what we would do with our typhoid patients, and there would be no place to send injured persons.

Q. You prohibit visitors in the general wards?

A. Yes, in all hospitals in the early part of the year; but the quarantine was lifted. It was again enforced in September, and is in force at the present time. Each hospital has our notice posted on the door, and only in case of immediate death are people admitted to the hospital at all. There hadn't been a case in St. Francis for 8 months, still a woman who had been there over a year had smallpox. There hadn't been even a suspicious case there. Our men disinfected the room, and every person in the ward was vaccinated, notwithstanding they had all been vaccinated before. The West Penn and Homeopathic will not admit patients unless vaccinated. We don't intend to quarantine any hospital unless there is an epidemic within its walls. If every person in Pittsburgh was successfully vaccinated there could be no epidemic, but that is easier to say than to do.

Q. The hospitals report all cases of smallpox?

A. Yes, sir. We generally remove them at night. If we remove them in the day time it makes a flurry among the inmates. We have had about 20 cases at the different hospitals in the last two years. I always try to protect the hospitals if I can.

Q. It is necessary that they remain open?

A. Yes, sir.

Q. They don't admit patients without knowing that they are vaccinated?

A. Yes, I know that to be a fact. The Homeopathic and Mercy Hospitals call me very frequently in cases when they are almost certain it is not small-

pox, in order to be absolutely safe.

Q. Do you think the hospitals are giving you all the aid they can?

A. Yes, sir. They are vaccinating everybody who comes in. A person may be brought to the hospital who has been exposed, and it takes from 12 to 15 days to develop. They can't help getting a sporadic case occasionally. A good many hospitals have their own formaldehyde apparatus, and although we disinfect the rooms, they disinfect everything about the ward. They have a plant for disinfecting bedding and clothing.

Dr. Taylor asked leave and obtained permission to make a statement.

"Gentlemen, I consider the mortality too high. During Mr. Barclay's time from the first of January, 1902, to the first of August, he had 400 cases and 25 deaths, or 6 1/4 per cent. The latter part of the two months during July and August, 165 cases, 15 deaths, or 7 1/4 per cent. Jumping up from the first of September until the first of January, according to the record of the Bureau of Health, the hospital had 373 cases during those four months, lost 102 cases, or a mortality of 27 and a fraction per cent. That is immediately following the time when Barclay was at the hospital. For the month of September, after he left, there were 81 cases and 18 deaths, or a mortality rate of 21 per cent. During the time preceding, when he was at the hospital, the rate was 7 and a fraction, or it was 3 times greater following than when he was there.

Q. What year was that?

A. In 1902. These statistics are from the record of the Bureau of Health, and also from the undertakers' books. In the month of December the report of the bureau gives 25 cases, and the undertakers' books shows he buries 33. There is a discrepancy somewhere. According to Dr. Booth's testimony the mortality rate from the first of January to the present is between 17 and 18 per cent. The mortality rate was too much. If Dr. Orr's going to the hospital has reduced the mortality rate 10 per cent., it would be a good thing if you found a few more Orrs.

Q. Do you know what the death rate has been of cases treated at home?

A. I have had forty cases I treated myself; I lost one.

Q. All in Pittsburgh?

A. From Pittsburgh and the immediate vicinity.

Q. Do you know that up to August 15th, there was a higher death rate in cases treated at home than in the hospital?

A. I only know about those I treated myself.

Q. You have no record of any except your own?

A. No.

No. 1770.

DEPARTMENT OF LAW,
PITTSBURGH, PA., February 19, 1904.

To the President and Members of Common Council:

I return herewith copy of Resolution recently adopted by Common Council calling upon the City Solicitor to furnish a written opinion as to whether an "Issue of bonds to the amount of nine hundred thousand (\$900,000) can be authorized by Councils without first submitting the question to a vote of the electors."

Section 8, Article 9 of the Constitution of 1874, declares that:

"The debt of any city shall never exceed seven per cent. of the assessed value of the property therein, nor shall any such municipality incur any new debt or increase its indebtedness to an amount exceeding two per centum upon such assessed valuation of property without the assent of the electors thereof at a public election, in such manner as shall be provided by law."

The City may increase its indebtedness to an amount not exceeding, in the aggregate, two per centum upon its assessed valuation of property, without the assent of the electors. Any increase of indebtedness beyond two per centum must have the sanction of the electors at a public election. Under no circumstances can the city create a debt exceeding seven per centum of the assessed value of the property therein.

In ascertaining the indebtedness of the City, its own bonds, purchased by itself, and now in the Sinking Fund, may be deducted from the gross indebtedness.

I am informed by the Controller's Department that the present net indebtedness is considerably below seven per centum and that if the proposed increase be added thereto it will still be less than seven per cent. I am also informed that no indebtedness has been incurred by the City since 1st January, 1874, without the assent of the electors, except to the extent of \$600,000, and that if the present proposed indebtedness, viz.: \$900,000 be added to the

\$600,000, this class of indebtedness would still be less than two per centum of the last assessed valuation and the total net indebtedness of the City would still be under seven per centum.

Under these circumstances, I am of opinion that the City may lawfully increase its indebtedness by issuing bonds to the amount of nine hundred thousand (\$900,000) dollars, without first submitting the question to a vote of the electors.

Respectfully,

W. B. RODGERS,
City Solicitor.

Which was read.

Mr. Leslie moved

That the opinion of the City Solicitor be referred to the Committee on Finance.

Which motion prevailed.

Mr. Beckert moved

That Council do now adjourn.

Which motion prevailed.

And Council adjourned.

Delaney	O'Brien, M E	Wiley
Edwards	Rodgers	Zeuger
Hogue		

NOES—Messrs.

Baldauf	Reitz	Stevenson
Bechner	Sabner	Wolfe
Brown	Shaw	Wymard
McNeil		

Crawford, C. S., President.

AYES—37.

NOES—11.

And three-fourths of the votes being in the affirmative, the motion prevailed.

And the bill was read a second time.

Mr. Stevenson moved

To amend the bill by inserting Section 5-A, as follows:

"Section 5-A.—Said Railroad Company shall not use bituminous coal for fuel for locomotives used and operated on and over said elevated railroad, but coke or other non-smoke producing fuel shall be used for motor power. Provided that, for any violation of this Section, said Railroad Company, or any of its employees, upon conviction shall forfeit and pay the sum of not more than one hundred dollars, or not less than twenty-five dollars, per day, for each locomotive so in use."

Which motion prevailed.

Mr. Stevenson moved

To amend the bill by inserting new Section 6, as follows:

"Section 6-A.—In consideration of this grant the Pittsburgh, Carnegie & Western Railroad, its successors and assigns, for and during so long a term as the tracks and improvements herein specified are maintained and used, and said rights and privileges are enjoyed, agree to pay to the City the sum of \$50,000 per annum, payment to be computed from the date of the completion of the work as herein specified."

Mr. Wasson moved

To amend the amendment by striking out the figures "\$50,000," and inserting in lieu thereof, "\$25,000."

Upon which motion Mr. Stevenson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Baldauf	McNeil	Stevenson
Barker	Reitz	Wasson
Crawford, D F	Sahner	Wolfe
Fitzpatrick	Shaw	Wymard

Crawford, C. S., President.

NOES—Messrs.

Armstrong	Hughes	Rodgers
Barr	Jack	Schad
Beckert	Lamb	Schuck
Behner	Lauler	Schwarzwaelder
Bole	Leslie	Sennelrock

Cavett	Martin	Walls
Cross	Moore	West
Delaney	McNally	Willey
Edwards	O'Brien, M E	Zeuger
Hogue		

AYES—13.

NOES—34.

So the motion did not prevail.

And the question recurring on the motion of Mr. Stevenson, the motion did not prevail.

Mr. Wolfe moved

To amend the bill by inserting the following:

"That the said Railroad pay to the City of Pittsburgh a sum per square foot equal to the rate per square foot

the B. & O. R. R. Company agrees to pay the City for the space occupied by them on the Monongahela wharf."

Upon which motion Mr. Stevenson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

AYES—Messrs.

Baldauf	Reitz	Stevenson
Bechner	Sahner	Wolfe
Fitzpatrick	Shaw	Wymard

Bonini	Lewis, David	Soffel
Brand	Lewis, John	Sterrett
Crawford, D F	Martin	Walls
Cross	Moore	West
Delaney	McNally	Willey
Edwards	O'Brien, M E	Zeuger
Hogue	Rodgers	

When Mr. Wasson's name was called he arose and said:

"The amendment seems to be so indefinite that I am unable to get any information as to how many square feet these tracks would occupy and how much compensation the city would derive. I cannot, therefore, intelligently, vote on the proposition."

And the ayes were 11; noes, 35.

So the motion did not prevail.

Mr. Brand moved

That the bill as read a second time and amended be agreed to.

Which motion prevailed.

Mr. Brand called up

NOES—36.

So the motion did not prevail.

Mr. Brand moved

That the bill as read a second time be agreed to.

Which motion prevailed.

Mr. Leslie called up

C. C. Bill No. 1760. An Ordinance granting unto the Grant and Liberty Street

Railway Company, its successors, lessees and assigns, the right to construct, maintain and operate a street passenger railway on certain streets, highways and property in the City of Pittsburgh.

Which was read.

Mr. Leslie moved

A suspension of the rule to allow the second reading of the bill.

Mr. Stevenson arose to a point of order and stated:

"The gentleman cannot make such a motion when he voted with the majority on a former motion to suspend the rules to place this bill on second reading when the motion did not prevail."

The Chair said:

"I think the point well taken. The way to bring this up, would be to reconsider your former action."

Mr. Leslie said:

"I simply renew a motion which failed for want of a legal majority."

Mr. Stevenson said:

"I insist on my point of order. The former motion was lost, and the gentleman voted with the majority, and the question was decided in favor of the minority, therefore, he cannot make this motion."

The Chair said:

"It seems to the Chair, that the bill goes over until the next meeting for future action. If you want to take any further action, you will have to move a reconsideration."

Mr. Schad moved

That Council reconsider its action on C. C. bill No. 1760. The chair asked the clerk how Mr. Schad voted on the bill when it was up before, and the clerk stated that Mr. Schad voted in the affirmative. The chair stated that Mr. Schad could not make such a motion when he voted in the affirmative.

Mr. Brand said:

"I appeal from the decision of the chair. I claim that we have a right to take up this bill again."

The Chair called Mr. McNeill to the Chair.

Mr. McNeill took the Chair.

Mr. Brand spoke against sustaining the decision of the Chair, and President Crawford spoke in favor of sustaining the decision.

The Chair (Mr. McNeill) stated that the question was on an appeal from the decision of the Chair, and all those in favor of sustaining the Chair should vote "aye" when their names were called, and those opposed "no."

And the roll being called, the result was:

AYES—Messrs.

So the motion prevailed.

And the bill was read a second time.

President Crawford resumed the Chair.

Mr. Stevenson moved

That further action on the bill be deferred until the next meeting.

Mr. Maeder, being allowed the privilege of the floor, made a short address against the bill.

The Chair called Mr. McNeill to the Chair.

Mr. McNeill took the Chair.

And President Crawford made a short address against the bill.

President Crawford resumed the Chair.

And the question recurring on the motion of Mr. Stevenson, to defer action on the bill

Mr. Stevenson demanded a call of the ayes and noes, and the demand having been sustained, the ayes and noes were ordered to be taken, and being taken were:

At this time Mr. Wolfe arose and said:

MR. PRESIDENT: With our meeting to-night this body adjourns sine die. Many faces familiar here the past two years will not be in evidence in the incoming Council, and probably they will never again be seen in this chamber. As we part, then, I feel we should exchange cordial greetings and carry from here with us the olive branch of peace and good will. Some of us have vigorously asserted our ideas and opinions, and at times engaged in acrimonious debate, but I trust none of us harbor any resentment because of our difference.

Two years ago, Mr. President, you were chosen to preside over this body. Your able administration demonstrates the fact that we made no mistake in selecting you for the important office you occupy. You have been just and fair. Your decisions impartial, unbiased and without prejudice. For this we thank you, and, as an expression of our regard and esteem, I have been requested to present to you, in behalf of the members of Common Council, this memento and tribute in appreciation of your services.

It is freighted with most kindly feelings, and our best wishes for your future welfare, good health, long life, ever increasing prosperity, unalloyed happiness and a most successful career.

The Chair said:

"GENTLEMEN: I suppose a word of reply would not be amiss at this time. I want to

assure you I appreciate your kindness, as I do not expect to be present this evening, and may not have another opportunity to do so. I also want to assure you that I have the kindest feelings to every man in this Council. There have been differences in opinions between the members and the Chair, but I assure you they have never been taken personally by me. I have striven to do my duty as an officer of this Council impartially without regard to any personal feelings at all. I hope I leave the Chair with the good will of every man here.

"There is one member I intended to make a public apology to—Mr. Cross, but he is not at this meeting. He was once called to order by the Chair, and I found that I had made a gross mistake. I wish to make my public apology to Mr. Cross now. With that exception, I have tried to do my duty with justice to everybody, and I am sorry for that exception.

"I may not be present at the meeting to-night, and I want to extend my thanks to every gentleman in this branch.

"I hope the next Council will have less obstacles to overcome than this one had.

"I thank you, gentlemen."

Mr. Brand moved

That Council do now adjourn.

Which motion prevailed.

And Council adjourned.

Mr. Beckert moved

That in the absence of Chairman Crawford, Mr. Bole take the Chair.

Which motion prevailed by a unanimous vote.

On motion of Mr. Crawford (D. F.) the reading of the minutes of the previous meeting was dispensed with.

Mr. Stevenson moved

To withdraw from further consideration of the Committee on Corporations the following bills:

S. C. Bill No. 600. An Ordinance granting to the Fischer Foundry and Machine Company, a corporation under the laws of Pennsylvania, the privilege to construct, lay down and maintain a switch track or siding on Edwards alley, extending from the tracks of the Pittsburgh, Virginia & Charleston Railway Company upon and over the switch track now used by the Duquesne Brewing Company to the east side of South Twenty-first street and thence to be extended along Edwards alley westwardly to the east side of South Twentieth street, with a branch extending into the property of the Fischer Foundry and Machine Company.

Also

C. C. Bill No. 1036. An Ordinance authorizing the Pittsburgh, Virginia & Charleston Railway Company, its successors and assigns, to construct, maintain and operate tracks at grade across Thirtieth street, Jane street, Sarah street and Carey alley.

Also

C. C. Bill No. 1590. An Ordinance granting to the Duquesne Light Company, its successors, lessees and assigns, the right to enter upon the streets, alleys and highways of the City of Pittsburgh, for the purpose of erecting, constructing, laying, maintaining, operating and using its wires, cables and conductors upon, through, along, under and over said streets, alleys and highways.

Also

C. C. Bill No. 1631. An Ordinance granting to the Pennsylvania Light, Heat and Power Company, its lessees, successors and assigns, the right to enter upon, use and occupy the streets, lanes, alleys and highways within the City of Pittsburgh, for the purpose of constructing, laying down and maintaining therein its subways, tubes, cables and wires, and to erect poles and supports upon and along said highways, and to string wires and cables upon the same for the supply of light, heat and power, or any of them, to the public by means of electricity.

Also

C. C. Bill No. 1723. An Ordinance granting to Henry Phipps the right to enter upon, use and occupy Cecil alley and Sixth street, in the City of Pittsburgh, for the purpose of constructing and maintaining a conduit, subway or tunnel for the transmission, conveyance and supply of heat, power and light to property and buildings of the said Henry Phipps.

Mr. Brand arose to a point of order and said:

"The gentleman is out of order. I call for the order of business."

The Chair said:

"This is not the proper time for the gentleman to make his motion. I therefore decide the point well taken."

REPORTS OF COMMITTEES.

Mr. Crawford (D. F.) moved

AN ORDINANCE—Amending Section 2 of an ordinance entitled "An ordinance authorizing the grading, paving and curbing of Anchor alley, from Lothrop street to De Soto street," approved June 16th, 1902, enlarging the limit of the whole cost, the same not to exceed an increased estimate herein named.

Whereas, It has been ascertained that the estimate of the cost and expense of grading, paving and curbing of Anchor alley, from Lothrop street to De Soto street, as furnished by and through the Department of Public Works and contained in the ordinance hereinafter referred to, is so low that the City of Pittsburgh cannot obtain bids therefor within said estimated amount; and

Whereas, The Department of Public Works has furnished another estimate of the whole cost, namely, the sum of three thousand (\$3,000) dollars; therefore

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same,* That Section 2 of an ordinance entitled "An ordinance authorizing the grading, paving and curbing of Anchor alley, from Lothrop street to De Soto street," approved June 16th, 1902, which reads as follows, to-wit:

Section 2. The City Recorder and the Director of the Department of Public Works are hereby authorized and directed to advertise in accordance with the Acts of Assembly of the Commonwealth of Pennsylvania and the ordinances of the said City of Pittsburgh relating thereto and regulating the same, for proposals for the grading, paving and curbing of said alley between said points, the contract therefor to be let in the manner directed by the said Acts of Assembly and ordinances, and the contract price or contract prices, if let in separate contracts, not to exceed the total sum of two thousand eight hundred (\$2,800) dollars, which is the estimate of the whole cost as furnished by the Department of Public Works,

Is hereby amended so as to read as follows, to-wit:

Section 2. The Mayor and the Director of the Department of Public Works are hereby authorized and directed to advertise in accordance with the Acts of Assembly of the Commonwealth of Pennsylvania and the ordinances of the said City of Pittsburgh relating thereto and regulating the same for proposals for the grading, paving and curbing of said alley between said points, the contract or contracts therefor to be let in the manner directed by the said Acts of Assembly and ordinances, and the contract price or contract prices, if let in separate contracts, not to exceed the total sum of three thousand (\$3,000) dollars, which is the estimate of the whole cost as furnished by the Department of Public Works.

Section 3. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

A N ORDINANCE—Granting unto the Morningside Street Railway Company, its successors, lessees and assigns, the right to enter upon, use and occupy and cross certain streets and highways in the City of Pittsburgh.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled and it is hereby ordained and enacted by the authority of the same,* That the Morningside Street Railway Company, its successors, lessees and assigns, shall have the right and is hereby authorized to enter upon, use and occupy and cross the following highways within its route, to wit:

Beginning on Negley avenue, at its intersection with Stanton avenue; thence along Stanton avenue to Chislett street; thence along Chislett street to a point between Greenwood street and Baker street; thence by a new street, to be opened, to Jancey street; thence along Jancey street to Baker street; thence along Baker street, as relocated to Butler street, there connecting with the tracks on Butler street and also with the tracks on the approach to the Highland bridge. Also beginning on Stanton avenue at its intersection with Chislett street; thence along Stanton avenue to Jancey street; thence along Jancey street to Baker street; thence along Baker street, as relocated to Butler street. Also beginning on Bryant street at its intersection with Negley avenue; thence along Bryant street and its extension to Chislett street. And to construct, maintain, operate and use, during the term named in its charter, its railways as hereinbefore mentioned, with single or double tracks, with the necessary sidings, turn-outs and switches, except that single track only shall be laid on Chislett street and Jancey street, from Stanton avenue to the new street to be opened between them, and to operate its cars thereon, and to use electricity as a motive power, and to erect, maintain and use, in the streets and highways before mentioned, such posts, poles or other supports as said company may deem convenient for the support and maintenance of such overhead system; subject, however, to the provisions of a general ordinance relating to entry upon, over or under, or the use or occupation of any street, lane or alley, or any part thereof, for any purpose by passenger or street railway companies, or by companies operating passenger or street railways, and providing reasonable regulations pertaining thereto for the public convenience and safety, approved the 25th day of February, A. D. 1890.

Section 2. The Morningside Street Railway Company, its lessees, successors and assigns, covenants and agrees, by the acceptance of this ordinance, to pay to the City of Pittsburgh the sum of Five Thousand (\$5,000) Dollars for the privilege and rights herein granted. Said payment to be made at such times and in accordance with such terms, regulations and penalties for default, as may be pre-

scribed by the City Treasurer or fixed by general ordinance; provided, that the compensation paid for this franchise does not in any way specially exempt the Morningside Street Railway Company, its successors and assigns, from the provisions of the general ordinance under which the Highland Park and Butler Street Railway Company and the Craig Street Railway Company are now operating.

Section 3. That where any street or avenue mentioned in this ordinance has been paved, or should hereafter be paved, the said Company shall pave between the tracks with the same material as that used, or to be used, on other portions of the street.

Section 4. That work shall be commenced within six months, and completed within one year from the date of the approval of this ordinance.

Section 5. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed so far as the same affects this ordinance.

No. 135 1-2

At a meeting of the Board of Trustees of the Carnegie Institute, of Pittsburgh, Pennsylvania, held on Friday, September 10, 1903, the following statement was presented and read and on motion approved and adopted by the Board, as giving a correct outline in general of the proposed educational organization and control of the School of Technology offered to the City of Pittsburgh by Mr. Andrew Carnegie.

Whereas, There has been laid before this board an ordinance now pending in the Councils of the City of Pittsburgh entitled, "An Ordinance authorizing and empowering the Board of Trustees of the Carnegie Institute and their successors to enter upon, use, occupy and hold certain land and real estate in the Twenty-second ward, Pittsburgh, for the purposes of establishing and maintaining thereon Technological Schools and to erect buildings thereon for said purposes, Section 2 of which is as follows: "This ordinance shall not take effect until the said trustees shall have filed with the City of Pittsburgh a statement of stipulation acceptable to the Mayor and Councils of said city setting forth generally

the nature and character of the institution that is to use and occupy said premises, and setting forth particularly in what manner and how the said City of Pittsburgh shall have a voice in the management of said institution, which statement shall be filed with the City Clerk and recorded in the ordinance book in his office;" and

Whereas, It is the desire of this board to comply with the provisions of said section;

Resolved, That the following statement of facts taken from the records of this board and of the City of Pittsburgh is hereby approved, adopted and pronounced correct.

Resolved, That this preamble and resolution, together with the statement hereinafter set forth, be spread in full upon the records of this board and that the secretary be instructed to deliver certified copies of the same to the Mayor and Councils of the City of Pittsburgh.

On November 15, 1900, Mr. Andrew Carnegie, in a communication to Hon. William J. Diehl, Mayor of the City of Pittsburgh, said: "I believe that a first-class Technical School, probably as large as Worcester, would develop latent talent around us to such an extent as to surprise the most sanguine. If the City of Pittsburgh will furnish a site, which I hope will be of ample size for future extensions, I should be delighted to provide the money for such a school, taking care to provide room for additions to the buildings to meet the certain growth of Pittsburgh. I would endow it with \$1,000,000, 5 per cent gold bonds, yielding a revenue of \$50,000 per year." (Note.—This endowment has since been increased to \$2,000,000).

On December 15, 1900, Mr. Carnegie wrote as follows:

W. N. FREW, Esq., President Board of Trustees Carnegie Institute.

Dear Mr. Frew:—I hereby place the Technical School under your commission, glad indeed that I am privileged to do this after having received assurance that your board was willing to undertake the great responsibility involved."

On receipt of this letter the Board of Trustees of the Carnegie Institute adopted the following:

"Resolved, That this Board of Trustees does hereby accept the charge of the new Technical School referred to in the foregoing correspondence, and the secretary is requested to inform Mr. Carnegie to that effect.

"Resolved, further, That the president and secretary be requested to send to the Mayor of Pittsburgh a certified copy of the letter from Mr. Carnegie to Mr. Frew, dated December 15, 1900, placing the new Technical School in charge of this board."

On February 6, 1890, in a communication addressed to the "Mayor and Councils of Pittsburgh," incorporated in an ordinance recorded in Ordinance Book, Volume 7, page 265, Mr. Carnegie, inter alia, said: "I propose that their location, erection and management" (referring to the main and branch buildings of the

Carnegie Library system in Pittsburgh), "shall be entrusted to a Board of Trustees composed, ex officio, of the Mayor, the Presidents of Select and Common Councils, the President of the Central Board of Education and a Library Committee of five appointed by the Councils. To these I should add the names of twelve well-known citizens of Allegheny county."

Under date of May 6 1890, Mr. Carnegie wrote as follows:

John S. Lambie, Esq., Chairman, Pittsburgh, Pa.

Dear Sir:—Three citizens, members of the Library Commission, having resigned, nine only remain. As the city has nine official representatives upon the commission, equality of representation will be secured by leaving unfilled the places of the three resigning members and this will be done."

Article 1 of the Constitution of the Trustees of the Carnegie Institute, adopted in accordance with the terms and provisions of a deed of trust creating said board and executed by Andrew Carnegie on the 2nd day of March, 1896, provides as follows: "The title of this body, created by appointment of Andrew Carnegie, is the Trustees of the Carnegie Institute. It is composed of the following named persons: Dr. W. J. Holland, C. C. Mellor, John A. Brashear, John Caldwell, Prof. Gustave Guttenburg, William McConway, Rev. A. A. Lambing, C. L. Magee, D. J. Watson, Albert J. Barr, John W. Beatty, Josiah Cohen, Joseph R. Woodwell, E. M. Bigelow, A. S. Wall, Henry Phipps, Jr.; Samuel H. Church, T. M. Carnegie, and, ex officio, the Board of Trustees of the Carnegie Library of Pittsburgh, as said board may from time to time be composed.

On December 18, 1900, at a meeting of the Board of Trustees of the Carnegie Institute a committee of five members of the board was created, known as the Committee on Plan and Scope of the Educational Organization to study the subject of schools of technology and report thereon at a future day. On February 16, 1903, this committee submitted a report to the board containing their recommendations in detail and the report was approved by the board. It has since been approved by Mr. Carnegie. It is the desire of Mr. Carnegie and of the Board of Trustees to modify and enlarge the scope of these technical schools from time to time to meet the growing needs of the City of Pittsburgh:

In summarizing their suggestions the committee said:

"We have, therefore, prepared courses of instruction to do the following:

First. Courses that will impart skill and intelligence to young men so as to increase their earning capacity, lift their standard of labor from the unskilled to the skilled, and raise them socially to a higher level.

"Second. Courses that will give to those of greater intelligence and natural ability a more thorough course fitting them, after proper experience, to direct the skilled labor, and to fill that great

class of middle positions below the engineer and general manager, but above the skilled mechanic.

"Third. Courses that will give to young men and young women who have some taste and ability for art a training in the application of art industry, enabling them to turn such talent to the best advantage.

"Fourth. Courses that seek to give to the constantly increasing number of women who must earn their living by their own labor the same opportunity that is given to men to increase their skill, their technical knowledge and their judgment and intelligence, and thus lift their work to a higher standard, increase their opportunities for employment and broaden their field of usefulness."

SUB-DIVISION OF THE INSTITUTION.

Your committee recommends that the Carnegie Technical Schools shall be subdivided as follows:

1. School of Science and Technology (for young men).
2. School for Mechanics and Artisans (for young men).
3. School for Fine and Applied Arts (for both sexes).
4. Women's Industrial School (for young women).

No. 136

AN ORDINANCE—Granting to Henry W. Oliver the right to enter upon, use, and occupy Sixth avenue, in the City of Pittsburgh, for the purpose of

constructing and maintaining a conduit, subway or tunnel for the transmission, conveyance, and supply of heat, power and light to property and buildings of the said Henry W. Oliver.

Whereas, Henry W. Oliver is the owner of certain pieces of property, with buildings thereon, situate on the eastern and western sides of Sixth avenue, in the City of Pittsburgh, between Smithfield and Wood streets, in said City, said several pieces of property being separated by Sixth avenue in the City of Pittsburgh, and each of said buildings having in connection therewith a separate plant for the supply of heat, power and light to said buildings, and

Whereas, The restriction of the number of plants for the supply of heat, power and light within the confines of the City of Pittsburgh, and especially in its built up portion, is of advantage to the City of Pittsburgh, and the citizens and property owners therein.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That Henry W. Oliver, his heirs and assigns, be and they are hereby given the right and authority to build, use and maintain a conduit, subway or tunnel for the conveyance of heat, power and light from a point on the eastern side of Sixth avenue, in the City of Pittsburgh, distant 271½ feet southerly from the southeastern corner of Sixth avenue and Wood street, in said city; thence along said Sixth avenue, directly outside of curb line, northerly to a point distant 93 feet 6 inches from the southerly line of Wood street; thence at a right angle in a westerly direction across Sixth avenue to property of Henry W. Oliver; and also starting from the said point on Sixth avenue, distant 271½ feet southerly from the southeastern corner of Sixth avenue and Wood street; thence extending directly outside of curb line, in a southerly direction, 66½ feet to a point distant 142 feet from the northern line of Smithfield street; thence at a right angle across Sixth avenue to property of Henry W. Oliver; the foregoing figures being for the center line of said conduit, subway or tunnel.*

Section 2. The top or crown of said conduit, subway or tunnel shall be not less than fifteen (15) feet below the grade of said Sixth avenue as it is now fixed by ordinance of Councils of said City, and said conduit, subway or tunnel shall be substantially constructed of concrete, with outside measurements as follows: Top, ten feet (10) six inches (6); bottom, twelve feet (12); height, ten feet (10) nine inches (9).

Section 3. The said Henry W. Oliver, before entering upon said Sixth avenue for any of the purposes hereafter specified, shall file in the Department of Public Works a copy of the complete plans and specifications of said conduit, subway or tunnel, showing the location, size and details of construction of such conduit, subway or tunnel under Sixth avenue, and such plans and specifications

shall be subject to the approval of the Director of the Department of Public Works of the City of Pittsburgh.

Section 4. The City of Pittsburgh shall at all times have the right and power to place, use and operate within such conduit, subway or tunnel such wires, cables, devices and apparatus as may be necessary for use by the Bureau of Electricity of said City for fire alarm, police or call system purposes, and at any and all times to replace, alter, repair and maintain the same.

Section 5. The system, devices, means, appliances and apparatus and every part thereof, used in said conduit, subway or tunnel, so far as the same are used in the transmission of electricity, shall be subject to the inspection and be under the supervision and control of the Director of the Department of Public Safety of the City of Pittsburgh.

Section 6. If the said Henry W. Oliver, his heirs or assigns, shall at any time fail to secure the approval of any of his or their plans or devices as herein provided, he or they shall thereupon have the right to make application to Councils for such approval, and Councils may by concurrent resolutions or otherwise, make or grant such approval.

Section 7. The said Henry W. Oliver shall not have the right to enter upon or under, or use or occupy any part of said Sixth Avenue as hereinbefore specified until after he shall have secured approval as hereinbefore set forth of the plans and specifications of said conduit subway or tunnel, and until he shall have filed with the Controller of the City of Pittsburgh a bond in the sum of five thousand dollars (\$5,000.00) to indemnify and save harmless the said City of Pittsburgh, or any individual, partnership or corporation, of and from any and all costs, expenses, damage or damages which it, or they, or any of them, shall or may be put to or suffer on account of the construction of said conduit, subway or tunnel, and has also filed a certificate under his hand and seal of his acceptance of the conditions and provisions of a general ordinance of City Councils of the City of Pittsburgh, approved May 22, 1895, and of record in the office of the City Clerk in Ordinance Book, volume 10, page 292, entitled:

"A General Ordinance relating to the entry upon, use and occupation of the highways of the City of Pittsburgh by corporations supplying electric light, heat and power to the public, or operating telegraph or telephone lines, and providing regulations pertaining thereto."

Section 8. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

No. 143

AN ORDINANCE—Authorizing and directing the issue of bonds to the amount of Two Hundred and Twenty-Five Thousand (\$225,000) Dollars, to be known as the Health Temporary Loan Bonds.

Whereas, By an Act of Assembly, approved June 26th, 1895, entitled, "An Act creating a Bureau of Health in cities of the second class, defining the powers and duties thereof and of the officers thereunder; prescribing rules and regulations and laws respecting the public health, and authorizing and imposing fines, penalties and punishments for violations thereof, it is provided inter alia, in Section 28 and 29, as follows:

"Section 28. In case of pestilence or epidemic disease, or danger from anticipated or impending pestilence or epidemic disease, or in case the sanitary

condition of any of the said cities should be of such a character as to warrant it, it shall be the duty of the said department of public safety and Bureau of Health, to take such measures, and to do and order and cause to be done, such acts for the preservation of the public health (though not herein or elsewhere authorized), as they may in good faith believe and declare the public safety and health demand.

"Section 29. The Councils of said cities, for the purpose of providing for the contingencies mentioned in the preceding section, and for the purpose of carrying out the provisions of this Act, shall from time to time appropriate a sufficient sum of money to cover such expenditure."

And whereas, The contingency mentioned in said Act has arisen by reason of a threatened epidemic of small-pox which has been and continues to be almost epidemic in form in the City of Pittsburgh, and

Whereas, The Department of Public Safety and Bureau of Health for the purpose of providing sufficient funds for carrying out such measures as they believe and declare to be necessary for the preservation of the public health, as well as to provide for the payment of expenses already incurred in that behalf, have asked that Council shall appropriate for that purpose the sum of Two Hundred and Twenty-five Thousand Dollars, and

Whereas, There are no funds in the City Treasury at the present time which have not already been appropriated, and

Whereas, The funded debt of the City is below the constitutional limit, and

Whereas, By an Act of Assembly entitled, "An Act for the government of cities of the second class," approved March 7th, 1901, it is provided among other things in Article 19, Section 2, as follows:

Section 2. Every city of the second class within this Commonwealth is hereby declared to be a body corporate and politic, and shall have perpetual succession, and shall have power

"VI. To provide for the issuing of bonds and for the application of bonds already issued, for the purpose of funding any and all indebtedness now existing or hereafter created, of the city, now due or to become due; provided, that said bonds shall be payable in not less than five years and not more than thirty years from the date of their issue, and that the same shall bear interest at a rate not exceeding six per centum per annum with interest coupons attached, payable annually or semi-annually, and the said bonds shall not be sold or exchanged for less than their par value and accrued interest.

"VII. To make provision for a Sinking Fund to pay at maturity the bonded indebtedness of the City, and to levy and collect taxes on all the taxable property in the City, in addition to all other taxes, for the purpose of paying the same, under and subject to the limitations and requirements of this Act and of the Constitution and laws of this Commonwealth.

"VIII. To provide for the payment of the debts and expenses of the City, and to appropriate money therefor." Now, therefore,

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the City Controller shall be and is hereby authorized, empowered and directed to issue registered bonds in the name of the City of Pittsburgh, to an amount not exceeding Two Hundred and Twenty-five thousand Dollars, in accordance with the Acts of Assembly in such cases made and provided, and the several supplements thereto.*

Section 2. Said bonds shall be in sums of One Hundred Dollars or multiples thereof to suit the purchaser, payable in five years from October 1st, 1903, with interest thereon at the rate of 3½ per centum per annum, payable semi-annually at the office of the City Treasurer on the first days of April and October of each year and the principal thereof payable at their maturity at the same place; which bonds shall be signed by the Mayor, countersigned by the City Controller and sealed with the corporate seal of the City of Pittsburgh and registered by the Bond Clerk in the office of the City Treasurer, and when so executed shall be sold at not less than par and accrued interest, and the proceeds thereof, or so much as shall be necessary, shall be applied to the payment of the expenses incurred, in the manner set forth in the preamble to this ordinance, and for no other purpose whatever.

Section 3. Said bonds when issued shall be subject to the right of the City to redeem one-fifth of the entire issue thereof each and every year from and after the first day of October, 1903, and each bond so issued shall have specified therein the date at and after which the City may redeem it, by the payment of the principal and the accrued interest due at the time of such redemption.

Section 4. That said bonds shall be issued from time to time on requisition on the City Controller made and signed by the Director of the Department of Public Safety and the Superintendent of the Bureau of Health, for such amounts as the necessities of the case require; but they shall be all of the same date, and shall be known as the Health Temporary Loan Bonds.

Section 5. Until said bonds issued as herein provided, shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law or hereafter made liable to assessment for taxation for City purposes, a tax sufficient to pay the interest of said bonds as the same shall accrue, and also, twenty (20) per centum of the total amount of the bonds hereby authorized for the payment of the principal and the redemption of said bonds when and as they may become due and payable, according to their terms; and the same is hereby appropriated out of the revenue of said City for the payment and redemption aforesaid.

Section 6. All bonds issued by virtue of this ordinance and the Acts of Assembly authorizing the same, shall be and become part of the funded debt of the City of Pittsburgh, and shall be entitled to all rights, privileges and immunities thereof, and for the payment of the principal of said bonds and the semi-annual interest thereon free from all taxation, as the same shall mature or become payable, the faith, honor, credit and property of said City are hereby pledged.

Section 7. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed so far as the same affects this ordinance.

No. 159

AN ORDINANCE—Providing for the letting of a contract for the excavation of a channel in the Allegheny river for the outflow of the Negley's Run sewer.

Whereas, Owing to the coffer-dam having been recently placed by the United States Government in the Allegheny river immediately below the mouth of Negley's Run sewer preparatory to the constructing of a dam and lock, the outflow from said sewer is thereby changed from its former course down stream, to a course almost directly up stream; and,

Whereas, under the present conditions it is not impossible that in times of low water and of a strong southwesterly wind, that some of the outflow of said sewer may be carried up to the intake of the Brilliant Pumping Station; and,

Whereas, said conditions can be much improved by the making of a channel for the outflow of said sewer which will carry it away in a down-stream direction and deliver it by the shortest channel to the river current; therefore,

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That that the Mayor and the Director of the Department of Public Works shall be and are hereby authorized and directed to let a contract for the excavation by dredging or otherwise of a channel in the bed of the Allegheny river for the outflow of the Negley's Run sewer, for a sum not to exceed one thousand (\$1,000) dollars, and to enter into a contract with the successful bidder for the performance of the work in accordance with an Act of Assembly entitled "An Act for the government of cities of the second class," approved the 7th day of March, A. D. 1901, and the different supplements and amendments thereto and the ordinances of Councils in such cases made and provided.*

Section 2. That the sum of one thousand (\$1,000) dollars, or so much of same as may be necessary, shall be and is hereby set apart and appropriated for the payment or payments required in the performance of above mentioned work, the said amount to be paid out of Appropriation No. 42.

No. 160

AN ORDINANCE—Authorizing the release by the City of Pittsburgh of easement for right of way of sewer through the private property of A. H. Childs and Harvey Childs, Jr.

Whereas, The City of Pittsburgh, by virtue of an ordinance entitled "An ordinance authorizing the construction of a sewer on Ellsworth avenue through private property severally of Shadyside Academy, Mrs. Oliver McClintock and across Bayard street, and through private property severally of A. H. Childs and W. C. Childs, from Leetonia street to the sewer on Amberson avenue," approved October 12, 1888, recorded in Ordinance Book, Vol. 6, Page 514, entered upon said private property and constructed said sewer as aforesaid, which sewer between Bayard street and Amberson avenue lies wholly within the property of A. H. Childs and Harvey Childs, Jr. (grantee of W. C. Childs, above named);

And, whereas, said A. H. Childs and Harvey Childs, Jr., are desirous of having their property relieved from the above easement of the right of way of said sewer;

And, whereas, they have caused to be constructed a sewer on Bayard street to Amberson avenue in a manner satisfactory to the Department of Public Works, which said sewer carries all the sewerage hitherto carried by the said sewer through the property of said A. H. Childs and Harvey Childs, Jr., which last named sewer is no longer used, but has been abandoned;

And, whereas, said sewer was built entirely at the expense of said A. H. Childs and Harvey Childs, Jr., under direction of the Department of Public Works, now, therefore,

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the City of Pittsburgh shall and does hereby release the property of said A. H. Childs and Harvey Childs, Jr., from the easement of the right of way of said sewer and does hereby forever relinquish all right, title and interest of whatsoever nature acquired by the said city by virtue of the above recited ordinance for the construction of the said sewer through their property, and the subsequent occupation of the same.*

AN ORDINANCE—Amending Section 2 of an ordinance entitled "An ordinance authorizing the grading, paving and curbing of La Place street from Kirkpatrick street to Soho street," approved June 16th 1902, enlarging the limit of the whole cost, the same not to exceed an increased estimate herein named.

Whereas It has been ascertained that the estimate of the whole cost and expense of grading, paving and curbing of La Place street from Kirkpatrick street to Soho street, as furnished by and through the Department of Public Works and contained in the ordinance herein-after referred to is so low that the City of Pittsburgh cannot obtain bids therefor within said estimated amount; and,

Whereas, The Department of Public Works has furnished to Councils another estimate of the whole cost, namely: the sum of sixty-five hundred (\$6,500) dollars, therefore,

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same.* That Section 2 of an ordinance entitled "An ordinance authorizing the grading, paving and curbing of La Place street, from Kirkpatrick street to Soho street," approved June 16th 1902, which reads as follows, to-wit:

"Section 2. The City Recorder and the Director of the Department of Public Works are hereby authorized and directed to advertise in accordance with the Acts of Assembly of the Commonwealth of Pennsylvania and the ordinances of the said City of Pittsburgh relating thereto and regulating the same for proposals for the grading, paving and curbing of said street between said points, the contract therefor to be let in the manner directed by the said Acts of Assembly and ordinances, and the contract price or contract prices, if let in separate contracts, not to exceed the total sum of two thousand eight hundred (\$2,800) dollars, which is the estimate of the whole cost as furnished by the Department of Public Works," is hereby amended so as to read as follows:

Section 2. The Mayor and the Director of the Department of Public Works are hereby authorized and directed to advertise in accordance with the Acts of Assembly of the Commonwealth

of Pennsylvania and the ordinances of the said City of Pittsburgh relating thereto and regulating the same for proposals for the grading, paving and curbing of said street between said points, the contract or contracts therefor to be let in the manner directed by the said Acts of Assembly and ordinances, and the contract price or contract prices, if let in separate contracts, not to exceed the total sum of sixty-five hundred (\$6,500) dollars, which is the estimate of the whole cost as furnished by the Department of Public Works.

A N ORDINANCE—Providing for the letting of a contract for the collection, removal and disposal of garbage, offal, dead animals and condemned meat in the City of Pittsburgh.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same,* That the Mayor and the Director of the Department of Public Safety shall be and

they are hereby authorized, empowered and directed to advertise for proposals for the collection, removal and disposal of garbage, offal, dead animals and condemned meat in the City of Pittsburgh from July 1st, 1903, to January 31st, 1904, on a tonnage basis or lump amount, as in their discretion may be for the best interests of the City of Pittsburgh, for a sum of money not exceeding eighty-nine thousand nine hundred forty-eight dollars ninety-five cents (\$89,948.95), and enter into a contract or contracts with the successful bidder or bidders, all to be done in accordance with the provisions of an Act of Assembly entitled "An Act creating a Bureau of Health in the Department of Public Safety in cities of the second class, defining the powers and duties thereof, and of the officers thereunder, prescribing the rules and regulations and laws respecting the public health, and authorizing and imposing fines, penalties and punishments for violations thereof," approved the 26th day of June, A. D. 1895, and an Act of Assembly entitled "An Act for the government of cities of the second class," approved March 7th, A. D. 1901, and an Act of Assembly entitled "An Act amending and supplementing an Act entitled 'An Act for the government of cities of the second class,' approved the 7th day of March, A. D. 1901, in the following particulars, etc., etc.," approved the 20th day of June, A. D. 1901, together with the ordinances of City Councils in such cases made and provided, the costs of which shall be paid from Appropriation No. 24, Bureau of Works.

SPECIFICATIONS.

For the collection, removal and disposal of garbage, offal, tin cans, dead animals and condemned meat in and throughout the City of Pittsburgh, from July 1st, 1903, to January 31st, 1904:

First—All the provisions of the following Acts of Assembly shall be deemed, taken, included and made part of the specifications to-wit: An Act entitled "An Act for the government of cities of the second class," approved the 7th day of March, A. D. 1901; an Act entitled "An Act amending and supplementing an Act entitled 'An Act for the government of cities of the second class,' approved the 7th day of March, A. D. 1901," in the following particulars, etc., etc.," approved the 20th day of July, A. D. 1901; an Act entitled "An Act to regulate the hours of labor of mechanics, workmen and laborers in the employ of the State or any municipal corporation therein or otherwise engaged on public work," approved the 24th day of July, A. D. 1897; and an Act entitled "An Act creating a Bureau of Health in the Department of Public Safety in cities of the second class, defining the powers and duties thereof and of the officers thereunder, prescribing rules and regulations and laws respecting the public health, and authorizing and imposing fines, penalties and punishments for violations thereof," approved the 26th day of June, A. D. 1895.

Second—The liability of the city of collecting, removing and disposing of garbage, offal, tin cans, dead animals and condemned meat under these specifications shall be limited by the amounts provided by the provisions of this ordinance.

Third—The manner, mode and form of the removal and disposal of garbage, offal, dead animals, tin cans and condemned meat in and throughout the city under these specifications shall be by that process known as the reduction process, incineration method or by some other equally as good method, subject to the approval of the Director of the Department of Public Safety, who shall be the sole and absolute judge as to what might be termed any other approved method.

Fourth—Any reduction, incineration or other plant or plants as may be necessary for carrying out these specifications in their entirety shall be located within the limits of the City of Pittsburgh at such point or points as the Director of the Department of Public Safety shall select and approve, but the contractor may locate his plant or plants outside of the corporate limits of the City of Pittsburgh if he so desires.

Fifth—If, in the disposal of garbage, offal, dead animals, tin cans and condemned meat in the City of Pittsburgh by reduction or any other method that may be used, there shall be any residuum, refuse matter or material of any kind whatever of any offensive character arising or resulting from or remaining after said disposal, said residuum, refuse matter and material shall, within twenty-four hours, be removed from and beyond the limits of the City of Pittsburgh.

Sixth—The term "garbage," wherever it occurs in these specifications, means all refuse of animal and vegetable matter which has been used for food for man, and all refuse animal and vegetable matter which was intended to be so used, and includes condemned food. The term "dead animals," wherever it occurs in these specifications, means all dead animals or parts thereof not intended to be used for man.

Seventh—The garbage, offal, dead animals, tin cans and condemned meat shall be removed from all hotels, dwellings, restaurants, stock yards, slaughter houses, markets, streets, alleys, lanes, squares and all public places in the City of Pittsburgh.

Eighth—Collections shall be made daily except Sunday from all the public markets, hotels, restaurants, fish markets, butcher shops, hospitals, slaughter houses and all other places where animals, game or fowls are killed within the city, providing, however, that the removal of dead animals and animal offal shall be at such hours as shall be prescribed by the Director of the Department of Public Safety.

Ninth—During the months of July, August, September and October garbage

shall be removed from all houses in the First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth, Sixteenth, Seventeenth, Eighteenth, Twentieth, Twenty-first wards and that portion of the Nineteenth lying north of Penn avenue and east of Negley avenue, the dwelling houses and residences on North Negley avenue to be included therein, three times each week; the Twenty-fourth, Twenty-fifth, Twenty-sixth, Twenty-eighth, Twenty-ninth and Thirtieth wards, three times each week; in all other portions of the city where garbage may accumulate, two collections shall be made each week. During the months of November, December and January the garbage shall be removed twice each week from all places designated herein above as requiring three removals during the summer months, and one each week from places requiring two removals each week during the summer months. Nothing contained in this paragraph shall interfere with the requirements of these specifications as set forth in paragraph eight.

Tenth—Dead animals lying upon any of the streets, alleys or public highways or elsewhere must be removed immediately to the disposal plant upon receiving notification thereof, either from the Bureau of Health or the Bureau of Police, and if the contractor fails, neglects or refuses to have the same removed within six hours after receiving notice either by telephone or otherwise (excepting in cases where such notices shall be given between the hours of 9 p. m. and 6 a. m., in which instance the reckoning of the six hours shall be computed from 6 a. m.) the sum of \$10 per day for every day of failure, neglect or refusal to comply herewith shall be deducted from the next monthly bill of said contractor, which deductions shall be deemed, taken and treated as liquidated damages and not as penalties.

Eleventh—Garbage, offal, tin cans and condemned meat shall be collected in and transported through the streets of the city in vehicles with water-tight, closed metal boxes, the same to be approved by the Director of the Department of Public Safety, and shall not be changed without the approval of the aforesaid Director. These receptacles or wagons shall have closely fitted lids, which lids must at all times be closed and kept closed excepting when loading or unloading garbage, offal, tin cans or condemned meat, and must not at any time be driven over the public streets or highways in an over-crowded or overloaded condition. The wagons shall be thoroughly washed and disinfected each day immediately after the close of the day's hauling, and shall not appear on the public streets and highways of the City of Pittsburgh in an unsanitary or unsightly manner. For any failure, neglect or refusal on the part of the contractor or any of his agents or employees to thoroughly wash and disinfect daily the wagons as herein provided, there

shall be deducted from the next monthly pay due said contractor the sum of \$5 per day for each and every wagon not so washed and disinfected, which deductions shall be deemed, taken and treated as liquidated damages and not as penalties.

Twelfth—The entire work of collecting, removing and disposing of garbage, offal, tin cans, dead animals and condemned meat shall be at all times accessible to the Director of the Department of Public Safety or his authorized representatives.

Thirteenth—Each bidder shall submit with his bid drawings distinctly and clearly showing his method by which it is intended to dispose of the garbage, dead animals and animal offal; but no bid will be considered which contemplates the dumping of such material either within or without the corporate limits of the city, or feeding the same to animals, except as herein previously provided in case of residuum.

Fourteenth—All receptacles, carts or conveyances of whatever kind used for the collection and removal of garbage, offal, tin cans, dead animals and condemned meat shall be so constructed and loaded as to prevent any part therein from falling on any of the streets, alleys, lanes or public highways of the city, and must have the name of the contractor and the number of the wagon printed on each side of the same in letters of a size to be easily read, and shall carry thereon at least one gallon of a good quality disinfectant for use in cases of emergency; and should any driver or employee of the contractor, by his carelessness or negligence allow any garbage, offal, tin cans, dead animals or condemned meat to fall upon the public streets, lanes, alleys, highways or sidewalks of the City of Pittsburgh, he shall immediately clean up the same and place it in the wagon or receptacle and thoroughly disinfect the place on which said garbage, etc., was dropped, and for any failure on his part to comply herewith there shall be deducted from the next monthly pay roll or sum due the said contractor the sum of \$10 for each and every offense, which sum shall be deemed, taken and treated as liquidated damages, and not as penalties.

Fifteenth—No money, reward, gratuity, fee or other valuable consideration, except the compensation agreed to be paid by the city shall be charged, received or taken by the contractor or any of his agents or employees for doing or failing to do any part of the work required to be done under these specifications.

Sixteenth—The contractor shall at all times use such appliances and employ such or so many men for the performance of all the operations connected with the work embraced under these specifications as will secure a satisfactory rate of progress and quality of work, and in case it shall appear at any time that the work or any part thereof is not being properly done the same shall be immediately corrected upon the demands of the Director of the Department of Public

Safety or his authorized representatives, but no omission on the part of the said Director to notice or call attention to such defect shall be held to be a waiver of said rights of said Director to do so or from directing the same to be corrected as aforesaid.

Seventeenth—In case of failure by the contractor to comply in any respect with the specifications or with the contract, the Director of the Department of Public Safety shall have the right and power and is authorized to provide for the collection, removal and disposal of garbage, offal, dead animals, tin cans and condemned meat which the contractor shall fail to collect, remove or dispose of, and to charge the expense to the contractor, and the contractor and his sureties shall be liable for the expense incurred therein.

Eighteenth—The contractor shall make monthly reports on blanks approved by the Director of the Department of Public Safety, which shall show the number of full loads and parts of loads, or in case of full loads the number and species collected, and shall be sworn to before the City Controller.

Nineteenth—All work shall be done under the supervision of the Director of the Department of Public Safety, and all details of such work as are not herein particularly specified shall be done in a manner acceptable to him.

Twentieth—The contractor shall have and maintain telephone communication with the office of the Bureau of Health and be prepared to receive orders between the hours of 6 a. m. and 12 p. m. Said telephone communication to be at said contractor's own proper cost and expense.

Twenty-first—All wagons for hauling dead animals shall have a lid or covering of an approved design or style, which lid or covering must be at all times thrown over the wagon so as to cover up all carcasses or dead animals, excepting when loading or unloading.

Twenty-second—Any official or employee of the contractor for removing garbage, offal, tin cans, dead animals or condemned meat using improper or vile language, being under the influence of liquor while on duty, or demanding pay from citizens for service rendered, or falsifying any report he may be called upon to make, or if refusing to collect and remove garbage, offal, tin cans, dead animals and condemned meat without being paid for same, except as is provided and allowed as compensation by the City of Pittsburgh, shall immediately be discharged and debarred from further employment in said work. Should the contractor keep in his employ or at any time re-employ any person or persons in violation of this paragraph, there shall be deducted from the next monthly sum due him five (\$5) dollars for each person for each and every day so employed, which sum shall be deemed, taken and treated as liquidated damages and not as penalties. Only full grown men shall be employed in said work, and each of said

employees shall wear in a conspicuous place a badge showing his number and marked "Garbage Collector."

Twenty-third—The contractor shall indemnify and hold harmless the City of Pittsburgh, the Mayor, the Director of the Department of Public Safety and the Superintendent of the Bureau of Health of the City of Pittsburgh against any and all claims which may be made by reason of any infringement of any patent right in the use of any machinery or apparatus necessary in the disposal of the garbage, offal, tin cans, dead animals and condemned meat under these specifications; and said bond shall also indemnify and hold harmless the Mayor, the Director of the Department of Public Safety and the Superintendent of the Bureau of Health of the City of Pittsburgh, its officers, agents or servants, and each and every one of them, against and from all suits or actions of every kind and description brought against the City of Pittsburgh, the Mayor, the Director of the Department of Public Safety and the Superintendent of the Bureau of Health, or any of its officers, agents or servants; and also from damage and costs to which it, they, or any of them may be put by reason of injury to the person or property of any other, resulting from negligence or carelessness or otherwise in the performance of its obligations under the contract, or from any defective or improper appliances used in the performance of the same.

Twenty-fourth—The contractor shall have printed at his own cost and expense a notice to be left at each and every hotel, tavern, eating houses and dwelling houses in the city, stating that a scavenger will call for offal, garbage and swill on certain days mentioned in the notice and requiring that such offal, garbage and swill be ready in prescribed and suitable vessels for the scavenger when he calls for the same. Each notice shall have appended thereon a copy in full of section 20 of an Act of Assembly entitled, "An Act creating a Bureau of Health in the Department of Public Safety in cities of the second class, defining the powers and duties thereof and of the officers thereunder, prescribing rules and regulations and laws respecting the public health, and authorizing and imposing fines, penalties and punishments for the violations thereof," approved June 26th, A. D. 1895. Before such notice is printed and distributed, however, a true copy of the same shall be submitted to the Director of the Department of Public Safety of the City of Pittsburgh for his approval.

Twenty-fifth—Each bid shall be accompanied with a bond in the sum of ten thousand dollars (\$10,000), with two sureties, executed before the City Clerk or the Assistant City Clerk, or the bond of a security Trust Company, for the acceptance of the contract if awarded by the City of Pittsburgh, or in lieu of such bond a certified check or bank certificate of deposit payable to the City of Pittsburgh may be filed with the proposals; and the person or persons, firm

or corporation to whom the contract is awarded shall file a bond to the City of Pittsburgh within ten days after the contract has been awarded, in the sum of fifty per centum of the cost of said contract, to faithfully carry out its provisions.

Twenty-sixth—All labor and equipment of every kind necessary to carry out the provisions of these specifications shall be furnished by and at the expense of the contractor.

Twenty-seventh—When the contract has been entered into it shall not be assigned, transferred or set over to any other person or persons, firm or firms, corporation or corporations, nor will any power of attorney to collect monies due be recognized, and any party assuming the direction of the work, or taking part therein, shall be considered as an employee under these specifications and under the contract. Any violations of the Acts of Assembly or the ordinance or these specifications shall be sufficient cause for the immediate cancellation of the contract by the Mayor and the Director of the Department of Public Safety of the City of Pittsburgh, who may thereupon employ the necessary labor to perform the work, or readvertise and relet the work at the expense of the offending contractor and his sureties.

Twenty-eighth—All parts of these specifications are intended to be explanatory of each other, but in case any misunderstanding or doubt as to the meaning of any of the provisions thereof shall arise, the same shall be submitted to the Mayor and the Director of the Department of Public Safety for their decision, and their interpretation shall be final, binding and conclusive, without exception or appeal.

Twenty-ninth — Monthly payments shall be made to the contractor within the first ten days of each and every month; said payment to be made after the contractor has filed proper vouchers according to law for the same, and upon the certificate of the Superintendent of the Bureau of Health, in such sums as may be agreed upon and fixed in the contract hereinafter to be entered into between the City of Pittsburgh and the contractor, said payments to be made subject to the provisions of these specifications.

No. 191

AN ORDINANCE—Establishing and levying license taxes for general

revenue purposes upon street railways, telephone, telegraph, electric light or power, water, gas and heat companies or corporations doing business in the City of Pittsburgh, regulating the collection of the same and imposing penalty for default in payment.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled and it is hereby ordained and enacted by the authority of the same* That for and during the fiscal year beginning the first day of February, A. D. 1904, there shall be and is hereby established and levied license taxes for general revenue purposes, upon all companies and corporations hereinafter named, doing business in the City of Pittsburgh, and the same are hereby fixed at the following annual rates, viz.:

Upon each and every street railway company or corporation the sum of twenty-five cents per foot for each lineal foot of track laid, maintained or operated by such company or corporation within the limits of the City of Pittsburgh, exclusive of such track as may be in the yards or buildings of such company or corporation.

Upon each and every telephone, telegraph and electric light or power company or corporation the sum of one-half cent per foot for each lineal foot of pole lines of wires erected, maintained or operated by such company or corporation, where the wires are carried or maintained above the ground, and five cents per lineal foot of conduit where the wires are carried underneath the ground within the limits of the City of Pittsburgh, exclusive of such wires as may be in the buildings of such company or corporation.

Upon each and every water, gas (whether natural or artificial) and heat company or corporation the sum of three cents per foot for each lineal foot of pipe laid and maintained by such company or corporation within the limits of the City of Pittsburgh.

Section 2. Said license taxes shall be based upon the sworn statements of the President, Secretary or Treasurer of each of said companies or corporations, and it shall be the duty of the President, Secretary or Treasurer of each of the same, respectively, to make report, under oath, to the City Treasurer on or before the 1st day of February, A. D. 1904, of the length of track, wire or pipe, as the case may be, laid, erected, maintained or operated as afore said by such company or corporation.

Section 3. In case the City Treasurer shall not be satisfied with the accuracy of any such report he is authorized and empowered to cause the same to be corrected, through the proper officers of the company making the same, and to fix the license taxes for the year, basing the same upon the report or reports so returned, or, in case he finds the same to be incorrect, then upon such information as he may be able to obtain. In case of failure on the part of any company or corporation to make report as above provided within the time so

designated the City Treasurer is authorized and empowered to fix the license taxes for the year, basing the same upon the best information obtainable by him, and charge said taxes against said company or corporation.

Section 4. All license taxes hereby authorized, established and levied shall be fixed by the City Treasurer, and shall be payable at the City Treasurer's office on or before the first day of May, A. D. 1904; and in case of default in the payment of the same on said first day of May, five per centum of the amount unpaid shall be added to said taxes by the City Treasurer, and such taxes and penalties shall, in default of payment on the said first day of May be collected by the City Treasurer by action at law.

Section 5. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

No. 194

AN ORDINANCE—Amending Section 1 of an ordinance entitled "An ordinance providing for the sale of a certain lot of ground and premises situate in the Eleventh ward of the City of Pittsburgh, and the application of the proceeds of sale to the erection of a fire engine house," approved by the City Recorder October 28th, 1902, and also ratifying and confirming the sale made by

the Director of the Department of Public Safety under and pursuant to the terms thereof.

Whereas, The Director of the Department of Public Safety of the City of Pittsburgh, acting under and pursuant to the terms of the ordinance above recited, upon the 25th day of November, 1902, at ten o'clock A. M., exposed at public sale Police Station No. 2, at No. 1710 Centre avenue, in the City of Pittsburgh, and the ground upon which it is erected, and then and there sold the same to J. H. Wise at and for the consideration of \$5,355, he being the highest and best bidder, and that being the highest and best price bid for the same, of which purchase money ten per cent has already been paid into the treasury of the City of Pittsburgh, and the purchaser, J. H. Wise, has since transferred his bid to S. H. Cohen, who is ready and willing to comply with the terms of said sale; and,

Whereas, Since said sale it has been discovered that the description of the property as contained in said ordinance is erroneous and does not correctly describe the property intended to be sold, now, therefore,

SECTION 1. Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That Section 1 of an ordinance entitled "An ordinance providing for the sale of a certain lot of ground and premises in the Eleventh ward of the City of Pittsburgh, and the application of the proceeds of sale to the erection and construction of a fire engine house," approved by the City Recorder on the 10th day of October, A. D. 1902, which reads as follows:

"Section 1. Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, that all that certain lot of ground and premises situate in the Eleventh ward of the City of Pittsburgh, County of Allegheny and State of Pennsylvania, bounded and described as follows:

"Being lot marked No. 5, in the third plan of lots laid out by William Arthurs, Esq., comprised of and being lots Nos. 9 and 10 in A. C. Reed's first sale of lots in Pitt township, which said plan is recorded in the office for recording deeds, etc., in and for the said County of Allegheny, in Book B, Third, Vol. 51, page 281, beginning on Centre avenue at a distance of 161 feet 6½ inches westwardly from Roberts street; thence extending 20 feet 4½ inches westwardly along Centre avenue; thence extending southwardly at a width of 20 feet 4½ inches, preserving the same width of 20 feet 4½ inches, a distance of 92 feet 6 inches, more or less, to an alley, on which there is erected a two story brick building, being the property of the said City of Pittsburgh, be sold at public sale, and it is hereby directed that the same be sold at public sale to the highest bidder at said sale,"

Shall be and the same is hereby amended to read as follows:

"Section 1. Be it ordained and enacted by the City of Pittsburgh, in Select and Common Council assembled, and it is hereby ordained and enacted by the authority of the same, that all that certain lot of ground and premises situate in the Eleventh ward of the City of Pittsburgh, County of Allegheny and State of Pennsylvania, bounded and described as follows, to-wit:

"Beginning on the southerly side of Centre avenue, on the east line of a brick building lately used and occupied by the City of Pittsburgh as a patrol station, No. 2, being at a point distant 81 feet 1½ inches westwardly from Roberts street, as at present located; thence along the southerly side of Centre avenue westwardly a distance of 20 feet to the northwesterly corner of said building thence extending back southwardly and preserving the uniform width of 20 feet a distance of 92 feet 5½ inches, more or less, to an alley, upon which is erected a brick building lately used and occupied as Patrol Station No. 2, and being parts of lots marked Nos. 5 and 6 in the third plan of lots laid out by William Arthurs, Esq., as recorded in the Recorder's office of said county in Vol. 51, page 281, being the property of the said City of Pittsburgh, be sold at public sale, and it is hereby directed that the same be sold at public sale to the highest bidder at said sale."

Section 2. That the sale heretofore made to J. H. Wise, whose bid was transferred to S. H. Cohen as hereinbefore stated, at and for the consideration of \$5,355, payable in cash upon delivery of the deed, be and the same is hereby ratified and approved, and the Mayor of the said city, upon compliance with the terms of sale and payment of the entire amount of the purchase money into the city treasury, he, and he is hereby, authorized and directed to make, execute and deliver to the said Cohen the deed of the City of Pittsburgh in the usual form, conveying and transferring to him the said lot of ground and the improvements thereon erected, and that said deed shall contain the usual covenants of general warranty.

AN ORDINANCE—Authorizing the paving and curbing of Wandless street, from Wylie avenue to Centre avenue.

Whereas, It appears by the petition and affidavit on file in the office of the City Clerks that a majority of the property owners in interest and number abutting upon the line of Wandless street, between Wylie avenue and Centre avenue, have petitioned the Councils of the City of Pittsburgh to enact an ordinance for the paving and curbing of the same, therefore,

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That Wandless street, from Wylie avenue to Centre avenue, be paved and curbed.*

Section 2. The Mayor and the Director of the Department of Public Works are hereby authorized and directed to advertise in accordance with the Acts

of Assembly of the Commonwealth of Pennsylvania and the ordinances of the said City of Pittsburgh relating thereto and regulating the same, for proposals for the paving and curbing of said street between said points, the contract or contracts therefor to be let in the manner directed by the said Acts of Assembly and ordinances, and the contract price or contract prices, if let in separate contracts, not to exceed the total sum of seven thousand six hundred (\$7,600) dollars, which is the estimate of the whole cost as furnished by the Department of Public Works.

Section 3. The cost, damages and expense of the same to be assessed against and collected from properties specially benefited in accordance with the provisions of the Acts of Assembly of the Commonwealth of Pennsylvania relating thereto and regulating the same.

Section 4. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed, so far as the same affects this ordinance.

DEDICATION—Of part of Brown's alley.

I, the undersigned, being the owner in fee simple of all the property within the lines of a strip of ground 20 feet wide, from Millvale avenue to the west line of J. W. Wiley's plan of lots, the north line of said strip of ground being distant 110 feet south of the south building line of Rosetta street, and the south line of which is distant 110 feet north of the north building line of Kincaid street, and being the continuation of an alley known as Brown's alley, laid out at a width of 20 feet in J. W. Wiley's plan of lots, recorded in the Recorder's office of Allegheny county August 16th, 1880, in Plan Book, Vol. 6, Page 218; and being also the owner of one of the four lots on said strip of ground and having sold the other three to various persons, as shown on attached sketch, subject to an alley 20 feet wide, do hereby dedicate and set apart for public use as a public highway, and to become a part of Brown's alley, the said strip of ground twenty feet wide, as shown upon plan hereto attached and made part of this dedication.

And I do hereby waive and release any and all claims which I have or may accrue to me for damages by reason of the taking and appropriation of the said strip of ground twenty feet wide for public highway purposes by the City of Pittsburgh.

And I do hereby authorize the proper authorities of the City of Pittsburgh to take possession of said strip of ground and treat it as a public highway, thus making it a part of Brown's alley, as though it had been opened and acquired by and under an ordinance duly approved by Councils.

A N ORDINANCE—Authorizing and directing the purchase of two lots in C. B. Seeley's plan, situate in the Nineteenth ward, City of Pittsburgh, from Mary E. McCaffrey, and providing for the payment of purchase money therefor out of the proceeds of sale of bonds for park purposes.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the Director of the Department of Public Works of said City be and he is hereby authorized, empowered and directed to purchase in fee simple for the use and benefit of said City, from Mary E. McCaffrey, for the consideration hereinafter named, all those two certain lots or pieces of ground numbered 1 and 2, in C. B. Seeley's Plan, situate in the Nineteenth ward, City of Pittsburgh, recorded in the Recorder's Office of Allegheny County, Pa., in Plan Book, vol. 4, pages 196 and 197.*

The consideration for the same being Twenty-Five Hundred (\$2,500) Dollars, and which said consideration is hereby made payable out of the money to be raised upon the bonds issued by the City of Pittsburgh, under and by virtue of "An Ordinance authorizing the submission to the electors of the City of Pittsburgh the question of increasing the indebtedness of the said City for the purpose of acquiring property for park purposes, uses or extension, and the improvement of the parks; the extension and improvement of the supply and distribution of water and the laying of pipe therefor; the erection, renewal and repair of bridges; completion of the boulevards; and the purchase and throwing open of toll roads within the City limits," approved July 5th, 1899, and charge the same to the proceeds from the sale of bonds.

Section 2. That the sum of Twenty-Five Hundred (\$2,500.00) Dollars of the proceeds arising from the sale of bonds issued for the purpose of acquiring property for park purposes, under and by virtue of an Ordinance entitled, "An Ordinance authorizing the issuing of bonds for the purpose of the extension and improvement of water supply and distribution, including the filtration of such water supply and providing and furnishing meters to be used in connection therewith; paying the assessments against the City now or hereafter made for the cost of constructing main sewer in said City; the acquisition and purchase of real estate within the City of Pittsburgh for the use of the Department of Public Safety; the erection and repair of buildings and improvements for said department; the purchase of the necessary machinery, apparatus, equipment and furniture therefor; and for the erection and construction of the necessary buildings, improvements, equipments, furnishings, supplies and all other matters and things necessary for the completion, requirements and needs of municipal hospitals for isolated and contagious diseases; erecting new buildings, additions to buildings, renewing, changing and altering parts of buildings; purchase of additional lands, constructing reservoir, erection of fences, erection of lightning rods and lightning arrestors, extension of boilers and boiler house, and construction of exercise yards at the City Home and Hospitals, Department of Charities, and the improvement of the parks; the extension and the improve-

ment of the supply and distribution of water, and the laying of pipe therefor; the erection, renewal and repair of bridges; the completion of the boulevards; and the purchasing and throwing open of toll roads within the city limits; and providing for the redemption thereof," approved November 16th, 1899, shall be and the same is hereby set apart and appropriated for the payment to Mary E. McCaffrey, for the purchase of two lots or pieces of ground in C. B. Seeley's Plan, situate in the Nineteenth ward, City of Pittsburgh, as hereinbefore described; and that upon proper execution and delivery of a deed in fee simple for the same, the Controller of said City is hereby authorized and directed to issue his certificate for a warrant for the consideration, to-wit, Twenty-Five Hundred (\$2,500.00) Dollars, and charge the same to the account of the proceeds arising from the sale of bonds, as authorized for acquiring property for park purposes.

Section 3. That any Ordinance, or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

No. 366

A N ORDINANCE—Authorizing and directing the issue of bonds to the amount of Seventy-Five Thousand (\$75,000.00) Dollars, to be known as the Health Temporary Loan Bonds.

Whereas, by an Act of Assembly, approved June 26th, 1895, entitled, "An Act creating a Bureau of Health in the Department of Public Safety in cities of the second class, defining the powers and duties thereof and of the officers there-

under; prescribing rules and regulations and laws respecting the public health, and authorizing and imposing fines, penalties and punishments for violations thereof," it is provided, inter alia, in Sections 28 and 29, as follows:

"Section 28. In case of pestilence or epidemic disease, or danger from anticipated or impending pestilence or epidemic disease, or in case the sanitary condition of any of the said cities should be of such a character as to warrant it, it shall be the duty of the said department of public safety and bureau of health to take such measures, and to do and order and cause to be done, such acts for the preservation of the public health (though not herein or elsewhere authorized), as they may in good faith believe and declare the public safety and health demand."

"Section 29. The Councils of said cities, for the purpose of providing for the contingencies mentioned in the preceding section, and for the purpose of carrying out the provisions of this act, shall from time to time appropriate a sufficient sum of money to cover such expenditures."

And Whereas, the contingency mentioned in said Act has arisen by reason of a threatened epidemic of small-pox which has been and continues to be an epidemic in form in the City of Pittsburgh,

And Whereas, the Department of Public Safety and Bureau of Health for the purpose of providing sufficient funds for carrying out such measures as they believe and declare to be necessary for the preservation of the public health, as well as to provide for the payment of expenses already incurred in that behalf, have asked that Councils shall appropriate for that purpose the sum of Seventy-Five Thousand (\$75,000.00) Dollars,

And Whereas, there are no funds in the City Treasury at the present time which have not already been appropriated,

And Whereas, the funded debt of the City is below the constitutional limit,

And Whereas, by an Act of Assembly entitled, "An Act for the government of cities of the second class" approved March 7th, 1901, it is provided among other things in Article 19, Section 2, as follows:

"Section 2. Every city of the second class within this Commonwealth is hereby declared to be a body corporate and politic, and shall have perpetual succession, and shall have power.

VI. To provide for the issuing of bonds and for the application of bonds already issued, for the purpose of funding any and all indebtedness now existing or hereafter created of the city, now due or to become due; Provided, that said bonds shall be payable in not less than five years and not more than thirty years from the date of their issue, and that the same shall bear interest at a rate not exceeding six per centum per annum, with interest coupons attached, payable annually or semi-annually, and the said

bonds shall not be sold or exchanged for less than their par value and accrued interest.

"VII. To make provision for a Sinking Fund to pay at maturity the bonded indebtedness of the city, and to levy and collect taxes on all the taxable property in the city, in addition to all other taxes, for the purpose of paying the same, under and subject to the limitations and requirement of this Act and of the Constitution and laws of this Commonwealth.

"VIII. To provide for the payment of the debts and expenses of the City, and to appropriate money therefor." Now, therefore,

SECTION 1. be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the City Controller shall be and is hereby authorized, empowered and directed to issue registered bonds in the name of the City of Pittsburgh, to an amount not exceeding Seventy-Five Thousand (\$75,000.00) Dollars, in accordance with the Acts of Assembly in such cases made and provided, and the several supplements thereto.

Section 2. Said bonds shall be in sums of one hundred dollars or multiples thereof to suit the purchaser, payable in five years from January 1st, 1904, with interest thereon at the rate of 4 per centum per annum, payable semi-annually, at the office of the City Treasurer on the first day of July and January of each year and the principal thereof payable at their maturity at the same place; which bonds shall be signed by the Mayor, countersigned by the City Controller and sealed with the corporate seal of the City of Pittsburgh and registered by the Bond Clerk in the office of the City Treasurer, and when so executed shall be sold at not less than par and accrued interest, and the proceeds thereof, or so much as shall be necessary, shall be applied to the payment of the expenses incurred, in the manner set forth in the preamble of this ordinance and for no other purpose whatever.

Section 3. Said bonds when issued shall be subject to the right of the city to redeem one-fifth of the entire issue thereof each and every year from and after the first day of January 1904; and each bond so issued shall have specified therein the date at and after which the city may redeem it, by the payment of the principal and the accrued interest due at the time of such redemption.

Section 4. That the said bonds shall be issued from time to time on requisition on the City Controller made and signed by the Director of the Department of Public Safety and the Superintendent of the Bureau of Health for such amounts as the necessities of the case require; but they shall be all of the same date, and shall be known as the Health Temporary Loan Bonds.

Section 5. Until said bonds issued as herein provided shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law or hereafter made liable to assessment for taxation for city purposes, a tax sufficient

to pay the interest of said bonds as the same shall accrue, and also twenty (20) per centum of the total amount of the bonds hereby authorized for the payment of the principal and the redemption of said bonds when and as they may become due and payable, according to their terms; and the same is hereby appropriated out of the revenues of said city for the payment and redemption aforesaid.

Section 6. All bonds issued by virtue of this ordinance and the Acts of Assembly authorizing the same, shall be and become part of the funded debt of the City of Pittsburgh, and shall be entitled to all rights, privileges and immunities thereof, and for the payment of the principal of said bonds and the semi-annual interest thereon free from all taxation, as the same shall mature or become payable, the faith, honor, credit and property of said city are hereby pledged.

No. 398

A N ORDINANCE—Levying Taxes and Assessing Water Rents for the fiscal year beginning February 1st, 1904.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That for the purpose of providing sufficient revenue for the payment of the interest on the funded debt and to provide sinking funds as required by law for the retirement of said debt at maturity, for the payment of the salaries of City Officers and to pay the ordinary current expenses of the City and for the discharge of other liabilities now due, or which may become due and payable during the said year beginning February 1st, 1904, taxes shall be and are hereby levied and assessed upon all property and other objects of taxation, as follows:*

City Tax—Upon all property taxable for State or County purposes 12½ mills upon each dollar of valuation, except the property in said City designated as rural, upon which the tax shall be assessed at two-thirds of said rate, and upon all property designated as agricultural the tax shall be assessed at one-half of said rate.

Beltzhoover Borough Special Tax—Upon all property taxable for State or County purposes within the limits of the former Borough of Beltzhoover 2 mills.

The balance of receipts from said special taxes (after paying interest) shall be paid into a sinking fund for the district from which it is collected, and shall be used for the payment of the special debt of said district.

Section 2. That for and during the fiscal year beginning the first day of February, A. D. 1904, there shall be and is hereby established and levied license taxes for general revenue purposes, upon all companies and corporations, herein-after named, doing business in the City of Pittsburgh, and the same are hereby fixed at the following annual rates, viz:

Upon each and every street railway company or corporation the sum of twenty-five cents per foot for each lineal

foot of track laid, maintained or operated by such company or corporation, within the limits of the City of Pittsburgh, exclusive of such track as may be in the yards or buildings of such company or corporation.

Upon each and every telephone, telegraph and electric light or power company or corporation the sum of one-half cent per foot for each lineal foot of pole lines of wires erected, maintained or operated by such company or corporation, where the wires are carried or maintained above the ground, and five cents per lineal foot of conduit where the wires are carried underneath the ground, within the limits of the City of Pittsburgh, exclusive of such wires as may be in the buildings of such company or corporation.

Upon each and every water, gas (whether natural or artificial) and heat company or corporation the sum of three cents per foot for each lineal foot of pipe laid and maintained by such company or corporation within the limits of the City of Pittsburgh.

Section 3. Said license taxes shall be based upon the sworn statement of the President, Secretary or Treasurer of each of said companies or corporations, and it shall be the duty of the President, Secretary or Treasurer of each of the same, respectively, to make report, under oath, to the City Treasurer on or before the 1st day of February, A. D. 1904, of the length of track wire or pipe, as the case may be laid, erected, maintained or operated as aforesaid, by such company or corporation.

Section 4. In case the City Treasurer shall not be satisfied with the accuracy of any such report, he is authorized and empowered to cause the same to be corrected, through the proper officers of the company making the same, and to fix the license taxes for the year, basing the same upon the report or reports so returned, or, in case he finds the same to be incorrect, then upon such information as he may be able to obtain. In case of failure on the part of any company or corporation to make report as above provided, within the time so designated, the City Treasurer is authorized and empowered to fix the license taxes for the year, basing the same upon the best information obtainable by him, and charge said taxes against said company or corporation.

Section 5. All license taxes hereby authorized, established and levied shall be fixed by the City Treasurer, and shall be payable at the City Treasurer's office on or before the first day of May, A. D. 1904; and in case of default in the payment of same, on said first day of May, five per centum of the amount unpaid shall be added to said taxes by the City Treasurer, and such taxes and penalties shall, in default of payment, on the said 1st day of May be collected by the City Treasurer by action at law.

Section 6. The Department of Public Works shall assess water rents by the schedule of water rents as follows:

No. 408

A N ORDINANCE—Granting unto the Grant and Liberty Street Railway Company, its successors, lessees and assigns the right to construct, maintain and operate a street passenger railway on certain streets, highways and property in the City of Pittsburgh.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same,* That the Grant and Liberty Street Railway Company, its successors, lessees and assigns, shall have the right, and is hereby authorized, to enter upon, use and occupy and cross the following streets, highways and property within its route:

Beginning on Virgin alley, at its intersection with Liberty avenue; thence along Virgin alley to Grant street; thence along Grant street to Sixth avenue; thence crossing Sixth avenue to Dante alley; thence along Dante alley to Fountain street; thence along Fountain street to Seventh avenue; thence crossing diagonally Seventh avenue to Grant boulevard; thence along Grant boulevard to Dithridge street; thence along Dithridge street to Centre avenue, and thence returning by the same route to the place of beginning.

Also, beginning on Grant boulevard, at its intersection with Craig street; thence along Craig street to Centre avenue, and thence returning by the same route to the place of beginning.

Also, beginning on Virgin alley, at its intersection with Cherry alley; thence along Cherry alley to Water street; thence returning along Cherry alley to Virgin alley, and thence continuing along Cherry alley to Liberty avenue; thence crossing diagonally Liberty avenue to Tenth street; thence along Tenth street to the Allegheny river, and returning

by the same route to the place of beginning at the intersection of Cherry alley with Virgin alley.

Also, beginning on Cherry alley, at its intersection with Strawberry alley; thence along Strawberry alley to Liberty avenue, and thence returning along Strawberry alley to Cherry alley; thence continuing along Strawberry alley to Fountain street, and thence returning by the same route to the place of beginning at the intersection of Strawberry alley and Cherry alley.

And to construct, maintain, operate and use during the term named in its charter its railway as hereinbefore mentioned, with single or double tracks, with the necessary sidings, turnouts and switches, and to operate its cars thereon, and to use electricity as a motive power, and to erect, maintain and use in the streets and highways before mentioned such posts, poles or other supports as said company may deem convenient for the support and maintenance of such overhead system; subject, however, to the provisions of a "General Ordinance relating to the entry upon, over or under, or the use or occupation of any street, lane or alley, or any part thereof, for any purpose by passenger or street railway companies, or by companies operating street or passenger railways, and providing reasonable regulations pertaining thereto for the public convenience and safety," approved the 25th day of February, A. D. 1890.

Section 2. Said company shall have the right to connect its tracks with the tracks of other street railway companies upon streets at the intersection therewith of the streets of the route of the Grant and Liberty Street Railway Company; and as the said railways of other railway companies may now or hereafter be constructed and operated.

Section 3. Consent is hereby given to the said street railway company, at its option, to be exercised within two years, after the passage and approval of this ordinance, to abandon such portions of its route hereinbefore mentioned as it may deem unnecessary for the accommodation of the public, provided that proper action of said company, its successors, lessees and assigns, abandoning certain portions of the route shall be duly certified under the hands and seals of the proper officers of the company, and be filed in the office of the Controller and the Director of the Department of Public Works of the City of Pittsburgh within the time aforesaid.

Section 4. Said Grant and Liberty Street Railway Company, its successors, lessees and assigns, shall, in addition to the terms imposed by this ordinance, be subject to all lawful ordinances of the City of Pittsburgh in relation to street railways now enacted or hereafter to be enacted, including tax ordinances; provided that the same shall be binding upon all street railways operating in said city.

Section 5. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

AN ORDINANCE—Granting unto the Main and Mifflin Street Railway Company, its successors, lessees and assigns, the right to enter upon, use and occupy and cross certain streets and highways in the City of Pittsburgh.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same,* That the Main and Mifflin Street Railway Company, its successors, lessees and assigns, shall have the right, and is hereby authorized, to enter upon, use and occupy and cross the following highways within its route, to-wit:

Beginning on Friendship avenue, at its intersection with Taylor street; thence along Friendship avenue to North St. Clair street; thence along North St. Clair street to Baum street, and thence returning by the same route to the place of beginning.

Also, beginning on Friendship avenue, at its intersection with Pearl street; thence along Pearl street to Liberty avenue; thence crossing Liberty avenue diagonally and continuing along Pearl street to Minerva street; thence along Minerva street to Taylor street, and thence returning by the same route to the place of beginning.

Also, beginning on Friendship avenue, at its intersection with Taylor street; thence along Taylor street to Liberty avenue; thence crossing Liberty avenue diagonally and continuing along Taylor street to Laurel street; thence by a bridge to be erected from north side of Laurel street and passing overhead of Laurel street, Pittsburgh Junction Railroad, Pennsylvania Railroad, Melwood avenue, Gold alley and other property to a point on the Grant boulevard between Byron street and Ridge street, and thence returning by the same route to the place of beginning.

Also, beginning on Friendship avenue, at its intersection with Evaline street; thence along Evaline street to Liberty avenue; thence along Liberty avenue diagonally to Osceola street; thence along Osceola street to Cypress street; thence along Cypress street to Mathilda street; thence crossing Mathilda street diagonally to and continuing along Cypress street to Edmond street; thence along Edmond street to Essex alley; thence along Essex alley to Pearl street, and returning by the same route to the place of beginning.

Also, beginning on Cypress street, at its intersection with Osceola street; thence along Cypress street to South Atlantic avenue, and returning by the same route to the place of beginning.

And to construct, maintain, operate and use during the term named in its charter its railway as hereinbefore mentioned, with single or double tracks, with the necessary sidings, turnouts and switches, and to operate its cars thereon, and to use electricity as a motive power, and to erect, maintain and use in the streets and highways before mentioned such posts, poles and other supports as said company may deem convenient for the support and maintenance of such overhead system; subject, however, to the provisions of a "General Ordinance relating to the entry upon, over or under, or the use or occupation of any street, lane or alley, or any part thereof, for any purpose by passenger or street railway companies, or by companies operating street or passenger railways, and providing reasonable regulations pertaining thereto for the public convenience and safety," approved the 25th day of February, A. D. 1890.

Section 2. Said company shall have the right to connect its tracks with the tracks of other street railway companies upon streets at the intersection thereof with the streets of the route of the Main and Mifflin Street Railway Company; and as the said railways of other railway companies may now or hereafter be constructed and operated.

Section 3. Consent is hereby given said company to construct and erect a bridge or viaduct from the north side of Laurel street, at its intersection with Taylor street, to a point on the Grant boulevard between Byron street and Ridge street, crossing over Laurel street, Pittsburgh Junction Railroad, Pennsylvania Railroad, Melwood street, Gold alley and other properties, provided that said bridge or viaduct be constructed of structural steel, on masonry foundations, and having a roadway at least twenty-two (22) feet wide, and a sidewalk eight (8) feet wide.

And it is hereby further provided that when said bridge shall be completed and opened to public travel that the said bridge shall be turned over to and become the property of the City of Pittsburgh, and the said company shall be at the entire expense of maintaining all of the substructure of said bridge, and that the City of Pittsburgh will maintain the superstructure and floor of said bridge, excepting the rails of the company thereon laid.

Section 4. Consent is hereby given to the said street railway company, at its option, to be exercised within two years after the passage and approval of this ordinance, to abandon such portions of its route hereinbefore mentioned as it may deem unnecessary for the accommodation of the public, provided that proper action of said company, its successors, lessees and assigns, abandoning certain portions of its route shall be duly certified under the hands and seals

of the proper officers of the company, and be filed in the office of the Controller and the Director of the Department of Public Works of the City of Pittsburgh within the time aforesaid.

Section 5. Said Main and Mifflin Street Railway Company, its successors, lessees and assigns, shall, in addition to the terms imposed by this ordinance, be subject to all lawful ordinances of the City of Pittsburgh in relation of street railways now enacted or hereafter to be enacted, including tax ordinances, provided that the same shall be binding upon all street railways operating in said city.

No. 447

AN ORDINANCE—To authorize and direct the proper officers of the City of Pittsburgh, in the name and on behalf of said city, to enter into and execute a contract with the Pennsylvania Railroad Company whereby said railroad company may, within the limits of said city, relocate, change and elevate a part of its railroad now on Liberty street, and the branches therefrom.

SECTION 1. Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same. That the proper officers of the said city be and they are hereby authorized and directed, in the name and on behalf of said City of Pittsburgh, to enter into and execute a contract with the Pennsylvania Railroad Company in the following form, to-wit:

CONTRACT.

This agreement made this _____ day of _____, between the City of Pittsburgh, hereinafter designated "City," first party, and the Pennsylvania Railroad Company, hereinafter designated "Railroad Company," second party, witnesseth:

Whereas, The railroad of said Railroad Company enters the limits of said City and extends inter alia along the surface of Liberty street, in said City, from a point near the intersection of Liberty and Eleventh streets to Water street, with branches therefrom on the surface of Third street, on the surface of Short street, and extending across Liberty street into its Duquesne Freight Station;

And, whereas, the said Railroad Company, in the manner and on the terms hereinafter set forth, desires to improve the above recited portions of its railroad by a relocation, change and elevation thereof;

And, whereas, the proposed relocation, change and elevation will be of the general character set out in the blue print hereto attached and made part hereof, and on substantially the following route:

MAIN LINE.

Beginning at a point in the center line of the Pennsylvania Railroad south of Liberty street and in the line of the eastern wall of the Union station produced, and extending thence by a curve to the northward across private property to a point about four hundred and sixty (460) feet south of Duquesne way, crossing Liberty street, Eleventh street, Exchange alley and Penn avenue by extensions of the existing structures across those thoroughfares; extending thence by a curve to the westward by an elevated structure over the freight yard of the Pittsburgh, Fort Wayne and Chicago Railway, and over Duquesne way to a point on the north side of Duquesne way about sixty (60) feet west of Tenth street; thence by a line substantially parallel with Duquesne way and north of the north curb line of Duquesne way to a point about eighty (80) feet east of the eastern house line of Fourth street; crying thence to the southward, crossing Duquesne way by an overhead bridge to the south side thereof, and thence on private property to the north side of Penn avenue; thence crossing Penn avenue by an overhead bridge to the south side thereof, and by a curve to the westward over private property to the easterly side of Third street; thence crossing Third street by an overhead bridge, still by a curve to the westward, to a point in Third street about six (6) feet north of the north house line of Liberty street, and thence westwardly parallel with the north house line of Liberty street to a point near the easterly house line of Water street; thence by a curve to the northward, crossing Water street at grade to a point midway between the Monongahela river harbor line and the southwestwardly line of Water street; thence northwardly by a line parallel with said harbor line along the Monongahela wharf to a point about fifty feet south-eastwardly of the Point Bridge, together with branches therefrom as follows:

BRANCHES.

Branch No. 1, which will begin at point "B" on the main line near its intersection with the northerly house line of Duquesne way, extending thence across Duquesne way by overhead bridges to the southerly side thereof; thence across private property to the easterly line of Third street; thence across Third street by overhead bridges to the westerly side thereof to private property located in the square between Penn avenue and Duquesne way and between Third street and Water street.

Branch No. 2, which will begin on the main line on the Monongahela wharf, at a point about midway between Penn avenue and Exchange alley produced; thence by a curve at grade across Water street into the Duquesne Freight Station; and

Branch No. 3, which will begin at point "C" on the main line, at its inter-

section with the southerly side of Penn avenue, extending thence across private property to the northerly side of Liberty street thence across Liberty street by an overhead bridge to a point where Short street intersects Liberty street, and thence along and over Short street by an elevated structure near the westerly curb line thereof to a point where Short street intersects the northeasterly line of Water street.

Now this Agreement Witnesseth: That in consideration of the premises and of the covenants of the parties hereinafter contained, it is agreed by and between the said City and said Railroad Company as follows, to-wit:

First, Said City hereby assents and agrees that said Railroad Company, its successors and assigns, may re-locate, change and elevate the said portions of its railroad to and on the above recited route, and in accordance with the attached blue print, and on said new location and elevation construct, maintain, operate and use tracks as hereinafter specified; and that said Railroad Company, its successors and assigns, in making said relocation, change and elevation, may do or cause to be done, inter alia, the following things:

1. Construct, maintain and use bridges of iron or steel with suitable masonry supports, and with intermediate supporting columns of iron or steel, over the following streets, provided all supports of masonry, of iron or steel shall be erected within the Railroad Company's own property where they cross any street, lane or alley:

(a) A two-track bridge over Duquesne way east of the west line of Tenth street, with a clearance of not less than 30 (thirty) feet above the existing grade of the said Duquesne way.

(b) A four-track bridge over Duquesne way between Third street and Fourth street, with a clearance of not less than twelve feet above the existing grade of a Duquesne way.

(c) A two-track bridge over an unnamed alley between Duquesne way and Penn avenue, with a clearance of not less than thirteen feet above the existing grade of said alley.

(d) A two-track bridge over Penn avenue between Third and Fourth streets, with a clearance of not less than fifteen feet above the existing grade of said Penn avenue.

(e) Five bridges over Third street, to-wit: For Branch No. 1, two 2-track bridges, one 3-track bridge, and a one-track bridge, and for main line a 2-track bridge, each bridge to have a clearance of not less than twelve feet above the existing grade of said Third street.

(f) A one-track bridge over Liberty street between Third street and Third avenue, with a clearance of not less than thirteen feet above the existing grade of said Liberty street for Branch No. 3.

(g) Extensions of the existing railroad bridges over Penn avenue, over

Exchange alley and Eleventh street, and over Liberty street near Eleventh street of sufficient width to accommodate two additional tracks.

2. Construct, maintain and use elevated viaducts of iron or steel with suitable masonry supports and with intermediate supporting columns of iron or steel over the following wharves or public landings, streets and other places as follows:

(a) A two-track elevated viaduct along the wharves or landings north of Duquesne way between Tenth street and the lines of Fourth street produced at such an elevation as to give a clearance over Ninth street of not less than fifteen feet above the existing grade thereof, a clearance over Seventh street of not less than sixteen (16) feet above the existing grade thereof, and a clearance over Sixth street of not less than fifteen feet above the existing grade thereof.

(b) A two-track elevated viaduct, which is a continuance of the viaduct aforesaid, from a point at or near said lines of Fourth street produced to Duquesne way.

(c) A one-track elevated viaduct along Short street between Liberty street and Water street, with a clearance over First and Second avenues of at least thirteen feet above the existing grade of said avenues.

(d) A two-track elevated viaduct extending from and connecting with the tracks of the Pittsburgh, Fort Wayne and Chicago Railway at a point about four hundred and sixty (460) feet south of Duquesne way; thence to a point of connection with the above recited main line, as shown on attached blue print.

3. That in the construction of any and all of the viaducts provided for in this agreement, the abutments or supporting columns shall give a clear horizontal opening of not less than thirty (30) feet.

4. Construct, maintain and use two tracks on the said wharves or public landings south of water street, from a point about fifty (50) feet eastwardly of the Point Bridge to a point on the southern line of Water street, between Penn avenue and Liberty street.

5. Construct, maintain and use two tracks on Water street, crossing said Water street at grade between Liberty street and Penn avenue.

Second, Said Railroad Company shall and will do the following things:

1. Within two years after the signing of this contract, the said Railroad Company shall remove its tracks from Liberty street, from Twelfth street to Water street, and the branches thereof on Short street and Third street; also on Liberty street at or near Eleventh street, crossing Liberty street, running to the south side of Penn avenue, now used by the Adams Express Company, and repave said streets from curb to curb at the expense of the said Railroad Company. Upon the failure of the Railroad Company to comply with the pro-

visions of this section, the City, upon thirty days' notice, may remove the tracks, repave the streets and charge the expense of the same to the Railroad Company.

2. Submit plans in detail of the several changes herein enumerated, in so far as they affect wharves, streets or highways, to the Director of the Department of Public Works and the City Councils of the said City for their approval before any work on said streets or highways is commenced.

3. Construct and maintain a suitable retaining wall along the southwestwardly line of Water street northwardly from Penn avenue, so far as necessary to support Water street at its present grade.

4. The said Railroad Company shall indemnify and save harmless the said City from all damages which may be recovered against it arising out of the construction of the improvement herein provided for, or any damage or injury to property resulting therefrom by reason of any improvement, action or thing hereunder.

5. That any other railroad shall have the right, with the consent of Councils, to cross said viaduct, either above or below, and where said railroad crosses over said viaduct the clearance shall not be less than seventeen (17) feet six (6) inches.

6. Said Railroad Company shall not use bituminous coal for fuel for locomotives used and operated on and over said elevated railroad, but coke or other non-smoke producing fuel shall be used for motor power. Provided, that for any violation of this section said Railroad Company or any of its employees, upon conviction, shall forfeit and pay the sum of not more than one hundred dollars or not less than twenty-five dollars per day for each locomotive so in use.

7. In consideration of the rights, privileges and franchises granted to said Railroad Company by, this ordinance the said Railroad Company shall pay to the City of Pittsburgh such reasonable compensation or tax therefor, or for the exercise thereof, as shall or may be duly fixed by a general ordinance applying to all railroad companies.

8. Provided, also, that the said company shall at all times hereafter be subject to such rules and regulations as may be found necessary for the further protection and security of the persons and property of the citizens of said city.

In testimony whereof said City of Pittsburgh has hereunto caused its corporate seal to be affixed, attested by the signatures of the proper officers of said city, and the said, The Pennsylvania Railroad Company has caused its corporate seal to be hereunto affixed, attested by the signatures of its proper officers, the day and year first above written.

This contract being executed for and on behalf of said city under and pursuant to an ordinance of said city, entitled (here to be inserted the title, dates of enactment and approval and place of record of the ordinance); and being executed for and on behalf of the said The Pennsylvania Railroad Company under and pursuant to a resolution duly adopted by its board of directors.

Section 2. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed, so far as the same affects this ordinance.

No 448

AN ORDINANCE—Authorizing the Pittsburgh and Connellsville Railroad Company to occupy a portion of the Monongahela wharf for the erection of certain improvements.

Whereas, The business of the Pittsburgh and Connellsville Railroad Company, now operated by the Baltimore and Ohio Railroad Company, has so increased as to require additional facilities for the accommodation of passengers and freight, and for such purpose the said company proposes to erect a new passenger station house and additional tracks and a large freight house, occupying all that portion of the public landing known as the Monongahela wharf lying between the east side of Grant street and Smithfield street, and between the southerly line of Water street, or the wharf line, and the lower harbor line as established by the United States;

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same, That the Pittsburgh and Connellsville Railroad Company be and is hereby authorized to remove its present passenger station house, erected under the provisions of an ordinance passed the 20th day of June, A. D. 1870, entitled "An ordinance authorizing the Pittsburgh and Connellsville Railroad Company to erect a passenger house or depot upon a certain portion of the Monongahela wharf," so that the same shall abut upon the southerly line of the roadway of Water street, at a distance of 100 feet east of the easterly line of Smithfield street; to construct a new freight house abutting upon the southerly line of the roadway of Water street, between the present passenger station house, when removed as aforesaid, and the present freight house of the said company on the easterly side of Grant street; said freight house to be supported by iron*

pillars and so constructed as to permit of a driveway from Water street underneath the same to the river.

To construct a new passenger station house with offices abutting upon Smithfield street or the Smithfield street bridge, said new passenger station house to be supported on stone arches, permitting the free and uninterrupted flow of water of the Monongahela river through and underneath the same; and

To construct a trainshed with the necessary tracks to be used in connection with the said new passenger station house, supported upon iron pillars, between the said new passenger station house and the east line of Grant street, each of said improvements to be erected and maintained as shown in detail upon plans presented with this ordinance and made part hereof.

Section 2. That in consideration of the authority herein given, the said Pittsburgh and Connellsville Railroad Company shall pay to the City Treasurer the sum of ten thousand dollars (\$10,000) per annum so long as it shall possess and enjoy the privileges hereby given, said payments to begin upon the completion of said improvements and to be inclusive of the payment of rental at present paid by the said company under the ordinance passed on the 20th day of June, A. D. 1870, entitled "An ordinance authorizing the Pittsburgh and Connellsville Railroad Company to erect a passenger house or depot upon a certain portion of the Monongahela wharf," recorded in the office of the City Clerk in Ordinance Book, Vol. 2, page 558, and the supplements thereto.

Section 3. That this ordinance shall be held to grant such rights only as the City of Pittsburgh may, under any authority legally confer, and no more.

Section 4. That within thirty days after the approval of this ordinance the said railroad company shall file with the City Controller a written acceptance, under its corporate seal, of all the terms and provisions hereof.

Section 5. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

No. 449

AN ORDINANCE—Granting the Pittsburgh, Carnegie and Western Railroad Company, its lessees, successors and assigns, the right to construct a branch along Duquesne way from a point at or near Fourth street to a point of

connection with the Pittsburgh Junction Railroad Company at or near the bridge of the Pittsburgh, Fort Wayne and Chicago Railway Company.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh, in Select and Common Councils assembled and it is hereby ordained and enacted by the authority of the same.* That the Pittsburgh, Carnegie and Western Railroad Company is hereby authorized and empowered and granted the right and privilege to construct a single or double track branch line to its railroad along Duquesne way from a point at or near Fourth street to a point of connection with the Pittsburgh Junction Railroad Company at or near Eleventh street substantially on the line and in the general direction shown in plan and profile exhibited on blue print attached hereto and made a part of this ordinance, said branch line being more particularly described as follows, to-wit:

Beginning at a point on the Allegheny branch of said railroad at station ten (10), which point is about two hundred (200) feet south of the south line of Duquesne way; thence by a curve to the right crossing the proposed Duquesne Elevated Railroad of the Pennsylvania Railroad Company, with a clearance heretofore fixed by ordinance, to a point on the Duquesne wharf; thence easterly along said wharf, parallel with the said Duquesne branch of the Pennsylvania Railroad crossing over Sixth street, Seventh street and Ninth street (so as to give a clearance at each of said streets of not less than fifteen feet above the existing grade) to east line of Ninth street; thence curving to the left to a point of connection with the Pittsburgh Junction Railroad at or near Eleventh street, as shown on blue print attached hereto. Said branch shall be constructed as an elevated structure of iron or steel, with suitable masonry supports as per plan attached.

Section 2. The above grant is made subject to all the terms, conditions and stipulations contained in an ordinance of the City of Pittsburgh entitled "An ordinance granting certain rights, privileges and franchises to the Pittsburgh, Carnegie and Western Railroad Company, its lessees, successors and assigns," approved February 4th, 1903, and recorded in Ordinance Book 15, page 105, and the further conditions with reference to use by other railroad corporations of the branch hereby authorized herein contained.

Section 3. That any railroad company now or hereafter authorized to operate a railroad within the City of Pittsburgh shall have the right to connect with the branch hereby authorized for the interchange of traffic on the payment of a reasonable and equitable compensation for the transportation of freight and cars thereon, to be calculated and based on the cost of construction, maintenance and operation of said branch, and the volume of traffic to be carried thereon by such connecting companies; such compensation to be fixed by mutual agreement, and in case of

failure to agree upon terms thereof, then such compensation shall be fixed by referees, to be chosen, one by each company and the third by the two thus chosen, whose finding shall be final and conclusive; or such companies desiring such connection may apply to the Court of Common Pleas of Allegheny county in accordance with the Act of Assembly in such case made and provided, who, upon application being made, shall appoint three disinterested persons, who shall fix such rates of compensation, the regulation of motive power, and such other matters as shall be involved in the joint use of said branch, and their finding shall be final and conclusive when approved by said Court, provided that the moving of all motive power used on said branch shall be subject to the management of the Pittsburgh, Carnegie & Western Railroad Company, its lessees, successors or assigns, but said company shall not discriminate in favor of or against any railroad company, associates or individuals in the movement of cars or freight, in the furnishing of motive power or in charges for such service, and shall, from time to time, arrange and establish a fair and reasonable schedule of time for the accommodation of all connecting companies, associations or individuals, using said branch for the transportation of cars or freight; provided, also, that said connections shall be made subject to the constitution and laws of the State of Pennsylvania now in force relative to the use of tracks of one railroad company by another and regulating the exchange of traffic between the same. The said city shall have the right to grant to any railroad or transportation company the right to cross with its tracks and structures the tracks and structures of the railroad company to be erected under this contract, whether such crossing be under, above or at the grade of the said tracks of the said Pittsburgh, Carnegie and Western Railroad Company.

Section 4. That in the event a line of elevated railroad is constructed along Duquesne way between Fourth street and a point of connection with the Pittsburgh Junction Railroad by any other railroad corporation duly authorized thereto by the consent of Councils, and said elevated line of railroad is subject to joint use by the Pittsburgh, Carnegie and Western Railroad Company, its successors and assigns by reason of the provision of the ordinance or ordinances of Councils of the City of Pittsburgh authorizing the construction and operation of said elevated railroad along Duquesne way between Fourth street and a point of connection with the Junction Railroad or any intermediate points, and the Pittsburgh, Carnegie and Western Railroad Company, its successors and assigns, jointly use said elevated railroad with the railroad company constructing the same, and it is necessary for the purpose of making connection with other railroads, particularly the Pittsburgh Junction Railroad, and manufacturing establishments situated

along Duquesne way between Fourth street and a point of connection with said Junction Railroad, to build, construct and operate other tracks or railroads on Duquesne way adjoining and extending the elevated railroad above mentioned and connected therewith, and as switches and extensions thereof from and thereto, then in that event the Pittsburgh, Carnegie and Western Railroad Company, its successors and assigns, are hereby authorized and empowered to construct from a connection with the elevated railroad above mentioned any switch or extension necessary to enable it in connection with its joint use of said elevated railroad along Duquesne way to connect with the railroads of other railroad companies, particularly with that of the Pittsburgh Junction Railroad Company and the manufacturing establishments adjoining the branch hereby authorized, provided, however, before any such extension or switch is constructed the route and plan of the same shall be subject to the approval of the Director of the Department of Public Works and of Councils, as provided for the construction of the branch hereby authorized; and provided further that if the Pittsburgh, Carnegie and Western Railroad Company, its successors and assigns, construct and operate the elevated structure and branch authorized by this ordinance, that such elevated structure and branch shall be constructed and operated by the said Pittsburgh, Carnegie and Western Railroad Company, its successors and assigns, under and subject to the conditions in this section ordained as to connections by way of extensions and switches by any other railroad company hereafter using said elevated structure jointly with said Pittsburgh, Carnegie and Western Railroad Company, its successors and assigns.

Section 5. That subject to all the terms and provisions of section three of this ordinance, any railroad company now or hereafter authorized to operate a railroad within the City of Pittsburgh shall have the right to connect with the main tracks of the Pittsburgh, Carnegie and Western Railroad Company, and to use said tracks in the manner provided by section three hereof for the use of the branch along Duquesne way by any such railroad company. Such railroad companies, however, when authorized by Council, and after compliance with the provisions of section three as to compensation, etc., to have the right to use said main tracks solely and exclusively for the purpose of reaching and connecting with any depots, freight houses, yards, terminals, terminal tracks or other terminal facilities acquired, constructed and owned by said railroad companies in connection with the conducting of the business carried on by them respectively.

Section 6. That any ordinance or part of ordinance, conflicting with the provisions of this ordinance, be and the same is hereby repealed so far as the same affects this ordinance.

No. 474

AN ORDINANCE—To authorize the proper officers, for and on behalf of the City of Pittsburgh, to enter into a contract with the Pittsburgh & Connellsville Railroad Company and the Baltimore & Ohio Railroad Company, lessee of the railroad of the Pittsburgh & Connellsville Railroad Company, and the Pittsburgh Railways Company, operating the street railway along and upon Second avenue of the United Traction Company, relative to the re-location of the tracks of the said companies and the re-location of Second avenue between Allegheny street and the City line in the Twenty-third ward.

SECTION 1. *Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of the same,* That the proper officers of said City be and are hereby authorized and empowered and directed, in the name and on behalf of the said City of Pittsburgh, to make and enter into a contract with the Pittsburgh & Connellsville Railroad Company and the Baltimore & Ohio Railroad Company lessee of the railroad of the Pitts-

burgh & Connellsville Railroad Company and the Pittsburgh Railways Company, operating the street railway of the United Traction Company along and upon Second avenue, in the form following, to wit:

CONTRACT.

This agreement made this—day of—A. D. 190— between the City of Pittsburgh hereinafter called the City, the first party; and the Pittsburgh & Connellsville Railroad Company and the Baltimore & Ohio Railroad Company, lessee of the Pittsburgh & Connellsville Railroad, second parties, hereinafter called the Railroad Company, and the Pittsburgh Railways Company, operating the street railway formerly of the United Traction Company, hereinafter called the Railways Company, third party:

Whereas, the railroad of the Railroad Company, second party, as hertofore constructed and now operated, crosses at grade between Allegheny street and the City line in the Twenty-third ward Second avenue, and since the construction of the street railway now operated by the Railways Company, Second avenue, as now located, lying between the railroad of the Railroad Company and the Monongahela river, has become practically impassible for ordinary vehicles between Allegheny street and the City line; and,

Whereas, said Railroad Company and the Railways Company wish to re-locate and change the tracks of their respective railroads so as to avoid said grade crossing over Second avenue and make the same accessible for travel by ordinary vehicles between Allegheny street and the city line, so as to better accommodate public travel along and upon said Second avenue between the points aforesaid, and to better secure the safety of life and property and to promote the interests of the said city and the public, and the said city is willing that such change be made pursuant to the terms and provisions hereof, respecting the matters to be performed by said Railroad Company and the said Railways Company, and the said city respectively.

Now this agreement witnesseth: That for and in consideration of their respective covenants hereinafter set forth, it is agreed by and between the parties hereto as follows, to wit:

First. The City agrees that the Railroad Company shall and is hereby given the right to take and occupy for the purpose of construction and maintenance of its railroad, Second avenue between Allegheny street and the city line, excepting that portion thereof within the limits of Second avenue as hereby re-located, and hereby re-locates Second avenue between the said points as follows:

Beginning for the northerly line of Second avenue at a point on the northerly line of Second avenue as at present located, distant seventy-four and ninety-five hundredths (74.95) feet in a westerly direction from the first angle point in Second avenue as at present located, east of Allegheny street; thence

running in an Easterly direction and deflecting twenty-four degrees, fifty-three minutes and thirty seconds (24 deg. 53 min. 30 sec.) to the left from the northerly line of Second avenue as at present located, for a distance of five hundred twenty-four and fifty-five hundredths (524.55) feet; thence deflecting twenty-eight degrees, fifty-eight minutes and thirty seconds (28 deg. 58 min. 30 sec.) to the left for a distance of one thousand ninety-two and fifty-two hundredths (1092.52) feet; thence on a curve to the left with a radius of three thousand seven hundred forty-five and sixty-nine hundredths (3745.69) feet and whose tangent at the beginning of said curve bears nine degrees thirty-two minutes (9 deg. 32 min.) to the left from the last preceding course, through an angle of thirty degrees, forty-one minutes and thirty seconds (30 deg. 41 min. 30 sec.) for and arc of two thousand six and forty hundredths (2006.40) feet; thence on a line tangent to said curve for six hundred forty-one and fifty-six hundredths (641.56) feet; thence on a curve to the left with a radius of five thousand six hundred fifty-three and forty-nine hundredths (5653.49) feet and whose tangent at the beginning of said curve coincides with the last preceding course, through an angle of four degrees and thirty-nine minutes (4 deg. 39 min.) for an arc of four hundred fifty-eight and eighty-five hundredths (458.85) feet; thence on a line tangent to the last preceding curve for one thousand five hundred thirty-three and fifty-three hundredths (1533.53) feet; thence on a curve to the right with a radius of two thousand nine hundred thirty-one and sixty-two hundredths (2931.62) feet and whose tangent at the beginning of said curve coincides with the last preceding course, through an angle of fourteen degrees and thirty-five minutes (14 deg. 35 min.) for an arc of seven hundred forty-six and eighteen hundredths (746.18) feet; thence on a line tangent to the last preceding curve for one thousand four hundred eighty-three and four hundredths (1483.04) feet; thence deflecting fifteen degrees and thirty-eight minutes (15 deg. 38 min.) to the right for three hundred sixteen and eighty-seven hundredths (316.87) feet to a point distant one hundred eighty-eight and eighty-six hundredths (188.86) feet from the United States Harbor line; thence deflecting three degrees ten minutes and thirty seconds (3 deg. 10 min. 30 sec.) to the right for four hundred forty and seventy-nine hundredths (440.79) feet to a point on the westerly line of Blackmore street as laid out in E. E. Fulmer's Plan of Lots, and distant one hundred seventy-three and sixty-seven hundredths (173.67) feet from the United States Harbor line; thence deflecting three degrees and fifty-eight minutes (3 deg. 58 min.) to the right for one hundred and seventy and eighty-four hundredths (170.84) feet to a point on the easterly line of a twenty (20) foot alley or street as laid out in E. E. Fulmer's Plan of Lots and distant one hundred sixty-nine and eighty hundredths (169.80) feet from the United States Harbor line; thence on a curve to the right with a radius of three thousand seven hundred

sixty-five and sixty-six hundredths (3765.66) feet, and whose tangent at the beginning of said curve coincides with the last preceding curve, through and angle of thirteen degrees and twenty-six minutes (13 deg. 26 min.) for an arc of eight hundred eighty-two and ninety-seven hundredths (882.97) feet to a point distant one hundred sixty-nine and eighty hundredths (169.80) feet from the United States Harbor line at the point of tangent of said United States Harbor line, thence on a line tangent to the last preceding curve for one thousand one hundred sixteen and eighty-one hundredths (1116.81) feet to a point distant one hundred sixty-nine and eighty hundredths (169.80) feet from the United States Harbor line; thence on a curve to the right with a radius of six thousand nine hundred thirty-eight and one-hundredths (6938.01) feet and whose tangent at the beginning of said curve coincides with the last preceding curve, through an angle of seventeen degrees and thirty-two minutes (17 deg. 32 min.) for an arc of two thousand one hundred twenty-two and ninety-three hundredths (2122.93) feet to a point on the easterly boundary of the City of Pittsburgh, distant one hundred eighty-seven and thirteen hundredths (187.13) feet from the intersection of the easterly boundary of the City of Pittsburgh, with the United States Harbor line.

Second avenue as hereby located being sixty (60) feet in width from the place of beginning near Allegheny street to the first angle point east of the place of beginning; and being of an uneven width and exceeding sixty (60) feet in width and being bounded on the south by the southerly edge of the abutment of the bridge known as the Glenwood Highway Bridge, from the last mentioned angle point to a line parallel with and twenty-five (25) feet east of the center line of that portion of the Glenwood Highway Bridge which spans the Baltimore and Ohio Railroad Company's tracks, and being bounded on the south-east by a line parallel with and twenty-five (25) feet east of the center line of the Glenwood Highway Bridge, and by a curve with a radius of twenty-two and five-tenths (22.5) feet connecting the last preceding line with a line parallel with and distant forty (40) feet southerly from the second course of the northerly side of Second avenue as herein described; and being forty (40) feet in width from said curve of twenty-two and five-tenths (22.5) feet radius to the easterly boundary of the City of Pittsburgh, as marked and shown upon the plan thereof hereunto attached as part of this Ordinance.

Second. The Railroad Company agrees to remove their tracks from the present location and re-construct the same at their own expense between Second avenue as re-located and above described from Allegheny street to the city line, and the Monongahela river as shown upon the said plan herunto attached, and to pay the costs of all rights of way therefor.

Third. The city shall and does hereby undertake to pay the expense of the re-

location, grading, paving and curbing of Second avenue upon the new location above described from Allegheny street to the city line, including retaining walls sustaining the street at its established grade and the procuring of such additional rights of way as may be necessary; the Railroad Company releasing unto it any and all rights it may have in and upon any of the lands to be occupied by the re-located street.

Fourth. The Railways Company agrees that, upon the re-construction of Second avenue upon the re-location above described between Allegheny street and the city line, it will remove its tracks and re-construct the same at its own expense upon Second avenue as thus re-located, and will pave the said street between its tracks and one foot upon either side thereof.

Fifth. Each of the parties hereto agrees to begin the work contemplated by this contract as soon as possible after the execution hereof, and complete the same within two years after the date of these presents.

Sixth. The Railroad Company and the Railways Company each agree to make from time to time during the progress of the work, such temporary changes in their present tracks, each at its own expense, as may be necessary or convenient to facilitate the prosecution of the work thereby intended.

Six and One-half. The said Railroad Company shall indemnify and save harmless the City of Pittsburgh from all damages which may be recovered against it arising out of the construction of the improvement herein provided for, or any damage or injury to property resulting therefrom by reason of any improvement, action or thing hereunder.

Seventh. The said parties respectively shall and will, at any time and from time to time, hereafter enact and carry out such ordinances, if any, execute and deliver all such further instruments and assurances, if any, and do and perform all such matters and things if any, as shall be requisite and necessary to carry out this agreement according to its true intent and meaning.

Eighth. This agreement shall extend to and bind the parties hereto, their successors and assigns respectively.

Witness the corporate seal of the said City of Pittsburgh and the signatures of the (Mayor), Director of the Department of Public Works and the City Controller, and the corporate seal of the said Pittsburgh & Connellsville Railroad Company, and the signatures of its president and secretary, and the corporate seal of the Pittsburgh Railways Company and the signatures of its president and secretary, the day and year first above written.

This agreement being executed and delivered by and on behalf of the said city pursuant to an Ordinance of the said city entitled, "An Ordinance to authorize the proper officers, for and on behalf of the City of Pittsburgh, to enter into a contract with the Pittsburgh & Connellsville Railroad Company and the Balti-

No. 523

AN ORDINANCE—Authorizing the issue of bonds to the amount of (\$1,122,278.10) for the payment of certain judgments and claims against the City, to be known as Funded Debt, 1904, Bonds.

Whereas, certain floating indebtedness of the City of Pittsburgh, as set forth in the body of this Ordinance, was not provided for in the ordinances making appropriations and levying taxes for the fiscal year beginning February 1, 1904; and

Whereas, the Committee on Finance, in reporting the ordinances, recommended that the payment of said indebtedness be provided for by the issuing of bonds; and

Whereas, by an Act of Assembly entitled, "An Act for the government of cities of the second class," approved March 7, 1901; and an Act of Assembly entitled "An Act amending and supplementing an Act entitled, 'An Act for the government of cities of the second class,' approved the 7th day of March, A. D. 1901, in the following particulars, to wit:," etc., is provided, among other things, in Article 19, Section 2: "Every city of

the second class within this Commonwealth is hereby declared to be a body corporate and politic, and shall have perpetual succession, and shall have power:

"V. To borrow money on the credit of the City, and to pledge the credit and revenue thereof for the payment of the same, to an amount not exceeding two per centum upon the assessed value of the taxable property in said City, and with the consent of the people of said city, obtained at an election held under the provisions of the Constitution and the general laws of this Commonwealth, to increase the indebtedness of such city to an amount exceeding in the aggregate, seven per centum upon the assessed valuation of the taxable property therein."

"VI. To provide for the issuing of bonds, and for the application of bonds already issued for the purpose of funding any and all indebtedness now existing or hereafter created, of the city, now due or to become due: Provided, that said bonds shall be payable in not less than five years and not more than thirty years from the date of their issue, and that the same shall bear interest at a rate not exceeding six per centum per annum, with interest coupons attached, payable annually, or semi-annually, and the said bonds shall not be sold or exchanged for less than their par value and accrued interest;" And

Whereas, the gross debt of the city is \$20,881,201.87, from which is to be deducted the bonds held in the several Sinking Funds of the city, \$6,403,338.14, making the net debt \$14,477,863.73; and

Whereas, the last taxable valuation of the city, according to the report of the Department of Assessors, filed February 6th, 1904, was \$393,459,000; and

Whereas, seven per centum of said valuation would be \$27,542.130, which is an excess over the present net debt of \$13,064,266.27; and

Whereas, two per centum of said valuation is \$7,869.180; and

Whereas, the city has incurred no new indebtedness without the assent of the electors thereof, except to the extent of \$600,000 since January 1st, 1874, and has not therefore exhausted the powers conferred by the several Acts of Assembly.

Now, therefore, pursuant to the authority vested by law in Councils:

Section 1. Be it ordained and enacted by the City of Pittsburgh in Select and Common Councils assembled, and it is hereby ordained and enacted by the authority of same, that the City Solicitor shall prepare a suitable form or forms for the bonds hereby, and in accordance with the Acts of Assembly relating thereto, authorized to be issued, and submit the same to the Committee on Finance, and, when the same shall be approved, the said Committee and City Controller shall have the same engraved and charged the expense thereof to Appropriation No. 42, Contingent Fund.

Section 2. The said Committee on Finance in conjunction with the City Controller, is hereby authorized to issue reg-

istered or coupon bonds, in the name of the City of Pittsburgh, to the amount of:

For the balance due on judgment obtained for grading, macadamizing, and curbing of Grant Boulevard, \$514,260.82.

For judgment obtained by reason of damages caused by the opening and grading of Grant Boulevard, \$25,830.14.

For judgment obtained for cost of construction of main sewer in Euclid avenue, \$87,895.19.

For judgment obtained in condemnation proceedings for additional land for Schenley Park, \$115,542.63.

For assessment against the city for widening of Virgin alley, \$106,319.22.

For assessment against the city for the widening of Diamond street, \$13,236.13.

For assessment against the city for construction of sewer in unnamed alley, Wheeler street, etc., \$47,456.86.

For payment of claim of Pennsylvania Railroad Company, against the city, in connection with change of track on Liberty street, etc., \$211,737.11, in accordance with the Act of Assembly entitled "An Act for the government of cities of the second class," approved the 7th day of March, 1901, and the supplement thereto.

Section 3. Said bonds shall be in sums of One Hundred Dollars (\$100) or multiples thereof, to suit purchasers, payable in thirty (30) years from the first day of June, 1904, with interest thereon at a rate not exceeding four (4) per centum per annum, payable semi-annually at the office of the City Treasury, on the first days of December and June of each year, and the principle thereof payable at their maturity at the same place, which bonds shall be signed by the Mayor, countersigned by the City Controller, and sealed with the corporate seal of said city, and registered with the City Treasurer of said city, and to be transferred by said City Treasurer, and when so executed, said bonds shall be sold at not less than par, by the City Controller, under the direction of said Committee on Finance, to the highest and best bidder, after ten (10) days public notice in the official newspapers of the City of Pittsburgh, and one daily newspaper in each of the cities of Boston, New York, Philadelphia and Chicago; and the proceeds thereof, or so much as shall be necessary, shall be applied respectively, as follows:

For the balance due on judgment obtained for the grading, macadamizing and curbing of Grant Boulevard, \$514,260.82.

For judgment obtained by reason of damage caused by the opening and grading of Grant Boulevard, \$25,830.14.

For judgment obtained in condemnation proceedings for additional land for Schenley Park, \$115,542.63.

For assessment against the city for the widening of Virgin alley, \$106,319.22.

For assessment against the city for widening Diamond street, \$13,236.13.

For assessment against the city for construction of sewer in unnamed alley, Wheeler street, etc., \$47,456.86.

For payment of claim of Pennsylvania Railroad Company against the city, in connection with change of track on Liberty street, etc., \$211,737.11, as hereinbefore specified, mentioned, described, and set forth, and for no other purpose or purposes whatever.

Section 4. The said bonds, when issued, shall be subject to the right of said city to redeem one-thirtieth (1-30) of the entire issue thereof each year from the first day of June, 1904, and each bond so issued shall have specified therein the date at and after which the said city may redeem it by the payment of the principle and accrued interest due at the time of such redemption.

Section 5. Until said bonds, issued as herein provided, shall be fully paid, there is hereby levied and assessed annually upon all subjects now by law liable, or hereafter made liable to assessment for taxation for city purposes, a tax to pay the interest on said bonds as the same shall accrue, and also four (4) per centum of the total amount of the bonds hereby authorized, for the payment of the principal and the redemption of said bonds when and as they may become due and payable according to their terms, and the same is hereby appropriated out of the revenues of said city for the payment and redemption aforesaid.

Section 6. All bonds issued by virtue of this Ordinance and the Acts of Assembly authorizing the same, shall be and become a part of the funded debt of the City of Pittsburgh, and shall be entitled to all the rights, privileges and immunities thereof, and for the payment of the principal of said bonds and the said bonds and the semi-annual interest thereon, as the same shall mature or become payable, the faith, honor, credit and property of said city are hereby pledged.

Section 7. These bonds shall be known as Funded Debt, 1904.

Passed March 28, 1901.

Approved March 31, 1901.

RESOLUTIONS.

No. 1

Whereas In proceedings in the Court of Common Pleas No. 3 of Allegheny County, at No. 344 May Term, 1902, upon the petition of the City of Pittsburgh in the matter of the grading, paving and curbing of Shakespeare street there was assessed against Henry J. Thoma the sum of \$71.80 for alleged benefits to his property situate on the southerly side of Centre avenue, and erroneously supposed to abut upon said improvement;

And whereas, no portion of the property of said Henry J. Thoma against which said assessment was so undertaken to be made does in fact touch, front or abut upon said Shakespeare street or any part of said improvement.

And whereas the assessment so made against Henry J. Thoma is accordingly erroneous, unjust and illegal and tends or may tend to cloud or prejudice his title to said property, therefore be it

Resolved, That the City Solicitor shall and he is hereby authorized and directed to strike off said assessment and satisfy any liens filed therefor and charge the same and the costs to City of Pittsburgh, and this shall be his sufficient warrant therefor.

Passed November 30, 1903.

Approved December 8, 1903.

Resolution authorizing and empowering William H. Brown to lay water pipe on Marlborough avenue, between Shady avenue and Murray avenue, Twenty-second ward, Pittsburgh.

Whereas, It is absolutely necessary to lay water pipe on property on Marlborough avenue, between Shady avenue and Murray avenue, Twenty-second ward, Pittsburgh, because of the number of houses erected and being erected thereon; and

Whereas, It appears that no appropriation has been made for the fiscal year 1903, to enable the City of Pittsburgh to itself lay the necessary water pipe for the required water supply; now, therefore, be it

Resolved, That the City of Pittsburgh hereby gives its consent to William H. Brown, and he is hereby authorized and empowered to lay the said water pipe on the said Marlborough avenue, between Shady avenue and Murray avenue, under the form of contracts and specifications approved by the City of Pittsburgh, and under the direction and supervision of the Director of the Department of Public Works of the said city, and at a cost to be approved by said Director,

Provided, That the said City of Pittsburgh shall have the right and option, at its election, to purchase from the said W. H. Brown all of said pipes, plugs and appurtenances laid or established under this agreement, at any time in the future it sees fit so to do, for a price not exceeding the actual cost of the laying and establishing of said pipes, plugs and appurtenances, as ascertained by said Director at the time that the work is done.

And provided further, That the cost of laying and establishing said pipes, plugs and appurtenances shall not, in any event, exceed the sum of twenty-five hundred dollars (\$2,500.00).
